

Endeavour Vision

As a school community, we dedicate ourselves to fostering a love of learning, educating the whole child, and encouraging a growth mindset, so that each child will become a productive citizen of the world.

Content:

- Standards driven instruction
- Authentic learning tasks
- Integrated units that include literacy, technology, math, science, and social studies
- Equal use of fiction/non-fiction texts
- Daily read alouds
- Teaching academic and content vocabulary; exposure to rich vocabulary
- Rigor at every grade level/content area

Students:

- Cite and synthesize evidence both orally and in writing
- Master content by teaching others what they have learned
- Engage daily in group discussions
- Apply mathematical concepts and procedures
- Use academic and content vocabulary, both orally and in writing
- Persevere through challenging or complex tasks

Teachers:

- Maintain a working understanding of standards
- Maintain high expectations
- Emphasize critical thinking, communication, collaboration, and creativity
- Model metacognition and problem solving
- Engage students in writing across the curriculum daily
- Implement effective questioning strategies using Bloom's Taxonomy and Webb's DOK

Citizenship:

- Character building
- Ethics instruction
- Digital citizenship
- Compassion for others
- Global responsibility
