CONSTRUCTED RESPONSES

Utilize rubrics through teacher-completed questions (i.e. #2, #4 & #6 in the example above) while evaluating written work to record student achievement on a predetermined scale (i.e. "No Credit," "Partial Credit," or "Full Credit"), scan completed GradeCam forms to instantly capture and analyze data, and then automatically transfer grades into any electronic gradebook.

So to

$$\begin{array}{r} 23 \\ 25 \end{array}$$

First of all in my opinion when people say "Support the troops", I think that they are saying or meaning that they mean that they should bring all the troops back from war. If I were a parent I would want my child to come back as soon as possible and safe. So that what I think that they mean by that. What I see in the election, is that Obama is trying to bring the troops back.

Obama is trying his best to bring back the troops soon long like he said in his speech.
