Executive Summary

Introduction

Every school has its own story to tell. The context in which teaching and learning takes place influences the processes and procedures by which the school makes decisions around curriculum, instruction, and assessment. The context also impacts the way a school stays faithful to its vision. Many factors contribute to the overall narrative such as an identification of stakeholders, a description of stakeholder engagement, the trends and issues affecting the school, and the kinds of programs and services that a school implements to support student learning.

The purpose of the Executive Summary (ES) is to provide a school with an opportunity to describe in narrative form the strengths and challenges it encounters. By doing so, the public and members of the school community will have a more complete picture of how the school perceives itself and the process of self-reflection for continuous improvement. This summary is structured for the school to reflect on how it provides teaching and learning on a day to day basis.

Description of the School

Describe the school's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school serves?

Bibb County High School is a small rural school located in Centreville Alabama with a student population of 521. The school has 37% black students and 2% Hispanic. We are one of two high schools in Bibb County. The school has 25 faculty, with two administrators, there are 15 female and 10 male teachers. In the last three years the faculty has improved the drop out rate above the state average, and continues to improve the scores of all sub-groups on standardized testing.

School's Purpose

Provide the school's purpose statement and ancillary content such as mission, vision, values, and/or beliefs. Describe how the school embodies its purpose through its program offerings and expectations for students.

The Vision statement for BCHS is that Bibb County High School is a professional learning Community that prepares each student for success in the workplace, college and life. The vision at BCHS is closely tied with Plan 2020; our goal is that all students are college and career ready when they leave our institution. We strive hard to prepare all of our students for further academic endeavors and placement in the workforce. At BCHS we provide opportunities that challenge our students both socially and academically.

Notable Achievements and Areas of Improvement

Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.

Bibb County High School has made many improvements over the last several years. The faculty has increased the percentage of students graduating to approximately 80% each year. The standardized test scores have improved each year in all sub-groups. Bibb County High School is a RTI pilot program for the State of Alabama, developing a comprehensive High School RTI program.

Additional Information

Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.

Improvement Plan Stakeholder Involvement

Introduction

The responses should be brief, descriptive, and appropriate for the specific section. It is recommended that the responses are written offline and then transferred into the sections below.

Improvement Planning Process

Improvement Planning Process

Describe the process used to engage a variety of stakeholders in the development of the institution's improvement plan. Include information on how stakeholders were selected and informed of their roles, and how meetings were scheduled to accommodate them.

A committee made up of faculty members and administrators was formed to gather pertinent data to be used for the development of this plan. Ideas for improvement were generated for the plan through a series of meetings. Stakeholders were selected on a voluntary basis and informed of their roles through meetings and via email. Meetings were held after school to accommodate faculty schedules. All faculty members participated in a survey for teachers online, which provided the data for this year's planning.

Describe the representations from stakeholder groups that participated in the development of the improvement plan and their responsibilities in this process.

Representatives who participated in the development of the plan include Principal Jay Alston, School Technology Coordinator John Simmer, Teacher Sheila Beam, Special Education Teacher Amy Hatter, Registrar Ashley Lawley, Teacher Martin Thomas, and Teacher Andrea Suttle. All representatives were responsible for attending meetings and contributing suggestions. School Technology Coordinator, John Simmer, and Principal, Jay Alston, were responsible for writing the final draft of the plan.

Explain how the final improvement plan was communicated to all stakeholders, and the method and frequency in which stakeholders receive information on its progress.

The final plan will be available via the AdvancED Assist website. Copies will be made available to all stakeholders upon request.

Student Performance Diagnostic

Introduction

The Student Performance Diagnostic provides an institution with a process to report summative student assessments. This diagnostic is significant to the accreditation and continuous improvement process as it serves as a resource for schools to view content area assessment results required by the state, district, or other entities, determine the quality and reliability of the given assessments, and show the alignment of the assessments to the school's curriculum. The performance level computed at the completion of the diagnostic is used by the external review team as a comprehensive report to understand fully the institution's assessment program; the diagnostic should be used in the same manner by the institution as it engages in improvement planning.

Student Performance Data

Label	Assurance	Response	Comment	Attachment
1.	Did you complete the Student Performance Data document offline and upload below?	Yes	<p>ACT and PLAN data will be used for college and career readiness determination.</p> <p>The average ACT score for all juniors testing on May 2014 was 17.</p> <p>The average ACT score was 19.15 for all 2014 - 2015 students tested (special needs excluded).</p> <p>Subject Area: ACT Benchmark (college readiness) / May 2014 (11th graders tested) / 2014 - 2015 (All students tested)</p> <p>English: 18 / 16 / 19.1 Math: 22 / 17 / 18.3 Reading: 22 / 17 / 19.8 Science: 23 / 17 / 18.6</p>	ACT College Readiness Letter Student Performance Data v.4

Evaluative Criteria and Rubrics

Overall Rating: 3.0

	Statement or Question	Response	Rating
1.	Assessment Quality	The array of assessment devices used by the institution to determine students' performances is sufficiently aligned so that valid inferences can be reached regarding students' status with respect to the entire set of curricular aims regarded as high-priority, "must accomplish," instructional targets. The documentation provided in support of this alignment is persuasive. All of the assessments used are accompanied by evidence demonstrating that they satisfy accepted technical requirements such as validity, reliability, absence of bias, and instructional sensitivity.	Level 4

	Statement or Question	Response	Rating
2.	Test Administration	All the assessments used by the institution to determine students' performances, whether externally acquired or internally developed, have been administered with complete fidelity to the administrative procedures appropriate for each assessment. In every instance, the students to whom these assessments were administered are accurately representative of the students served by the institution. Appropriate accommodations have been provided for all assessments so that valid inferences can be made about all students' status with respect to all of the institution's targeted curricular outcomes.	Level 4

	Statement or Question	Response	Rating
3.	Quality of Learning	Evidence of student learning promoted by the institution is acceptably analyzed and presented with reasonable clarity. In comparison to institutions functioning in a similar educational context, students' status, improvement, and/or growth evidence indicates that the level of student learning is at or above what would otherwise be expected.	Level 3

	Statement or Question	Response	Rating
4.	Equity of Learning	Evidence of student learning indicates achievement gaps exist among subpopulations of students, and that minimal or no change has occurred in these achievement gaps.	Level 1

Areas of Notable Achievement

Which area(s) are above the expected levels of performance?

The data obtained from 172 BCHS students from all grades who took the ACT during the 2014-2015 school year indicated that these students were scoring, on average, slightly better than the state average scores in English and Reading. Additionally, these students averaged a slightly higher composite ACT score than the state average.

Subject area: BCHS / STATE

English: 19.1 / 18.8

Reading: 19.8 / 19.7

Composite: 19.2 / 19.1

These students also performed quite close, on average, to the state average ACT scores in the other subject areas:

Subject Area: BCHS / STATE

Math: 18.3 / 18.4

Science: 18.6 / 19.1

Describe the area(s) that show a positive trend in performance.

This is difficult to determine, given that the 2014-2015 school year was the first time the ACT testing program was implemented statewide, and consequently the first time it was given at BCHS to all 11th grade students.

Currently, we only have partial data from the ACT scores of approximately 50-60 students per year who voluntarily took the ACT, for the previous five years. This data is only representative of students who were actively planning on attending college. Therefore it is not truly representative, in the sense that it does not include all of the students from one grade level, like the data from the 2014-2015 school year. In previous years, students who were lower achieving (academically), and consequently were not planning on attending college, typically did not take the ACT.

In the 2014-2015 school year all juniors, regardless of college aspirations, were required to participate in the ACT testing. Therefore, comparison of the data to any prior year will indicate a significant drop in scores for 2014-2015, because of the inclusion of students who have not typically participated in the testing.

In the future, with the 2014-2015 data serving as an official baseline, we can begin to make more accurate identification of significant trends in student performance.

Which area(s) indicate the overall highest performance?

The data obtained from 172 BCHS students from all grades who took the ACT during the 2014-2015 school year indicated that these students were scoring, on average, slightly better than the state average scores in English and Reading, and a slightly higher Composite ACT score than the state average.

Subject area: BCHS / STATE

English: 19.1 / 18.8

Reading: 19.8 / 19.7

Composite: 19.2 / 19.1

Which subgroup(s) show a trend toward increasing performance?

We did show improvement in any area of the ACT. As previously noted this were are just now gathering data on all students for the ACT. Previous Plan data showed that we had sub-groups that were performing below the school average. We are addressing this gap by instituting ACT prep courses several times during each semester to help students prepare for the assessments. We also are addressing the needs of all students including the sub-groups in the school RTI program.

Between which subgroups is the achievement gap closing?

Data has shown the achievement gap closing in the areas of sub-groups

Which of the above reported findings are consistent with findings from other data sources?

Data obtained from the 2014-2015 ACT test results for all students tends to correlate with the 2013-2014 and 2014-2015 PLAN data.

Areas in Need of Improvement

Which area(s) are below the expected levels of performance?

Students at BCHS scored below the State average for the ACT in all areas. There was a small drop in ACT scores from 2013-2014. We are addressing these needs with improved ACT prep.

Describe the area(s) that show a negative trend in performance.

Students at BCHS scored below the State average for the ACT in all areas. There was a small drop in ACT scores from 2013-2014. We are addressing these needs with improved ACT prep.

Which area(s) indicate the overall lowest performance?

Science and Math showed the most need for improvement on the ACT.

Which subgroup(s) show a trend toward decreasing performance?

Subgroup data is being disaggregated for ACT assessment.

Between which subgroups is the achievement gap becoming greater?

