Student Progress

School Year **2014-15** Gonzales High School was ranked **12th out of 40** Campus Alike Schools!

Note: Each campus is assigned to a unique comparison group of 40 other public schools (from anywhere in the state) within the same campus type, that closely matches that school on four characteristics: campus size; percent of economically disadvantaged students; percent of English language learners; and, percent of mobile students. The 2014 Campus Comparison Group will be used in determining 2014 Distinction Designations. Comparison groups are also provided so that schools can compare their performance to that of other schools with whom they are demographically similar.
