

# South Pointe's Electronic Device Responsibility Policy

Homeroom Teacher \_\_\_\_\_ 2018 / 2019

Dear Parent(s)/Guardian(s),

To address the use of electronic devices such as, but not limited to, e-readers, iPads, iPods, cell phones, mp3 players, etc., the liability waiver below has been developed. Please review and return this form to your student's homeroom teacher:

*If my child brings an electronic device to school, I understand it is to be used only for instructional purposes during the school day. I understand that this device is not required and that it is my child's responsibility to utilize this device in accordance with the established school rules and for the intended instructional purposes only. Use of this device for non-instructional purposes, without the teacher's permission, will result in confiscation of the device and a loss of privileges to use the device on campus. Students using personal electronic devices on campus are required to adhere to the school's Technology Acceptable Use Policy. Any technology brought to campus is subject to search IF "justified at its inception and reasonable in scope." (New Jersey v. T.L.O (1985). "Reasonable grounds for believing that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school." (1985)*

*I also understand that the school is not responsible for loss, theft, or damage of neither private property, nor will the school function as a mediator if the property is damaged when my student allows others to use devices that he/she brings to school.*

**Parents/Guardians and students please sign and return to confirm receipt and reading of this document.**