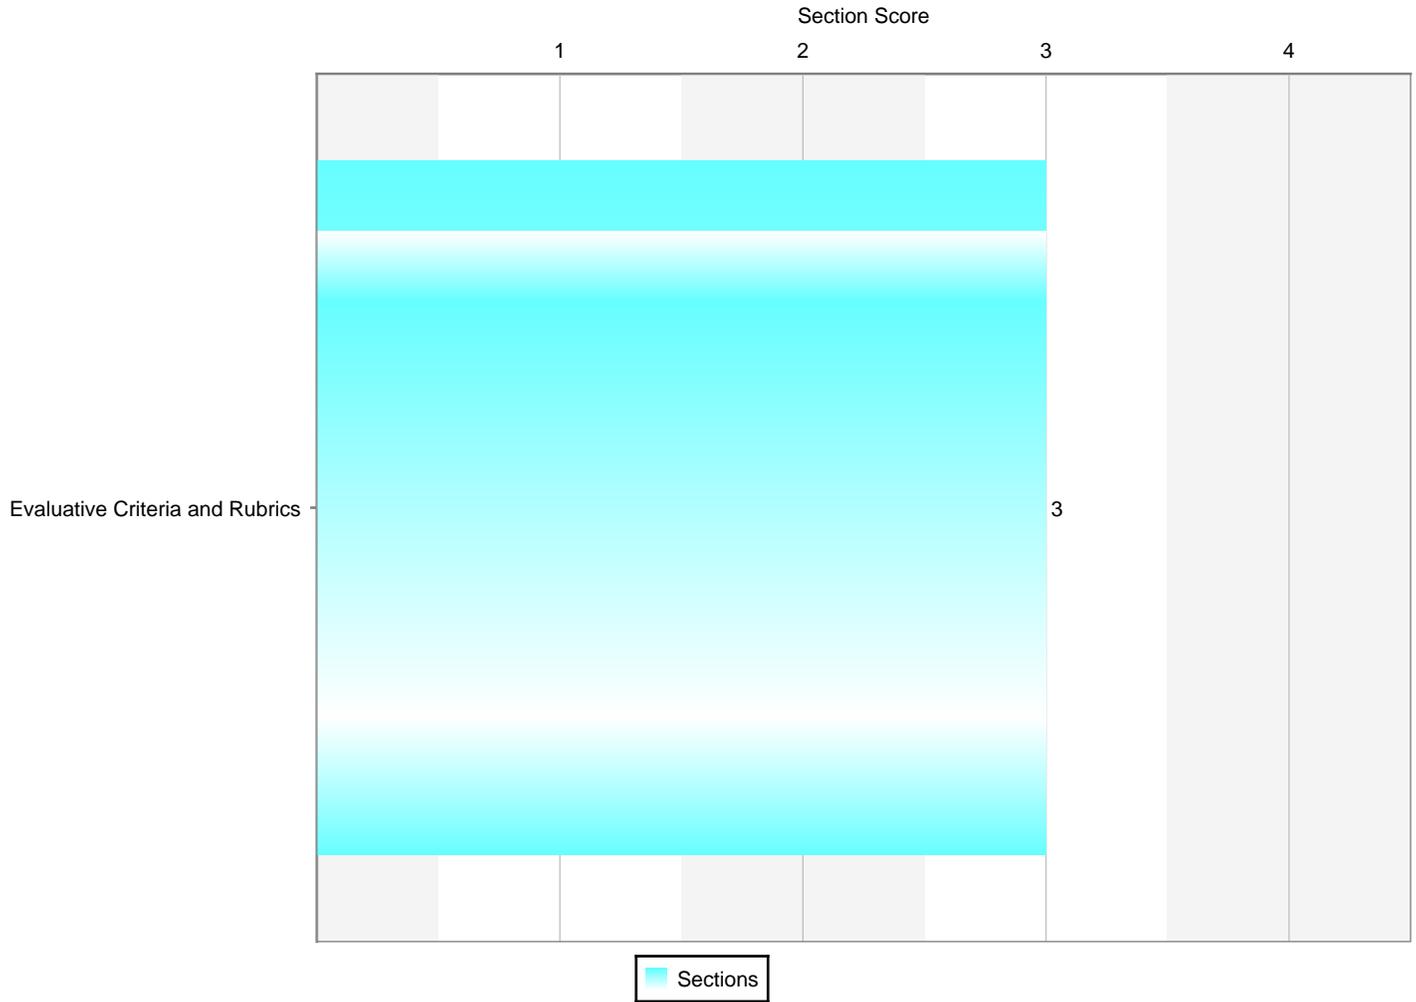

Subgroup data is being disaggregated for ACT assessment.

Which of the above reported findings are consistent with findings from other data sources?

The ACT data is consistent with the PLAN data for the same students.

Report Summary

Scores By Section

ACIP Assurances

Introduction

By responding to the questions in ASSIST and attaching evidence when required, the institution has verified whether it meets or does not meet each of the required ACIP Assurances.

ACIP Assurances

Label	Assurance	Response	Comment	Attachment
1.	The Instructional Leadership Team members that should be present include the principal, guidance counselor, district school improvement specialist (or other designee), appropriate content-area teachers, parent representatives, and student representatives (as appropriate). Depending on the data, additional members may include special population representatives (Technology Coordinator, Special Education, ELL, etc.), district federal programs coordinator, district chief school financial officer, community stakeholders, or any other member as appropriate. Documentation will be maintained on site.	Yes	List Members of Leadership Team Here: Upload Signature Sheet containing signatures of Continuous Improvement Plan (School Improvement/Leadership Team)	BCHS school Leadership team

Label	Assurance	Response	Comment	Attachment
2.	The institution complies with all federal laws and regulations prohibiting discrimination and with all requirements and regulations of the U.S. Department of Education. It is the policy of this institution that no person on the basis of race, color, religion, national origin or ancestry, age, gender, height, weight, marital status or disability shall be subjected to discrimination in any program, service or activity for which the institution is responsible, or for which it receives financial assistance from the U.S. Department of Education.	Yes		NonDesBibbCo

Label	Assurance	Response	Comment	Attachment
3.	The institution has designated an employee to coordinate efforts to comply with and carry out non-discrimination responsibilities. If yes, list the name, position, address and telephone number of the employee in the comment field.	Yes		NonDescBibbCo

Label	Assurance	Response	Comment	Attachment
4.	The institution has a Parent Involvement policy and plan as required in NCLB Section 1118, and ensures that all requirements in Section 1118 and 1111(h)(6), Parents' Right-to-Know, are implemented systematically.	Yes	see attachment.	BCHS Parental Involvement Plan

Label	Assurance	Response	Comment	Attachment
5.	The institution has a School-Parent Compact. If a Title I school, the School-Parent Compact contains the required components (NCLB Section 1118(d)(1-2)(A,B,C)) and was jointly developed with parents of participating students.	Yes	See attachment	BCHS Parent Compact 2015

Professional Development Plan 2015-16

Overview

Plan Name

Professional Development Plan 2015-16

Plan Description

The activities in this plan are aligned with 2015-16 BCHS goals for continued improvement.

Goals Summary

The following is a summary of the goals encompassed in this plan. The details for each goal are available in the next section.

#	Goal Name	Goal Details	Goal Type	Total Funding
1	2015 - 2016 Professional Development Plan	Objectives: 4 Strategies: 5 Activities: 9	Organizational	\$4100

Goal 1: 2015 - 2016 Professional Development Plan

Measurable Objective 1:

collaborate to advance the existing Feeder Pattern Program to include students in both the ninth, tenth, and eleventh grade by 05/20/2016 as measured by the adjustment and expansion of programs and strategies to extend the existing feeder pattern to include all tenth grade students.

Strategy 1:

Professional Development Training - Faculty will meet at local and district levels to receive training and instruction in order to develop and implement activities necessary for expansion of the feeder program at BCHS.

Category:

Research Cited: ARI

Activity - Advance Feeder Pattern Program PD	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Professional Development workshop for faculty on ARI Instructional Strategies, Close Reading, and Content Vocabulary.	Professional Learning	09/01/2015	05/20/2016	\$3000	Title I Part A	Jay Alston

Activity - Advance Feeder Pattern Program PD	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
District Level Professional Development workshop for faculty on ARI Instructional Strategies, Close Reading, and Content Vocabulary.	Professional Learning	09/01/2015	05/20/2016	\$0	Title I Part A	Professional Development workshop for all faculty on ARI Instructional Strategies, Close Reading, and Content Vocabulary.

Measurable Objective 2:

collaborate to continue implementing the Common Core College and Career Readiness Standards in the classroom by 05/20/2016 as measured by the completion of training sessions and evidence of CCRS instructional alignment within teacher classrooms and lesson plans.

Strategy 1:

Professional Development - Faculty will attend training in the form of professional development workshops and meetings aligned with the State Dept. of Education CCRS implementation focused on classroom instruction through unit and lesson planning.

Category:

Research Cited: CCRS

Measurable Objective 4:

collaborate to improve the skills of individual teachers , as it pertains to instructional strategies. by 05/16/2016 as measured by by all teachers being efficient using multiple strategies to improve student performance.

Strategy 1:

Coaching Cycle - Local instructional coach will work with the district instructional coaches and with the State Improvement team (Viki Dill) to develop an effective instructional coaching cycle for BCHS teachers.

Category:

Research Cited: The research shows that teachers that are able to use multiple research based strategies, improve student performance at a greater rate.

Activity - Teacher Training on Instructional Strategies	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will work with both the local and district instructional coaches to improve the use of researched based instructional strategies with all students. Plan for ACIP 2015-16

Overview

Plan Name

Plan for ACIP 2015-16

Plan Description

Goals Summary

The following is a summary of the goals encompassed in this plan. The details for each goal are available in the next section.

