From: Senior Marine Instructor  
To: Parents of Marine Corps Junior ROTC Cadets

**SUBJ: Health Curriculum**

1. Your son/daughter is currently enrolled in the Marine Corps Junior Reserve Officers' Training Corps (MCJROTC) program and will be participating in the Health curriculum, including sex education, at Redondo Union High School. This curriculum follows the Redondo Beach Unified School Board guidelines, and the philosophy of the program stresses:
  - a. The awareness and importance of family, religious and moral values in making personal decisions.
  - b. Understanding the need for consideration, love, respect, and responsibility in family life.
  - c. Recognizing responsibilities to school, the community, and society.
  - d. Areas of human development with information on reproduction, birth control, pregnancy, and sexually transmitted diseases
  
2. I recognize that you, as parents, have the major responsibility for the formation of desirable attitudes towards family values and sex education. The role of the school is to support your efforts. We have professional resources to conduct a comprehensive, sequential, and up-to-date program that will assist your child in developing these important life attitudes. Rest assured, the course content for this program has been carefully screened. Every effort is being made to meet the varied needs and interests of our cadets. You are invited to review our course of study and the instructional materials. You are also welcome at any time to discuss this program with me.
  
3. Your interest and cooperation, as evidenced by the return of this form is very valuable to me. The response section also allows you the option of having your son/daughter excused from the sex education portion of the Health curriculum without consequence.

Keith Willoughby  
CWO3, USMC (Retired)
