

SCHOOL LAND TRUST – FINAL REPORT SUMMARY 2016-17

Summit Academy High School

Action Plan Steps

These were the action plan steps identified in the plan to reach the goal.

1. We will spend approximately \$8,500 for technology installation and to procure professional development for our teachers and staff: AP training, content-specific training, and other training applicable to 2016-17 school goals.
2. In order to provide the necessary technology access and other technological capabilities in our classrooms, we will spend approximately \$13,177.
3. For the purpose of developing and improving assessment-driven instruction of all students, we will spend approximately \$16,000. We estimate spending \$10,000 for math textbooks and \$6,000 for other curriculum needs.
4. We will spend approximately \$700 for other supplies and miscellaneous materials to support instructional needs.

This is how the action plan was implemented to reach this goal.

1. We spent \$7,840 on IT installation, AP Capstone Training, AP Institute, and ACT conference including travel expenses.
2. We added to our classrooms thirty chrome books, 1 cart, and 16 ipads.
3. We spent \$17,511 on textbooks for secondary math 1, 2 and 3, Math Excel, AP math workbooks, CTE curriculum.
4. We spent \$731 for professional development books and projector lamps.
