8th Grade Parents!

January 25, 2018 at 6:00pm AAJHS Auditorium

Parents and Students are invited to our annual scheduling meeting. We will soon begin course scheduling for next year. As credits start to be counted toward a high school diploma in 9th grade, we feel it is extremely important to meet with you to discuss the scheduling process, and to answer your questions.

- What core subjects will be in my child's schedule?
- How many electives will be in my child's schedule?
- How are students placed into classes?
- When will I know about the level of courses recommended for my child for next year?
- How many students are chosen for the GACTC program?

Scheduling Meeting

Please enter AAJHS through the doors closest to the auditorium on either side of the building (7th or 8th Avenue, closest to 13th street).
