## School Accountability Report Card

### Reported Using Data from the 2014-15 School Year

#### Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (Most Recent Year)

#### Principal's Message

In accordance with Proposition 98, every school in California is required to issue an annual "Accountability Report Card." We are proud of Mammoth Elementary School and welcome this opportunity to tell you more about us.

At Mammoth Elementary School, we believe each child is unique and deserving of a rich education in all subjects. The hard-working staff is both skilled and dedicated to the success of our students, and we are fortunate to have a staff of experienced and knowledgeable teachers eager to make a difference for our students. Every one of our staff members shows genuine concern about every student, and strives to provide the best possible educational experience for all. Our children receive rigorous, standards-based instruction, and teachers meet frequently to analyze student assessment data and to discuss student achievement and the instructional program.

Mammoth Elementary School prides itself on involving our parents and community members in every aspect of our school. We welcome parents and community members on our campus for many different reasons, including educational assemblies, student musical performances, classroom and grade-level activities, monthly PTO Meetings, and other special events. We believe that parents, community members, and staff must work together for the education of all students. We are very proud of our fine tradition at Mammoth Elementary School.

#### Mission Statement

It is the mission of Mammoth Elementary School to work together with parents and community to educate and motivate all students to achieve their individual academic, physical, emotional, and social potential in a caring, safe environment.

#### School Profile

Mammoth Elementary School, located in Mono County, educates approximately 600 students in Transitional Kindergarten through grade five on a traditional calendar system. The school opened its doors in 1986. Teachers, staff, and administrators continue to act on the principle that students come first. The educational programs at the school are tailored to meet the needs of a changing school population.

Mammoth Elementary School is committed to providing a strong instructional program for all students to ensure that every child receives a rigorous foundation of college and career preparation.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Teacher Credentials

Teachers	School			District
	2013-14	2014-15	2015-16	2015-16

All Schools in District	100.0	0.0
High-Poverty Schools in District	100.0	0.0
Low-Poverty Schools in District	0.0	0.0

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

**Year and month in which data were collected:** September 25, 2015

Mammoth Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school's instructional program. Mammoth Unified School District held a public hearing on September 27, 2012, and determined that each school within the district has sufficient and good quality textbooks, instructional materials, or science lab equipment, pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects, Visual and Performing Arts, Health, and Foreign Language for use in the classroom and to take home. All textbooks and instructional materials used within the district are aligned with the California State Content Standards and Frameworks. Mammoth Unified School District follows the state board of education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health. District textbook review and adoption activities occur the year following the state's adoption.

The textbook adoption process begins with the district Curriculum Committee consisting of administrators and teachers. The Committee identifies key elements to consider in the adoption decision-making process, establishes selection criteria based on state standards, reviews instructional materials on the state list, and makes recommendations to the governing board for final adoption. The committee examines each program and selects programs to be piloted. Recommended programs are available at the school sites for teacher and parent preview. The feedback provided by teachers and parents becomes the basis for the recommendations to the board for final adoption. The table displays information collected in December 2012 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	Percent of Students Lacking Own Assigned Copy
Reading/Language Arts	Treasures Adopted 2012	Yes	0.0%
Mathematics	Go Math Adopted 2014	Yes	0.0%
Science	Scott Foresman California Science Adopted 2009	Yes	0.0%

## School Facility Conditions and Planned Improvements (Most Recent Year)

Built in 1985, Mammoth Elementary School is situated on 18 acres. The school buildings span 54,600 square feet, consisting of classrooms, a multipurpose room, a library, restrooms, administrative offices, and storage rooms. The facility strongly supports teaching and learning through its ample classroom and playground space. The chart displays the results of the most recent facilities inspection.

### Maintenance and Repair

Safety concerns are the number one priority of Maintenance and Operations. District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. Repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

### Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. All schools are cleaned daily. A summary of these standards is available at the school office or at the district office. The site administration team works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

**B. Pupil Outcomes**

**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (Most Recent Year)

Parents and the community are very supportive of the educational program at Mammoth Elementary School. Numerous programs and activities are enriched by the generous contributions made by: the Parent Teacher Organization (PTO), Mono Council for the Arts, Mono County Office of Education, our local Rotary Clubs, and private donations from local residents and businesses.

The school's PTO meets once per month, and is responsible for the following:

- Recruitment of room parents
- After-School Enrichment Programs
- Family Activity Nights
- The annual Husky Pup Fun Run fundraiser

- Instructional materials for teachers
- Library materials
- Scholarships for Mammoth Elementary School students graduating from Mammoth High School
- School assemblies
- Staff appreciation activities
- Special student activities
- Student awards
- Technology for use by students: iPads, computers, and apps
- A variety of fundraisers throughout the school year

Parents are encouraged to become classroom volunteers, which are needed for a number of different clerical and instructional support functions for grades TK-5, and can also volunteer for the Meet the Masters classroom art program, which is run through the Mono Council for the Arts.

**State Priority: School Climate**

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

**Suspensions and Expulsions**

Rate	School			District			State

**School Safety Plan (Most Recent Year)**

Safety of students and staff is a primary concern of Mammoth Elementary School. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school’s disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Emergency drills are conducted on a regular basis. All visitors must sign in at the front office, wear a visitor’s badge while on campus, and sign out upon leaving. During lunch, recesses, and before and after school, assigned staff members and paraprofessionals supervise students and school grounds, including the cafeteria and playgrounds, to ensure a safe and orderly environment.

In 1998, the Comprehensive Safety Plan was developed by the district in consultation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive Safety Plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe ingress and egress from school, sexual harassment policies, and dress code guidelines.

Mammoth Elementary School reviews the plan each year and updates it as needed. The plan had its last comprehensive update and was reviewed with school staff in May, 2014. Another comprehensive update of the plan will occur in early 2016. A copy of the plan is available to the public at the school and district offices, as well on the MUSD website.

For detailed information on salaries, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

**Professional Development (Most Recent Three Years)**

All training and curriculum development at Mammoth Elementary School revolves around the California State Content Standards and Frameworks. Teachers align classroom curriculum to ensure that all students either meet or exceed state proficiency levels, and are using state-adopted textbooks to deliver instruction. The shift to instruction based on the Common Core State Standards (CCSS) occurred in the 2014-15 school year.

Staff members build teaching skills and concepts through participation in professional development activities at the school site, district sponsored in-services, and training relevant to the instructional materials being used. The district provides one buy-back professional development day annually where teachers have the opportunity for professional articulation with other teachers at the district level, as well as the school level. Mammoth Unified School District has contracted with WestEd for professional development on instructional strategies aligned with the CCSS and designed to promote the academic success of all students, which were provided to teachers during the 2013-14 and 2014-15 school years. Training in the Daily 5, Daily 3, and CAFE programs from the Two Sisters was provided to all teachers in 2015, to facilitate individualized learning in English Language Arts and Math. Fourteen Minimum Day Fridays offer teachers 75-minute professional development sessions, which are planned by the Leadership Team. The school is currently working with the other district schools in the Focused Schools process to develop a schoolwide instructional focus to improve teaching and learning.

Student assessment data from a variety of sources- benchmark assessments, publisher tests, as well as ongoing reading assessments- is stored online on the EADMS system to enable teachers to access this data and make instructional decisions based on the information.