#	Goal Name	Goal Details	Goal Type	Total Funding
1	Increase Internet access on campus for students and faculty	Objectives: 1 Strategies: 1 Activities: 1	Organizational	\$750
2	Create a BYOD Pilot classroom	Objectives: 1 Strategies: 1 Activities: 1	Organizational	\$1000
3	Increase targeted intervention for at-risk students in Math	Objectives: 1 Strategies: 1 Activities: 2	Academic	\$0
4	Increase targeted intervention for at-risk students in Reading	Objectives: 1 Strategies: 2 Activities: 4	Academic	\$0
5	To improve student achievement in all content areas in order for students to graduate College and Career Ready	Objectives: 1 Strategies: 5 Activities: 5	Academic	\$0
6	2015 - 2016 Professional Development Plan	Objectives: 4 Strategies: 4 Activities: 8	Organizational	\$4100
7	Bibb County High School students, teachers, and administrators will effectively use technology as an integrated tool for teaching, leading, and learning to master local, state, and national standards.	Objectives: 1 Strategies: 1 Activities: 1	Academic	\$0
8	Increase communication between our school's faculty and administration and community stakeholders, students, and parents	Objectives: 1 Strategies: 3 Activities: 4	Organizational	\$0
9	That all English Language Learners will be proficient in English as their second language.	Objectives: 1 Strategies: 1 Activities: 1	Academic	\$0

Goal 1: Increase Internet access on campus for students and faculty

Measurable Objective 1:

collaborate to increase wireless connectivity on campus by 05/20/2016 as measured by additional access points .

Strategy 1:

Providing more connectivity on campus - By providing more access points we can increase student and faculty wireless connectivity on campus.

Category:

Activity - Purchasing and Installing Access Points	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
The school will install additional access points across campus.	Technology	08/03/2015	05/20/2016	\$750	Title I Part A	Technology Department. \$750.00 of Title I funds will be used for purchasing and installing additional WiFi access points across the school.

Goal 2: Create a BYOD Pilot classroom

Measurable Objective 1:

collaborate to create a BYOD classroom by 05/20/2016 as measured by students using their own devices in the pilot class.

Strategy 1:

Develop a pilot BYOD classroom - Selected teachers will work with administration to develop protocol for a BYOD classroom pilot program.

Category:

Activity - BYOD implementation in pilot program	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Small group of teachers will work with district and school level administration to develop and implement a BYOD pilot program in their classrooms.	Technology	08/03/2015	05/20/2016	\$1000	Title I Part A	Pilot program staff and administration

Goal 3: Increase targeted intervention for at-risk students in Math

Measurable Objective 1:

A 15% increase of Ninth, Tenth, Eleventh and Twelfth grade Black or African-American, Asian, Bottom 30%, White, Economically Disadvantaged, Gifted and Talented, Hispanic or Latino, Students with Disabilities, English Learners, Two or More Races, American Indian or Alaska Native and Native Hawaiian or Other Pacific Islander students will demonstrate a proficiency in mathematics ability at the minimum necessary for grade level performance in Mathematics by 05/20/2016 as measured by at-risk math students being identified and having received targeted intervention..

Strategy 1:

Data Analysis and Scheduled Interventions - Using existing data from STAR Math and ASSIST (ARMT) testing, along with AMSTI evaluation data, ACT Explore and Plan, and data from our End of Course assessments, we will identify students in need of targeted intervention. All students identified will be scheduled for intervention.

Category:

Research Cited: All assessments and data sources are research based.

Activity - Identify at-risk students from analysis of the data	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Analyze data from existing sources including ACT Explore/Plan, AR Math, and AMSTI to identify students needing targeted intervention in math. Schedule ongoing intervention for at-risk students.	Academic Support Program	08/03/2015	05/20/2016	\$0	No Funding Required	Registrar, Counselor, Special Ed. Department staff
Activity - Instructional coaches	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
District instructional coaches will assist BCHS staff in identifying at risk students in math. This data will be used in conjunction with the student data room to assist in developing remediation for individual students.	Academic Support Program	08/06/2015	05/27/2016	\$0	No Funding Required	Jay Alston John Hooper Hollie Tillary Angela Harbin

Goal 4: Increase targeted intervention for at-risk students in Reading

Measurable Objective 1:

A 15% increase of Ninth, Tenth, Eleventh and Twelfth grade Black or African-American, Asian, Bottom 30%, White, Economically Disadvantaged, Gifted and Talented, Hispanic or Latino, Students with Disabilities, English Learners, Two or More Races, American Indian or Alaska Native and Native Hawaiian or Other Pacific Islander students will demonstrate a proficiency in reading ability at the minimum necessary for grade level performance in Reading by 05/20/2016 as measured by at-risk reading students being identified and having received targeted intervention..

Strategy 1:

Data Analysis and Scheduled Interventions - Using existing data from STAR Reading and ASSIST (ARMT) testing, along with AMSTI evaluation data, ACT Explore and Plan, and data from our End of Course assessments, we will identify students in need of targeted intervention. All students identified will be scheduled for intervention.

Category:

Research Cited: All assessments and data sources are research based.

Activity - Identify at-risk students from analysis of existing data and schedule for intervention	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Analyze data from existing sources including ACT Explore/Plan, AR Reading, and AMSTI to identify students needing targeted intervention in reading. Schedule ongoing intervention for at-risk students.	Academic Support Program	08/03/2015	05/20/2016	\$0	No Funding Required	Registrar, Counselor, Special Ed. Department staff

Activity - Instructional Coach	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
BCHS has encumbered a teaching unit to work as an instructional coach and remediation teacher during the school day. The local instructional coach has worked closely with the District coaches and Ms. Viki Dill from the State . Ms. Dill has given a great deal of support to help prepare the school based coach in working with our teachers. We would like to request Mrs Dill for 3-5 days per month.	Technology, Academic Support Program	08/03/2015	05/20/2016	\$0	No Funding Required	Remediation Faculty and Staff Instructional coaches both local and district. State support (Viki Dill)

Strategy 2:

Vocabulary Building - Teachers will focus on building student vocabulary within content areas in their daily lesson plans. Vocabulary instruction will be aimed at improving student performance on the ACT. Teachers will monitor individual student progress within the class through formal and/or informal assessment. The principal will monitor teacher implementation.

Category:

Research Cited: ACT and PLAN score results

Activity - Vocabulary Building	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will provide Direct Instruction to students on vocabulary in their respective content areas.	Direct Instruction	08/03/2015	05/20/2016	\$0	No Funding Required	All Faculty

Activity - Instructional coaches	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
District instructional coaches will assist BCBS staff in identifying at risk students in reading. This data will be used in conjunction with the student data room to assist in developing remediation for individual students.	Academic Support Program	08/06/2015	05/27/2016	\$0	No Funding Required	Instructional coaches and all faculty and administration

Goal 5: To improve student achievement in all content areas in order for students to graduate College and Career Ready

Measurable Objective 1:

A 15% increase of Ninth, Tenth, Eleventh and Twelfth grade Black or African-American, Asian, Bottom 30%, White, Economically Disadvantaged, Gifted and Talented, Hispanic or Latino, Students with Disabilities, English Learners, Two or More Races, American Indian or Alaska Native and Native Hawaiian or Other Pacific Islander students will demonstrate a proficiency in the ACT Explore and Plan assessments in English Language Arts by 05/20/2016 as measured by students showing an increase in their proficiency taking the ACT Plan and Explore assessments, measured by improvements in test performance.

Strategy 1:

Implement Best Practice instructional strategies to strengthen RTI Tier I instruction. - Lesson plans will reflect purposeful planning for effective instruction through the use of best-practice techniques. Specifically, lesson plans will show clearly identified standards and daily outcomes. Daily outcomes will reflect varying levels from Bloom's Taxonomy. Classroom assignments will be clearly tied to the daily outcome and standard. Before, During, and After activities will be used to teach the lesson. The After (closure) activity should be directly tied to the daily outcome. Formative assessment will be used with each part of the lesson.

Category:

Research Cited: RTI

Activity - Lesson Monitoring	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Up-to-date lesson plans should be submitted each week and posted outside each teacher's door daily. Frequent monitoring of lesson plans and classroom walk-throughs will be used to ensure that effective lesson planning is carried through to effective classroom instruction.	Academic Support Program	08/03/2015	05/20/2016	\$0	No Funding Required	All faculty members

Strategy 2:

Implement appropriate Tier 2 strategies. - A closure activity (after strategy) will be assigned each day. The teacher will analyze the closure activity to determine mastery and non-mastery of the daily outcome.

Activity - Tier 2 support	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
---------------------------	---------------	------------	----------	-------------------	-------------------	-------------------

ACIP

Bibb County High School

After closure activities are analyzed, Tier 2 support will be provided through a follow-up activity to clear up any confusion and misconceptions identified. This will be done using a small group pull-aside and/or other appropriate activities. 100 % of teachers will document Tier 2 support on the Reflection section of lesson plans. Evaluate students receiving Tier 2 support and strategies being used; provide professional development during planning times and/or coaching as appropriate.	Academic Support Program	08/03/2015	05/20/2016	\$0	No Funding Required	All faculty members.
---	--------------------------	------------	------------	-----	---------------------	----------------------

Strategy 3:

Implement focused Tier 3 Intervention for identified 9th graders. - Incoming 9th graders will be assessed during the spring of their 8th grade year to identify students who may be at-risk of high school failure. These students will be scheduled into an Intervention course. At-risk students will receive individualized instruction to target identified needs.

Category:

Activity - Tier 3 support	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Students in Tier 3 will receive intensive small group support using research based strategies.	Technology	08/03/2015	05/20/2016	\$0	No Funding Required	Remediation Faculty and Staff

Strategy 4:

Remediation for 10th-12th grades - Use Global Scholar to assess students achievement levels. Schedule students into appropriate remediation classes based on their levels. Remediation instruction will be planned based on student needs.

