

Highly Qualified Teachers

As required by No Child Left Behind, all West Valley certificated teachers must meet federal rules related to highly qualified requirements in their current teaching assignment. Parents/guardians can ask whether a teacher met state qualifications and certification requirements for the grade level subject he/she teaches, whether the teacher received an emergency or conditional certificate through which state qualifications were waived, what undergraduate or graduate degrees the teacher holds, as well as the qualifications of paraprofessionals. Questions about highly qualified teachers should be directed to Paula Jeffries, Personnel Director at (509) 924-2150, or paula.jeffries@wvwsd.org.
