

Bree - Welcoming Environment of All Saints Catholic School

All Saints is a Catholic school so we get to do different things connected to our faith. This year we got to go to a big mass with other Catholic schools. There was a live Christian band there too. We also celebrate mass on Fridays, and everyone gets involved. One Friday, Father was doing his homily, and he asked for volunteers. He picked two students and my dad.

Father had them do an activity together. Even the parents are very involved. At All Saints nobody gets excluded especially during mass. We wear uniforms which is nice because students don't have to pick out their clothes everyday. We also have religion class. We get to do so much more because we are Catholic.
