

**Health Information:** The school nurse may share educationally relevant health and emergency information (to include medical diagnosis) with school staff on a need to know basis.

**Health Screening:**

During the course of the school year we will do screenings for vision for grades Preschool through eighth grade. Grade levels included in the screening are determined annually. Hearing screening is annual for grades Preschool through fifth grade. The vision screening is conducted by the school nurse and the hearing screening is conducted by AEA.