Category:

Research Cited: RTI

Activity - Remediation	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
All students 2 grades or more below grade level according to Global Scholar will be scheduled for a remediation class.	Academic Support Program	08/03/2015	05/20/2016	\$0	No Funding Required	Registrar, Counselor, and appropriate faculty.

Strategy 5:

ACT Question Bellringers - Teachers will use ACT example questions for Bellringer activities several times per week.

Category:

Activity - ACT Bellringers	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
----------------------------	---------------	------------	----------	-------------------	-------------------	-------------------

Teachers will use ACT example questions for Bellringers several times per week.	Direct Instruction	08/03/2015	05/20/2016	\$0	No Funding Required	All Faculty - Principal monitor implementation
---	--------------------	------------	------------	-----	---------------------	--

Goal 6: 2015 - 2016 Professional Development Plan

Measurable Objective 1:

collaborate to advance the existing Feeder Pattern Program to include students in both the ninth, tenth, and eleventh grade by 05/20/2016 as measured by the adjustment and expansion of programs and strategies to extend the existing feeder pattern to include all tenth grade students.

Strategy 1:

Professional Development Training - Faculty will meet at local and district levels to receive training and instruction in order to develop and implement activities necessary for expansion of the feeder program at BCHS.

Professional Learning	08/06/2015	05/27/2016	\$0	No Funding Required	Ashley Lawley - Local Instructional coach Hollie Tillery - District Instructional coach Angela Harbin - District Instructional coach Viki Dill - State Department Rita Betts - State Department

Goal 7: Bibb County High School students, teachers, and administrators will effectively use technology as an integrated tool for teaching, leading, and learning to master local, state, and national standards.

Measurable Objective 1:

A 15% increase of Ninth, Tenth, Eleventh and Twelfth grade Black or African-American, Asian, Bottom 25%, Bottom 30%, White, Economically Disadvantaged, Free/Reduced Lunch, Gifted and Talented, Hispanic or Latino, Improvement from 10th to 12th Grade, Improvement from 8th to 10th Grade, Students with Disabilities, English Learners, Two or More Races, American Indian or Alaska Native, Native Hawaiian or Other Pacific Islander and Top 75% students will demonstrate a proficiency The students will be able to demonstrate an efficiency in apply and using technology to maximize their learning potential. in Career & Technical by 05/27/2016 as measured by Students being apply to utilize technology in their learning environment.

Strategy 1:

Application of Technology - Students will be able to apply the appropriate technology to advance their education.

Category:

Research Cited: Research supports the use of technology in increasing learning potential

Activity - Technology Course of Study	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will incorporate the Technology COS in all classes	Policy and Process	08/06/2015	05/27/2016	\$0	No Funding Required	All teachers

Goal 8: Increase communication between our school's faculty and administration and community stakeholders, students, and parents

Measurable Objective 1:

collaborate to increase digital communication of our school's goals, activities, and other information to better educate, inform, and involve all our stakeholders by 05/20/2016 as measured by increased communication via parent emails and phone calls, as well as increased use of teacher websites, the school's website, Facebook page, and other social media.

Strategy 1:

Increase digital communication with stakeholders via email and phone calls - Faculty, staff, and administration will collaborate over the course of the school year to increase communication to stakeholders via email and phone calls. This will be accomplished through the use of iNow, specifically by working to obtain accurate contact information from parents and update that information in iNow. Administration and office staff will oversee the addition and updating of information in iNow by faculty. Faculty will also work to obtain updated contact information from students throughout the course of the school year, including parent phone numbers and parent email addresses, for the purpose of entering that information into iNow.

Category:

Research Cited: This strategy is based upon the results of information provided by parents and stakeholders in the most recent school culture survey.

Activity - Collect updated parent contact information	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Faculty, staff, and administration will work to obtain updated phone numbers and email addresses from parents and students.	Community Engagement	08/03/2015	05/20/2016	\$0	No Funding Required	All faculty, administration, and front office staff

Strategy 2:

Increase digital communication with stakeholders via the school's website, Facebook page, and other social media - Faculty and administration will collaborate to update the school website with accurate, relevant information about the school's goals, activities, culture, and other relevant information. Additionally, that information

will be shared on social media, including the school's Facebook page, in order to increase our presence on social media. This will be done for the purposes of continuing to increase engagement with our stakeholders and the community at large.

Category:

Research Cited: The research used to support this strategy comes from information obtained from the most recent school culture survey.

Activity - Maintaining and updating the school's website, Facebook page, and other social media	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Faculty and Administration will work throughout the year to maintain and update the school's website, Facebook page, and other social media with information about our school's goals, activities, culture, and other relevant information. Strategy 3:

Increase digital communication with stakeholders via teacher websites - Faculty will work throughout the course of the school year to develop individual websites for their classes, clubs, athletics, and activities. These websites will be linked to the school's website, for the purposes of increasing stakeholder involvement with our school's faculty.

Category:

Research Cited: The research used to support this strategy is based on information obtained from the latest school culture survey.

Activity - Development of teacher websites	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Teachers will work throughout the school year to develop individual websites for their classes, clubs, and athletic programs.	Community Engagement	08/03/2015	05/20/2016	\$0	No Funding Required	Bibb County High School faculty

Activity - Linking teacher websites to the school's website	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Individual teacher websites will be linked to the school's website, so that they can be accessed by our school's stakeholders.	Community Engagement	08/03/2015	05/20/2016	\$0	No Funding Required	John Simmer

Goal 9: That all English Language Learners will be proficient in English as their second language.

Measurable Objective 1:

100% of English Learners students will demonstrate a proficiency in the English language in English Language Arts by 05/20/2016 as measured by Students obtaining proficiency in English measured by the Access test..

Strategy 1:

English Remediation - Students will be assigned to English remediation classes to work on English Language Arts and Reading

Category:

Research Cited: Research based strategies will be used in this class

Activity - Bilingual Peer Tutoring	Activity Type	Begin Date	End Date	Resource Assigned	Source Of Funding	Staff Responsible
Students will be assigned a bilingual peer tutoring to assist them with review and test taking	Tutoring	08/10/2015	05/20/2016	\$0	No Funding Required	Andrea Suttle - Peer Leadership teacher

Stakeholder Feedback Diagnostic

Introduction

The Stakeholder Feedback Diagnostic is designed to analyze the institution's survey results in terms of areas of achievement and areas that need improvement. Further, the diagnostic is essential to the accreditation and continuous improvement processes in that it provides the institution with a comprehensive view of the aggregate scores of the surveys administered, and the actual total of respondents for each survey type to derive a single score for this diagnostic. The performance level score computed at the completion of the diagnostic is used to broaden and enhance the external review team's understanding of the stakeholder's perceptions of the institution; the diagnostic should be used in the same manner by the institution as it engages in improvement planning.

Stakeholder Feedback Data

Label	Assurance	Response	Comment	Attachment
1.	Did you complete the Stakeholder Feedback Data document offline and upload below?	Yes	Parent Survey results Student Survey Teacher Survey

Evaluative Criteria and Rubrics

Overall Rating: 3.0

	Statement or Question	Response	Rating
1.	Questionnaire Administration	Most required AdvancED questionnaires were used by the institution to receive stakeholder feedback. The minimum response rate for each population was met (parent questionnaire: equal to or greater than 20%, student questionnaire(s): equal to or greater than 40%, staff questionnaire: equal to or greater than 60%). Questionnaires were administered with reasonable fidelity to the administrative procedures appropriate for each assessment. In most instances, the stakeholders to whom these questionnaires were administered mostly represented the populations served by the institution. Appropriate accommodations were provided for most participants.	Level 3

	Statement or Question	Response	Rating
2.	Stakeholder Feedback Results and Analysis	All questionnaires had an average item value of 3.20 or above (on a 5.0 scale). Results of stakeholder feedback collected by the institution were acceptably analyzed and presented with reasonable clarity.	Level 3

Areas of Notable Achievement

Which area(s) indicate the overall highest level of satisfaction or approval?

The highest area of approval or satisfaction was in the area of feeling welcome at the school, this approval rating was 97%, which is slightly higher than last year's response. The survey also showed that 74% of the parents said that they were encouraged to be involved in their child's education.

Which area(s) show a trend toward increasing stakeholder satisfaction or approval?

87% of parents felt that they were able to easily get in contact with teachers, and 75% felt that the school encouraged them to be involved in their student's education. An overwhelming majority of 97% of parents felt welcome at the school, which is even higher than the previous year's survey responses indicated.

Which of the above reported findings are consistent with findings from other stakeholder feedback sources?

Compared to the previous year's stakeholder feedback survey responses, the majority of this year's responses have either remained steady or have improved somewhat.

Areas in Need of Improvement

Which area(s) indicate the overall lowest level of satisfaction or approval?

The data shows that the school needs to improve communication to parents and stakeholders in certain areas:

- Opportunities to volunteer
- Involvement in school planning/review committees
- Title I implications
- Awareness of the school's referral program to community resources

60 % of teachers were neutral or dissatisfied that the school has created an environment in which parents participate in activities that enhance student learning and foster positive school climate.

Which area(s) show a trend toward decreasing stakeholder satisfaction or approval?

Responses indicated that the majority of stakeholders were not aware of how they could be involved in school planning/review committees.

What are the implications for these stakeholder perceptions?

The results of this year's survey indicated that the school needs to work on improving awareness about opportunities for parents to be involved in planning and review processes, as well as volunteer opportunities and community referrals. Parents overwhelmingly responded they preferred by contacted via email over any other method.

