

2012 - 2013 District Goals

- Pursue a criteria format for determining student participation in BOCES programs.
- The composite scores of students in Grades 3-8 will result in a building rating of effective or highly effective.
- Research the administrators/supervisors/staff staffing supports.
- The composite scores of students in Grades K-2, based on AimsWeb measures, will result in a K-2 building score of effective or highly effective.
- Develop and implement targeted programs and services for students in Grades 9-12 with IEPs that will result in a decrease of 5% in the drop-out rates for each year beginning in 2012-2013.
