Message from the Superintendent

Dear Parents,

With the beginning of a new school year in full swing, we would like to hear from you.

As a part of this planning process, I would like to invite you to please contribute **your** thoughts about our schools in the Medical Lake School District.

We have teamed with a company named *Thoughtexchange* to assist us in getting input from our entire community about our schools and District. In the next few days you will receive an email from us with instructions on how to participate in this process. If you do not have an email with one of our schools, please use this link to join the conversation: <http://mlsd.thoughtexchange.com/invitation>

On behalf of the students we serve, thank you for taking the time to help us with our communication effort. We believe our schools, our community, and especially our students benefit through ongoing communication. We hope through this process we are able to foster a collaborative effort between parents, community members, and our District that focuses on District and school improvement.

A few weeks after the first step, you will be invited to join the second step in this process - to review and prioritize the thoughts that are most important to you. This will help us get a sense of the shared values and priorities of our schools and the Medical Lake School District community.

Thank you so much for your participation!

Sincerely,

Timothy D. Ames

Superintendent