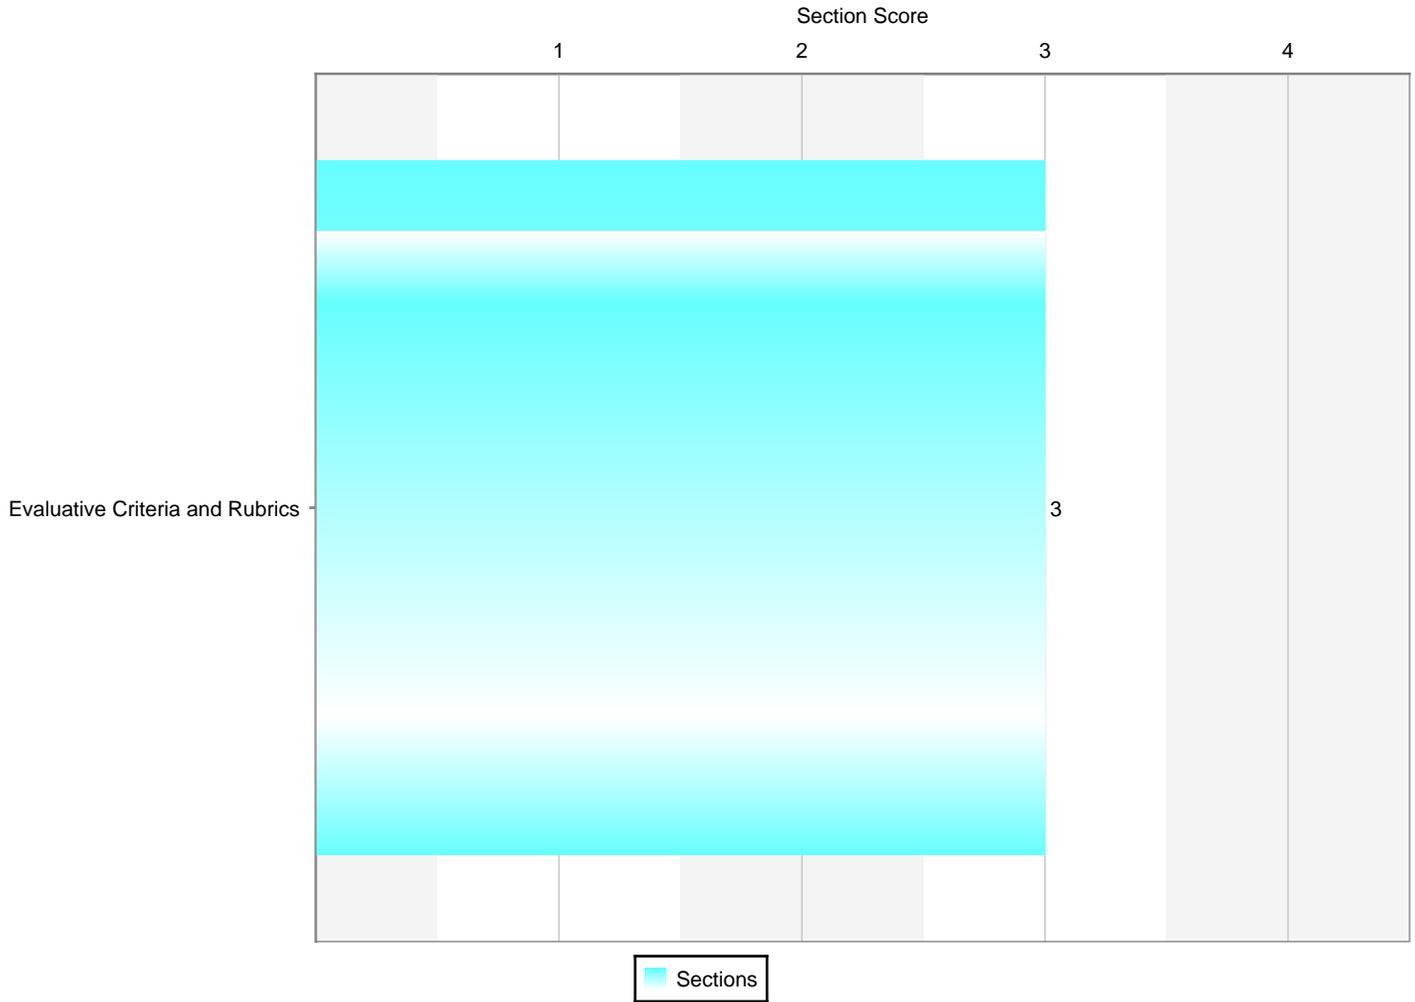

The survey results also showed that the school's culture is very welcoming to parents, and that most parents find it easy to communication with teachers. When they communicate with teachers, parents reported that they found teachers interested in discussing their student's academic progress. The majority of parents also reported that they understand the academic goals set for their students, and the grading/assessment of their student's academic performance.

Which of the above reported findings are consistent with findings from other stakeholder feedback sources?

Survey results are consistent with teacher and administrator reports of informal feedback from parents and the community.

Report Summary

Scores By Section

Title I Schoolwide Diagnostic

Introduction

This diagnostic tool is aligned to requirements for Title I Schoolwide schools. As described in sections 1111(b)(1), 1114 (b)(1)(A)] and 1309(2) of the Elementary and Secondary Education Act (ESEA), the comprehensive needs assessment (CNA) requirement is met by completing a School Process Profile and Summary Report. The comprehensive needs assessment must be completed prior to creating a new plan or annually updating an existing school improvement plan. Use the results of the comprehensive needs assessment to develop Goals/Objectives/Strategies and Activities. Ensure that the Gap Statements and Causes for Gaps included in the Goals information address all four measures of data: student achievement data, school programs/process data, perceptions data (must include teachers and parents; student data is encouraged), and demographic data. The Comprehensive Needs Assessment must also take into account the needs of migratory children as defined in Title I, Part C, Section 1309(2).

Component 1: Comprehensive Needs Assessment

1. How was the comprehensive needs assessment conducted?

A committee made up of faculty members and administrators was formed to gather pertinent data to be used for the development of the School Technology Plan. Ideas for improvement were generated for the plan through a series of meetings. Stakeholders were selected on a voluntary basis and informed of their roles through meetings and via email. Meetings were held after school to accommodate faculty schedules. All faculty members participated in the Alabama Technology Transform 2020 Survey for Teachers online, which provided the data for this year's planning

2. What were the results of the comprehensive needs assessment?

Students at BCHS are performing below State standards on both the PLAN and ACT assessments. Student were also determined to be behind in the areas of reading and math.

3. What conclusions were drawn from the results?

The Needs Assessment team concluded that BCHS students were deficient in several areas of Math and Reading. BCHS will increase the targeted intervention in both Math and reading. BCHS will work to increase the rigor in all core classes, teachers and administrators will participate in research based professional development to maximize the academic success for all students.

4. What information was concluded as a result of analyzing perception, student achievement, school programs/process, and demographic data?

The overall area that needs improvement is the area of testing. Under Plan 2020 all students are to be college and career ready when they leave our school. data such as the ACT shows that most of our students are not reaching the benchmark scores that correlate to be college ready. All areas of the school improvement plan are geared to reaching the standards that indicate that our students are college and career ready.

5. How are the school goals connected to priority needs and the needs assessment?

Data has shown that BCHS has several needs. These include having all students college and closing the achievement gap between all subgroups. The goals are aligned with these needs. We have goals associated with the students that are below grade level in math and reading, there are goals associated with improving test scores such as Plan and ACT. These score are indicators of our students being College and/or Career ready. There is a goal associated with increasing student use of technology in the classroom. This goal is connected the Plan 2020 initiative.

6. How do the goals portray a clear and detailed analysis of multiple types of data?

The goals are specific to the data in each area. The needs assessment is based of many different data sources and all sources show the need for the assigned goals.

7. How do the goals address the needs of the whole school population and special recognition to children who are disadvantaged?

The goals at BCHS address the needs of all sub-groups. The goals are aligned with closing the achievement gap for all students, including students that are working below grade level and students in Honors and AP curriculum.

Component 2: Schoolwide Reform Strategies

1. Identify the strategies in the schoolwide plan that focus on helping all students reach the State's standards.

Goal 1:

Bibb County High School students, teachers, and administrators will effectively use technology as an integrated tool for teaching, leading, and learning to master local, state, and national standards.

Measurable Objective 1:

A 15% increase of Ninth, Tenth, Eleventh and Twelfth grade Black or African-American, Asian, White, Economically Disadvantaged, Gifted and Talented, Hispanic or Latino, Students with Disabilities, English Learners, Two or More Races, American Indian or Alaska Native and Native Hawaiian or Other Pacific Islander students will demonstrate a proficiency in digital literacy in Reading by 05/20/2016 as measured by increased use of wikis, blogs, and other Internet sources for communication. Students will use email to turn in assignments or projects on a regular basis, and be comfortable with using basic software..

Strategy1:

Professional Development - Teachers will receive additional professional development opportunities to complete projects or assignments using technology to increase digital literacy with students.

Category:

Research Cited: This strategy is supported by the State Department of Education and information provided by the ALEX team on the state website.

Activity - Workshop on digital literacy	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Teachers will attend a workshop to promote digital literacy.	Technology	08/10/2015	05/20/2016	\$0 - No Funding Required	John Simmer

Strategy2:

Teachers will integrate student use of technology into their daily lesson plans more frequently - Teachers will show student technology use in daily lesson activities within their lesson plans on a more frequent basis.

Category:

Research Cited: This strategy is supported by information found on the State Department of Education's ALEX website.

Activity - Expand student use of technology in daily work	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Teachers will expand student use of technology in daily classwork. This will be reflected in the teacher lesson plans.	Direct Instruction	08/03/2015	05/20/2016	\$1295 - Title I Part A	All faculty. \$1295.35 in Title I funds will be spent on projector bulbs and miscellaneous technology needs to facilitate this activity.

