

CMS FBLA 2018 Press Release

The Cheney Middle School Future Business Leaders of America (FBLA) Chapter competed at a fantastic 2018 Winter Business Leadership Conference in Spokane Valley this past February. Cheney Middle School sent nineteen competitors to the conference representing one of the only two middle school chapters in the region.

Of the nineteen students who competed, eighteen of the students placed in the top six in their events, advancing to the state competition in April. Highlights of the conference include Mia Baldwin and Toivo Tomlinson-Ryan placing first in Business Math & Financial Literacy and Introduction to Computer Science & Coding. Our students placed in 11 different events, many of which were highly competitive against students ranging from 7th grade all the way up to 12th grade.

The FBLA State Leadership conference will be held in Bellevue on April 4 - 7 and all of our qualifiers will be competing. One of these students is Audrey Schlotter who will be competing in Community Service Project with her work this past winter. Audrey Schlotter organized and completed a community service project with our Cheney Middle School chapter to collect winter clothing items for the homeless in Spokane. Working with Blessings Under the Bridge, Audrey and our chapter were able to collect and create 292 items and distribute them to those in need. She will be presenting her community service project at the State Business Leadership Conference and will represent our chapter and the work completed.

I have included a list of the students who placed, their place and event from the Winter Conference. I have also attached pictures of the club members present and the students who placed in their events as well as pictures from the distribution of items with Blessings Under the Bridge.

First Name	Last Name	Event	Place
Tilly	Baldwin	Web Design	6
Mia	Baldwin	Business Math & Financial Literacy	2
