How to Write a Safe School Plan

Designed to offer school officials a training for drafting a Safe School Plan. This training will provide strategies for identifying 3-5 measurable goals and objectives.

The Safe School Plan addresses two components:

- The social climate - people and programs
- The physical environment - place

Violence prevention and intervention efforts on issues such as bullying, cyberbullying, and gangs/drugs are critical components of creating an effective Safe School Plan and supports the students in effectively learning in a safe school environment.

*These trainings are offered at no cost through the Orange County Department of Education and Orange County Health Care Agency partnership, and can be customized to your school/community needs.
