

# WOULD YOUR STUDENTS BENEFIT FROM FREE TUTORING?

<http://manoa.hawaii.edu/ola>

Please help us spread the word to your students that they can access live tutoring with well-trained University of Hawai'i at Mānoa students. The tutoring is online, FREE and accessible 1pm - 10pm Monday - Friday and 5pm - 10pm on Sundays. Let students know that if they'd like help with any math or science concepts or homework, to just log on at [manoa.hawaii.edu/ola](http://manoa.hawaii.edu/ola) as our tutors are waiting!

Our tutors are mostly graduates from local high schools who are now majoring in STEM related disciplines in college. They are happy and well qualified to help with questions about college in addition to regular tutoring.

We would be happy to schedule a brief demonstration for your teachers or classes at your convenience. Demos can be online or in-person in a conference room, classroom or lab, ideally where all can see a computer screen connected to a projector. It really helps for teachers and students to see how simple it is to access and use our online tutoring program, and also get a chance to talk with our tutors! **Contact us today!**