Goal 2:

Increase targeted intervention for at-risk students in Math

Measurable Objective 1:

A 15% increase of Ninth, Tenth, Eleventh and Twelfth grade Black or African-American, Asian, Bottom 30%, White, Economically Disadvantaged, Gifted and Talented, Hispanic or Latino, Students with Disabilities, English Learners, Two or More Races, American Indian or Alaska Native and Native Hawaiian or Other Pacific Islander students will demonstrate a proficiency in mathematics ability at the minimum necessary for grade level performance in Mathematics by 05/20/2016 as measured by at-risk math students being identified and having received targeted intervention..

Strategy1:

Data Analysis and Scheduled Interventions - Using existing data from STAR Math and ASSIST (ARMT) testing, along with AMSTI evaluation data, ACT Explore and Plan, and data from our End of Course assessments, we will identify students in need of targeted intervention. All students identified will be scheduled for intervention.

Category:

Research Cited: All assessments and data sources are research based.

Activity - Identify at-risk students from analysis of the data	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Analyze data from existing sources including ACT Explore/Plan, AR Math, and AMSTI to identify students needing targeted intervention in math. Schedule ongoing intervention for at-risk students.	Academic Support Program	08/03/2015	05/20/2016	\$0 - No Funding Required	Registrar, Counselor, Special Ed. Department staff

Goal 3:

Increase targeted intervention for at-risk students in Reading

Measurable Objective 1:

A 15% increase of Ninth, Tenth, Eleventh and Twelfth grade Black or African-American, Asian, Bottom 30%, White, Economically Disadvantaged, Gifted and Talented, Hispanic or Latino, Students with Disabilities, English Learners, Two or More Races, American Indian or Alaska Native and Native Hawaiian or Other Pacific Islander students will demonstrate a proficiency in reading ability at the minimum necessary for grade level performance in Reading by 05/20/2016 as measured by at-risk reading students being identified and having received targeted intervention..

Strategy1:

Data Analysis and Scheduled Interventions - Using existing data from STAR Reading and ASSIST (ARMT) testing, along with AMSTI evaluation data, ACT Explore and Plan, and data from our End of Course assessments, we will identify students in need of targeted intervention. All students identified will be scheduled for intervention.

Category:

Research Cited: All assessments and data sources are research based.

Activity - Instructional Coach	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
BCHS has encumbered a teaching unit to work as an instructional coach and remediation teacher during the school day. The local instructional coach has worked closely with the District coaches and Ms. Viki Dill from the State. Ms. Dill has given a great deal of support to help prepare the school based coach in working with our teachers. We would like to request Mrs Dill for 3-5 days per month.	Academic Support Program Technology	08/03/2015	05/20/2016	\$0 - No Funding Required	Remediation Faculty and Staff Instructional coaches both local and district. State support (Viki Dill)

Activity - Identify at-risk students from analysis of existing data and schedule for intervention	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Analyze data from existing sources including ACT Explore/Plan, AR Reading, and AMSTI to identify students needing targeted intervention in reading. Schedule ongoing intervention for at-risk students.	Academic Support Program	08/03/2015	05/20/2016	\$0 - No Funding Required	Registrar, Counselor, Special Ed. Department staff

Strategy2:

Vocabulary Building - Teachers will focus on building student vocabulary within content areas in their daily lesson plans. Vocabulary instruction will be aimed at improving student performance on the ACT. Teachers will monitor individual student progress within the class through formal and/or informal assessment. The principal will monitor teacher implementation.

Category:

Research Cited: ACT and PLAN score results

Activity - Vocabulary Building	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Teachers will provide Direct Instruction to students on vocabulary in their respective content areas.	Direct Instruction	08/03/2015	05/20/2016	\$0 - No Funding Required	All Faculty

Goal 4:

To improve student achievement in all content areas in order for students to graduate College and Career Ready

Measurable Objective 1:

A 15% increase of Ninth, Tenth, Eleventh and Twelfth grade Black or African-American, Asian, Bottom 30%, White, Economically Disadvantaged, Gifted and Talented, Hispanic or Latino, Students with Disabilities, English Learners, Two or More Races, American Indian or Alaska Native and Native Hawaiian or Other Pacific Islander students will demonstrate a proficiency in the ACT Explore and Plan assessments in English Language Arts by 05/20/2016 as measured by students showing an increase in their proficiency taking the ACT Plan and Explore assessments, measured by improvements in test performance.

Strategy1:

Remediation for 10th-12th grades - Use Global Scholar to assess students achievement levels. Schedule students into appropriate remediation classes based on their levels. Remediation instruction will be planned based on student needs.

Category:

Research Cited: RTI

Activity - Remediation	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
All students 2 grades or more below grade level according to Global Scholar will be scheduled for a remediation class.	Academic Support Program	08/03/2015	05/20/2016	\$0 - No Funding Required	Registrar, Counselor, and appropriate faculty.

Strategy2:

Implement appropriate Tier 2 strategies. - A closure activity (after strategy) will be assigned each day. The teacher will analyze the closure activity to determine mastery and non-mastery of the daily outcome.

Category:

Research Cited: RTI

Activity - Tier 2 support	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
After closure activities are analyzed, Tier 2 support will be provided through a follow-up activity to clear up any confusion and misconceptions identified. This will be done using a small group pull-aside and/or other appropriate activities. 100 % of teachers will document Tier 2 support on the Reflection section of lesson plans. Evaluate students receiving Tier 2 support and strategies being used; provide professional development during planning times and/or coaching as appropriate.	Academic Support Program	08/03/2015	05/20/2016	\$0 - No Funding Required	All faculty members.

Strategy3:

Implement focused Tier 3 Intervention for identified 9th graders. - Incoming 9th graders will be assessed during the spring of their 8th grade year to identify students who may be at-risk of high school failure. These students will be scheduled into an Intervention course. At-risk students will receive individualized instruction to target identified needs.

Category:

Research Cited: RTI

Activity - Tier 3 support	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Students in Tier 3 will receive intensive small group support using research based strategies.	Technology	08/03/2015	05/20/2016	\$0 - No Funding Required	Remediation Faculty and Staff

Strategy4:

ACT Question Bellringers - Teachers will use ACT example questions for Bellringer activities several times per week.

Category:

Research Cited:

Activity - ACT Bellringers	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Teachers will use ACT example questions for Bellringers several times per week.	Direct Instruction	08/03/2015	05/20/2016	\$0 - No Funding Required	All Faculty - Principal monitor implementation

Strategy5:

Implement Best Practice instructional strategies to strengthen RTI Tier I instruction. - Lesson plans will reflect purposeful planning for effective instruction through the use of best-practice techniques. Specifically, lesson plans will show clearly identified standards and daily outcomes. Daily outcomes will reflect varying levels from Bloom's Taxonomy. Classroom assignments will be clearly tied to the daily outcome and standard. Before, During, and After activities will be used to teach the lesson. The After (closure) activity should be directly tied to the daily outcome. Formative assessment will be used with each part of the lesson.

Category:

Research Cited: RTI

Activity - Lesson Monitoring	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Up-to-date lesson plans should be submitted each week and posted outside each teacher's door daily. Frequent monitoring of lesson plans and classroom walk-throughs will be used to ensure that effective lesson planning is carried through to effective classroom instruction.	Academic Support Program	08/03/2015	05/20/2016	\$0 - No Funding Required	All faculty members

Goal 5:

2015 - 2016 Professional Development Plan

Measurable Objective 1:

collaborate to continue implementing the Common Core College and Career Readiness Standards in the classroom by 05/20/2016 as measured by the completion of training sessions and evidence of CCRS instructional alignment within teacher classrooms and lesson plans.

Strategy1:

Professional Development - Faculty will attend training in the form of professional development workshops and meetings aligned with the State Dept. of Education CCRS implementation focused on classroom instruction through unit and lesson planning.

Category:

Research Cited: CCRS

Activity - CCRS Turnaround Training - Science	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible

Activity - Professional Development Technology Training	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Websites, Blogs, Wikis, Learning Management Systems, also focusing on use of Chalkable / iNow	Technology	01/05/2016	01/05/2016	\$0 - No Funding Required	Jay Alston, John Hooper, John Simmer

2. Identify the strategies in the schoolwide plan that increase the quality and quantity of instruction.

Goal 1:

Bibb County High School students, teachers, and administrators will effectively use technology as an integrated tool for teaching, leading, and learning to master local, state, and national standards.

Measurable Objective 1:

A 15% increase of Ninth, Tenth, Eleventh and Twelfth grade Black or African-American, Asian, White, Economically Disadvantaged, Gifted and Talented, Hispanic or Latino, Students with Disabilities, English Learners, Two or More Races, American Indian or Alaska Native and Native Hawaiian or Other Pacific Islander students will demonstrate a proficiency in digital literacy in Reading by 05/20/2016 as measured by increased use of wikis, blogs, and other Internet sources for communication. Students will use email to turn in assignments or projects on a regular basis, and be comfortable with using basic software..

Strategy1:

Professional Development - Teachers will receive additional professional development opportunities to complete projects or assignments using technology to increase digital literacy with students.

Category:

Research Cited: This strategy is supported by the State Department of Education and information provided by the ALEX team on the state website.

Activity - Workshop on digital literacy	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Teachers will attend a workshop to promote digital literacy.	Technology	08/10/2015	05/20/2016	\$0 - No Funding Required	John Simmer

Strategy2:

Teachers will integrate student use of technology into their daily lesson plans more frequently - Teachers will show student technology use in daily lesson activities within their lesson plans on a more frequent basis.

