4. Reports and Concerns:

a. Admin:

i. 1819 projection is 1,721 including 272 special education (15.8%); current is 1,734

ii. WASC handout: The purpose of WASC accreditation was reviewed and people signed up to participate or receive information.

iii. Clarification: As an open campus, we cannot easily monitor who walks on outside of school hours. Security is on duty from 7-3:30 and often there is someone here until 5:30 at C-building due to Twilight classes. Students are to go home after school unless they are here for an authorized activity (OIA, clubs,etc). The best places to wait to be picked up are by the gym or front office.

iv. There was a concern raised at the last meeting about underfunding of the trainers. It was clarified that they are able to order all of the supplies they need (admin will ask.)

v. Students are not paid to clean classrooms. They are cleaned by a contracted company which is responsible for the security of the rooms while they are being cleaned. There are some students who get a stipend from DVR to do jobs at school but they don't get paid more than \$3/hour. Normally, students are not paid for work unless it is a break.

vi. There is no update on reconditioning the field. Coach Koa will be asked to report on it.

vii. Being able to see students' grades online was raised. A discussion was held around how Standards-based Grading works (students get multiple attempts to demonstrate their mastery before a grade is given) and the school will look into how we can help parents stay on top of their student's progress.

b. Parents:

- i. A bldg restroom has exposed wire in a pipe with no connections and the sinks don't work well. The custodial dept will look into it. Please feel free to call the office, also.
- ii. There was a PTSA meeting last night and on 11/3 there will be a parent event on 'From Good to Great' designed to help parents understand SBG and how to help their student. In the future there will be trainings on 'Trauma-informed Schools' and other topics.

c. Teachers:

- i. There is a new phone system with new internal numbers in the school and no voice mail system which was unexpected. There are glitches that need to be addressed.
- ii. The WHS internship at Tripler is going well and a partnership is being developed with WCCHC so that we can grow our own community-based health professionals. The blood drive is next week and we need to know where to park the van.
- iii. Bugs and mice are often a problem around November, so can we be proactive?
- iv. The Counseling dept is applying to ASCA for RAMP certification of their program.

d. Classified: No report.

e. Community:

- i. The homeless shelter is going in next to the church across the street and serious parking problems are foreseen.
- ii. When is the next Grub Night? Ans: Ask PTSA as they work with Proj Grad.

f. Students:

- i. Lunch at the Lokahi wall causes traffic congestion.
- ii. The bathrooms in I downstairs (boys) are disgusting & FS ones are often closed.
- iii. Is there a dress code, will it be enforced? Ans: Yes, but it's hard. We'll work on it.
- iv. Spirit Week is next week: The theme is Superheroes.
- v. Can we have a parent teacher conference early release? Ans: The school used to have one but hasn't in many years so there's a process we have to go through to request one that includes conducting a parent survey and asking the CAS for permission.

5. Action Items:

- a. The WASC meeting was set for 2/26/18 at 5 pm and dinner will be provided.

6. Announcements: None

7. Next meeting, 11/8/17 at 5:15 pm, Adjourned: 7:28 pm
