

Provider Search Criteria:

Role/Specialty: Lab/Pathology/Radiology
Location: 93722, 30 miles

Plan Type: PPOGRP
Plan Name: Blue Cross PPO (Prudent Buyer) - Large Group

If you belong to a self-funded, employer-sponsored plan and are considering services from a provider affiliated with Sutter Health, a health system based primarily in Northern California, please contact your employer to confirm whether they have agreed to accept Sutter providers as a part of their network prior to receiving services. Sutter providers may or may not have "Sutter" in their name, so you should ask your provider if they are affiliated with Sutter.

While we make efforts to ensure that our lists of doctors are up to date and accurate, doctors do leave our networks from time to time, and these listings do change. There may be higher fees associated with visiting a doctor who is not in our network or for obtaining a service that is not covered by your plan. You may be responsible for those costs. To avoid higher fees we recommend that you confirm your doctor is in network and that the desired service is covered when scheduling your appointment.

While we make efforts to ensure that our lists of doctors are up to date and accurate, doctors do leave our networks from time to time, and these listings do change. There may be higher fees associated with visiting a doctor who is not in our network or for obtaining a service that is not covered by your plan. You may be responsible for those costs. To avoid higher fees we recommend that you confirm your doctor is in network and that the desired service is covered when scheduling your appointment.

While we make efforts to ensure that our lists of doctors are up to date and accurate, doctors do leave our networks from time to time, and these listings do change. There may be higher fees associated with visiting a doctor who is not in our network or for obtaining a service that is not covered by your plan. You may be responsible for those costs. To avoid higher fees we recommend that you confirm your doctor is in network and that the desired service is covered when scheduling your appointment.