Category:

Research Cited: This strategy is supported by information found on the State Department of Education's ALEX website.

Activity - Expand student use of technology in daily work	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Teachers will expand student use of technology in daily classwork. This will be reflected in the teacher lesson plans.	Direct Instruction	08/03/2015	05/20/2016	\$1295 - Title I Part A	All faculty. \$1295.35 in Title I funds will be spent on projector bulbs and miscellaneous technology needs to facilitate this activity.

Goal 2:

Create a BYOD Pilot classroom

Measurable Objective 1:

collaborate to create a BYOD classroom by 05/20/2016 as measured by students using their own devices in the pilot class.

Strategy1:

Develop a pilot BYOD classroom - Selected teachers will work with administration to develop protocol for a BYOD classroom pilot program.

Category:

Research Cited:

Activity - BYOD implementation in pilot program	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Small group of teachers will work with district and school level administration to develop and implement a BYOD pilot program in their classrooms.	Technology	08/03/2015	05/20/2016	\$0 - No Funding Required	Pilot program staff and administration

Goal 3:

Increase targeted intervention for at-risk students in Math

Measurable Objective 1:

A 15% increase of Ninth, Tenth, Eleventh and Twelfth grade Black or African-American, Asian, Bottom 30%, White, Economically Disadvantaged, Gifted and Talented, Hispanic or Latino, Students with Disabilities, English Learners, Two or More Races, American Indian or Alaska Native and Native Hawaiian or Other Pacific Islander students will demonstrate a proficiency in mathematics ability at the minimum necessary for grade level performance in Mathematics by 05/20/2016 as measured by at-risk math students being identified and having received targeted intervention..

Strategy1:

Data Analysis and Scheduled Interventions - Using existing data from STAR Math and ASSIST (ARMT) testing, along with AMSTI evaluation data, ACT Explore and Plan, and data from our End of Course assessments, we will identify students in need of targeted intervention. All students identified will be scheduled for intervention.

Category:

Research Cited: All assessments and data sources are research based.

Activity - Instructional coaches	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
District instructional coaches will assist BCHS staff in identifying at risk students in math. This data will be used in conjunction with the student data room to assist in developing remediation for individual students.	Academic Support Program	08/06/2015	05/27/2016	\$0 - No Funding Required	Jay Alston John Hooper Hollie Tillary Angela Harbin

Activity - Identify at-risk students from analysis of the data	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Analyze data from existing sources including ACT Explore/Plan, AR Math, and AMSTI to identify students needing targeted intervention in math. Schedule ongoing intervention for at-risk students.	Academic Support Program	08/03/2015	05/20/2016	\$0 - No Funding Required	Registrar, Counselor, Special Ed. Department staff

Goal 4:

Increase targeted intervention for at-risk students in Reading

Measurable Objective 1:

A 15% increase of Ninth, Tenth, Eleventh and Twelfth grade Black or African-American, Asian, Bottom 30%, White, Economically Disadvantaged, Gifted and Talented, Hispanic or Latino, Students with Disabilities, English Learners, Two or More Races, American Indian or Alaska Native and Native Hawaiian or Other Pacific Islander students will demonstrate a proficiency in reading ability at the minimum necessary for grade level performance in Reading by 05/20/2016 as measured by at-risk reading students being identified and having received targeted intervention..

Strategy1:

Data Analysis and Scheduled Interventions - Using existing data from STAR Reading and ASSIST (ARMT) testing, along with AMSTI evaluation data, ACT Explore and Plan, and data from our End of Course assessments, we will identify students in need of targeted intervention. Activity - Tier 2 support	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
After closure activities are analyzed, Tier 2 support will be provided through a follow-up activity to clear up any confusion and misconceptions identified. This will be done using a small group pull-aside and/or other appropriate activities. 100 % of teachers will document Tier 2 support on the Reflection section of lesson plans. Evaluate students receiving Tier 2 support and strategies being used; provide professional development during planning times and/or coaching as appropriate.	Academic Support Program	08/03/2015	05/20/2016	\$0 - No Funding Required	All faculty members.

6. English Language Proficiency Goal (Should address identified weaknesses and gaps):**Goal 1:**

Increase targeted intervention for at-risk students in Reading

Measurable Objective 1:

A 15% increase of Ninth, Tenth, Eleventh and Twelfth grade Black or African-American, Asian, Bottom 30%, White, Economically Disadvantaged, Gifted and Talented, Hispanic or Latino, Students with Disabilities, English Learners, Two or More Races, American Indian or Alaska Native and Native Hawaiian or Other Pacific Islander students will demonstrate a proficiency in reading ability at the minimum necessary for grade level performance in Reading by 05/20/2016 as measured by at-risk reading students being identified and having received targeted intervention..

Strategy1:

Vocabulary Building - Teachers will focus on building student vocabulary within content areas in their daily lesson plans. Vocabulary instruction will be aimed at improving student performance on the ACT. Teachers will monitor individual student progress within the class through formal and/or informal assessment. The principal will monitor teacher implementation.

Category:

Research Cited: ACT and PLAN score results

Activity - Instructional coaches	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
District instructional coaches will assist BCHS staff in identifying at risk students in reading. This data will be used in conjunction with the student data room to assist in developing remediation for individual students.	Academic Support Program	08/06/2015	05/27/2016	\$0 - No Funding Required	Instructional coaches and all faculty and administration

Activity - Vocabulary Building	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Teachers will provide Direct Instruction to students on vocabulary in their respective content areas.	Direct Instruction	08/03/2015	05/20/2016	\$0 - No Funding Required	All Faculty

Strategy2:

Data Analysis and Scheduled Interventions - Using existing data from STAR Reading and ASSIST (ARMT) testing, along with AMSTI evaluation data, ACT Explore and Plan, and data from our End of Course assessments, we will identify students in need of targeted intervention. All students identified will be scheduled for intervention.

Category:

Research Cited: All assessments and data sources are research based.

Activity - Instructional Coach	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
BCHS has encumbered a teaching unit to work as an instructional coach and remediation teacher during the school day. The local instructional coach has worked closely with the District coaches and Ms. Viki Dill from the State. Ms. Dill has given a great deal of support to help prepare the school based coach in working with our teachers. We would like to request Mrs Dill for 3-5 days per month.	Academic Support Program Technology	08/03/2015	05/20/2016	\$0 - No Funding Required	Remediation Faculty and Staff Instructional coaches both local and district. State support (Viki Dill)

Activity - Identify at-risk students from analysis of existing data and schedule for intervention	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Analyze data from existing sources including ACT Explore/Plan, AR Reading, and AMSTI to identify students needing targeted intervention in reading. Schedule ongoing intervention for at-risk students.	Academic Support Program	08/03/2015	05/20/2016	\$0 - No Funding Required	Registrar, Counselor, Special Ed. Department staff

7. Identify the strategies in the schoowide plan that provide an enriched and accelerated curriculum for select students and support progress for all students.

Goal 1:

Increase targeted intervention for at-risk students in Math

Measurable Objective 1:

A 15% increase of Ninth, Tenth, Eleventh and Twelfth grade Black or African-American, Asian, Bottom 30%, White, Economically Disadvantaged, Gifted and Talented, Hispanic or Latino, Students with Disabilities, English Learners, Two or More Races, American Indian or Alaska Native and Native Hawaiian or Other Pacific Islander students will demonstrate a proficiency in mathematics ability at the minimum necessary for grade level performance in Mathematics by 05/20/2016 as measured by at-risk math students being identified and having received targeted intervention..

Strategy1:

Data Analysis and Scheduled Interventions - Using existing data from STAR Math and ASSIST (ARMT) testing, along with AMSTI evaluation data, ACT Explore and Plan, and data from our End of Course assessments, we will identify students in need of targeted intervention. All students identified will be scheduled for intervention.

Activity - ACT Bellringers	Activity Type	Begin Date	End Date	Funding Amount & Source	Staff Responsible
Teachers will use ACT example questions for Bellringers several times per week.	Direct Instruction	08/03/2015	05/20/2016	\$0 - No Funding Required	All Faculty - Principal monitor implementation

Component 3: Instruction by Highly Qualified Staff

Label	Assurance	Response	Comment	Attachment
	1. Do all of the instructional paraprofessionals meet the NCLB requirements for highly qualified? If no, what is the number that is not highly qualified and what is being done to address this?	No	All paraprofessionals are hired to work with our special education population based on individual student needs. The administration at BCHS will review steps necessary for the paraprofessionals to be highly qualified.	

Label	Assurance	Response	Comment	Attachment
	2. Do all of the teachers meet the NCLB requirements for highly qualified? If no, what is the number that is not highly qualified and what is being done to address this?	No	There is one teacher at BCHS teaching out of field. This teacher is currently in the process of becoming Highly Qualified.	

3. Describe how staffing decision ensure that highly qualified, well trained teachers provide instruction and how their assignments most effectively address identified academic needs.

At BCHS an effort is made to hire the most qualified applicants available in their subject area. An organized and detailed professional development curriculum is provided to all teachers on an ongoing status. Teachers at BCHS are instructed to use formal and informal data to drive classroom instruction. The Leadership team reviews the data from assessments such as PLAN, EXPLORE, ACT, and End of Course test to drive the overall curriculum needs of the school.

Component 4: Strategies to Attract Highly Qualified Teachers

1. What is the school's teacher turnover rate for this school year?

The teacher turnover this year was 11.5%.

2. What is the experience level of key teaching and learning personnel?

The average teacher has 12.2 years of experience.

3. What are specific initiatives the school has implemented to attract and retain high quality teachers regardless of the turnover rate?

We have attended college career fairs to try to attract teachers to the Bibb County district. We work to instill a school culture that is inviting to teachers and support staff.

4. What are specific initiatives the district has implemented to attract and retain highly qualified teachers regardless of the turnover rate?

