

Create a Parent Observer Account in Canvas

- Go to: <https://huntsville.instructure.com/login/canvas>
- Click on “Parent of a Canvas User”? Click Here for an Account” in the top right corner of the box that is displayed.
- Fill out the box that appears. In the Child’s Username box enter your child’s HISD email address. In the Child’s Password box enter “hisd” and then his/her student ID
(ex: hisd12345)
- Check the box agreeing to the terms of use.
- Click **Start Participating**

- Canvas will send you a link in your email that you will need to use to confirm your account. After you have confirmed your account you will be able to see the Canvas courses that your child is enrolled in IF the teacher is using Canvas in the class. Not all teachers use Canvas as a teaching tool.

Linking more than one child to a Parent Observer account

If you have more than one child attending HISD and would like to link their Canvas courses to your Parent Observer account please follow the steps below.

- After you have logged into your Canvas account, click the Account button located on the left side of the screen.
- Click on **Settings** in the menu that is displayed.
- Click on Observing in the menu
- In the Username box enter your child's HISD email address.
- In the Password box enter "hisd" and then his/her student ID (ex: hisd12345)
- Click the blue **+Student** button.
