

8th Grade Band

This band consists of students in their third year of music study. 8th grade band students will continue to review tone and technique, and advance to more difficult concert music. We will use Accent on Achievement Method Book 3, as well as various supplemental materials to address musical skills being studied, and the school agenda to record assignments, communicate with parents, etc. Students in this band will play two annual concerts, perform at school functions, participate in Pep Band, possibly perform at MTSBOA Concert Performance Assessment, have an opportunity to audition for All Rutherford County Band, All Mid State Band, and to perform at Solo and Ensemble Festival.