We have attended college career fairs to try to attract teachers to the Bibb County district. We work to instill a school culture that is inviting to teachers and support staff.

5. If there is a high turnover rate, what initiatives has the school implemented to attempt to lower the turnover rate of highly qualified teachers?

The 11.5% turnover rate was because we had three teachers leave this year. One teacher retired, one teacher moved to another area of the state, and one teacher took coaching position in another school.

Component 5: High Quality and Ongoing Professional Development

1. Identify the professional development activities included in the schoolwide plan that are high quality, effective, and research-based?

The book study of "The Core Six, Essential Strategies for Achieving Excellence" is based on high quality effective research based strategies. The ARI training through the district instructional coaches is derived from research based teaching strategies. Research shows that continuous tracking of student performance can improve student achievement.

2. Identify the professional development opportunities for teachers, principals, paraprofessionals, other staff, and parents that are included in the schoolwide plan?

BCHS provides ongoing professional development for teachers and staff. The professional development opportunities are correlated to the school-wide plan.

3. Identify the teacher mentoring activities included in the schoolwide plan. For example, new or inexperienced teachers are given support from an assigned master teacher.

All first year teachers are assigned a veteran teacher as a year-long mentor. First year teachers and mentors attended a one day orientation session provided by the district.

4. Describe how this professional development is "sustained and ongoing."

We have developed our professional development to be ongoing over an extended period of time. One of our goals is designed to follow a group of at-risk students for a four year period.

Component 6: Transition Strategies

1. Identify the strategies in the schoolwide plan that support and assist students in transitioning from one grade level to the next. For example, preschool preparation for Kindergarten and/or eighth grade transition to high school.

All incoming ninth graders will take High School 101 which is a transition course that teaches study habits, introduces them to skills need to be successful in the classroom as well as standardized testing. The course also covers social interaction issues such as bullying and peer pressure, to better help the students adjust to being in a new school environment. Freshman also take a Career Prep which has them take aptitude test to show possible ares of interest so that their schedule can be adjusted to include those areas when possible. They also develop a four year educational plan that is updated each year. All 12th graders will take a transition class Senior Forum where they will start preparing for the transition out of high school. They fill out applications for college and work on completing their financial aid information. they also learn how to fill out job applications both online and in person. The seniors also complete a service learning project that has some community benefit.

Component 7: Teacher Participation in Making Assessment Decisions

1. What measures are in place to include teachers in decisions regarding the use of results of statewide academic assessments?

The leadership team always looks at the latest assessment data to develop the school wide plan and ACIP. This data is used to drive professional development, remediation, scheduling, etc.

Component 8: Timely and Additional Assistance to Students Having Difficulty Mastering the Standards

1. What is the process to identify students who experience difficulty mastering the State's academic achievement assessment standards at an advanced or proficient level?

Student data is reviewed by the counselor and administration at each administration

2. How is timely, effective, additional assistance provided to students who are experiencing difficulty mastering the State's academic achievement assessment standards at an advanced or proficient level?

Students are assigned a ACT prep class starting in the 9th grade year, based on previous assessments scores. These students are tracked as at risk and placed in the appropriate remediation classes.

3. How are students' individual needs being addressed through differentiated instruction in the classroom?

All teachers are trained in differentiated instruction and participate in on going coaching from both the local and district instructional coaches.

4. Describe how the school provides opportunities for the most academically needy students to receive support and reinforcement of academic skills BEYOND THE REGULAR SCHOOL DAY.

Most teachers have after school tutoring hours that are available to all students. We have utilized district funds to have after school tutors available.

5. Describe procedures used to address challenges for EACH group of Migrant, English Language Learners, Economically Disadvantaged, Special Education, Neglected and/or Delinquent, and Homeless Students.

The school counselor monitors each of the listed subgroups of students. There are plans in place for each group of students to provide additional services as needed,

6. Special Populations as listed in the Carl D. Perkins Career and Technical Education Act of 2006 - Describe procedures used to address challenges for EACH group of individuals with disabilities, individuals from economically disadvantaged families (including foster children), individuals preparing for non-traditional fields, single parents (including single pregnant women), displaced homemakers, and individuals with limited English proficiency.

Our counselor monitors these challenges of this group

Component 9: Coordination and Integration of Federal, State and Local Programs and Resources

1. In what ways are the programs coordinated and integrated toward the achievement of the schoolwide goals?

All resources from Federal, State, and Local programs are allocated towards achieving the schoolwide goals. Programs such as the ARI Feeder plan Program and the ARI Strategic Teaching Strategies are interrelated to best serve our teachers and students. The ongoing professional development is related to the goals of the before mentioned program

2. List the State, Federal and local programs that are consolidated/coordinated in the schoolwide program and describe how all programs and resources are coordinated and integrated toward the achievement of the schoolwide goals.

All resources from Federal, State, and Local programs are allocated towards achieving the schoolwide goals. Programs such as the ARI Feeder plan Program and the ARI Strategic Teaching Strategies are interrelated to best serve our teachers and students. The ongoing professional development is related to the goals of the before mentioned program

3. How does the school coordinate and integrate the following Federal, State and local services in a manner applicable to the grade level to support achievement of the schoolwide goals: violence prevention programs, nutrition programs, housing programs, Head Start, adult education, vocational and technical education, and job training.

The Federal, State and Local resources are allocated to reach the schoolwide goals. We address Vocational and Technical education, and job training. in our Career Prep class as well as through the Bibb County Career Academy

Component 10: Evaluation

1. How does the school evaluate the implementation of the schoolwide program?

The Leadership team meets throughout the year to evaluate the schoolwide plan. The student data is addressed in the teacher Data meetings and the student RTI program. We use ongoing data from STAR assessments, End of Course testing, PLAN, ACT and classroom assessments to direct changes in the schoolwide plan.

2. How does the school evaluate the results achieved by the schoolwide program using data from the State's annual assessments and other indicators of academic achievement?

The Leadership team meets throughout the year to evaluate the schoolwide plan. The student data is addressed in the teacher Data meetings and the student RTI program. We use ongoing data from STAR assessments, End of Course testing, PLAN, ACT and classroom assessments to direct changes in the schoolwide plan.

3. How does the school determine whether the schoolwide program has been effective in increasing the achievement of students who are furthest from achieving the standards?

We use many sources to evaluate the achievement of students that are below grade level. The RTI team meets regularly to address the needs of these students, the Special Education teachers frequently evaluate the status of their students. The data from these evaluation is used to direct individual instruction for struggling students

4. What process is followed by the school to revise the plan as necessary, based on the evaluation, to ensure continuous improvement of students in the schoolwide program?

The Leadership team reviews the data throughout the year and reports this information to the faculty in Data meetings and/or faculty meetings. The faculty discussing the data and makes recommendations to help achieve the schoolwide goals.

5. Are there any goals you are keeping from the previous year? If so, describe the progress in meeting these goals.

There a several goals that we are keeping from the 2014-2015 ACIP.

6. What goals did you change from your previous year's CIP? Why did you delete or change these goals?

most of the goals were included on the 2015 ACIP from the previous year, because we had not reached our level of desired proficiency. We added a goal for College and Career standards that was not in the previous years plan.

Coordination of Resources - Comprehensive Budget

Strategies to Increase Parental Involvement

Introduction

All Title I Schoolwide and Targeted Assistance Schools must complete the following diagnostics: the Stakeholder Feedback Diagnostic, the Parent Involvement Diagnostic, the Coordination of Resource/Comprehensive Budget Diagnostic, and EITHER the Title I Targeted Assistance Diagnostic OR the Title I Schoolwide Diagnostic. Parent Survey must be done annually, but it can be done electronically or by paper.

Strategies to Increase Parental Involvement

1. Describe how the school will convene an annual meeting to inform parents of the school's participation in Title I and explain Title I requirements, including the 1% set-aside, and the right of parents involved.

As a part of the district-wide Parental Involvement Day Bibb County High School will hold its annual meeting for parents of all participating children. Parents will be notified of the meeting by notices sent home in a language that they can understand, when appropriate.

Topics discussed at this meeting included:

- Title I participation, its services and parent's rights
- The school's curriculum and the state's content standards
- The Continuous Improvement Plan
- School-Parent Compacts

Title I participation and requirements were also discussed during the parent/student orientation meetings at the beginning of the school year.

2. Describe: 1) How there will be a flexible number and format of parent meetings offered; 2) How parents will be involved in the planning, review and improvement of the Title I Program (Note: State the school's process for how all Title I parents have the opportunity for involvement in decision-making.); and 3) How funds allocated for parent involvement are being used in the school.

Throughout the school year Bibb County High School offers parent meetings (both during and after school hours) and may provide transportation, child care, or home visits as such services relate to parental involvement, in order to comply with Title I funding requirements.

Bibb County High school involves parents in the planning, review, and improvement of the parental involvement policy and joint development of the School Wide Plan and improvement of the Title I Program. Opportunity is given to parents to review the School Wide Plan, including the Parental Involvement Plan, during the review process at the end of each school year. Parents are encouraged to give insight into the activities, training, or materials the school could offer during the next school year. Parents are also surveyed during the year to provide additional opportunities for feedback.

Funds allocated for parent involvement are used in accordance with Title I requirements.

3. Describe how the school provides parents of participating children timely information in a uniform format and, to the extent practicable in a language they can understand, about programs under Title I, a description and explanation of the curriculum in use, forms of academic assessments, and achievement expectations used, and, if requested by parents, opportunities for regular meetings to formulate suggestions and participate as appropriate in decisions related to the education of their children.

the curriculum in use at the school, the forms of assessment used to measure student progress, and the proficiency levels students are expected to meet. In addition, when requested by the parents, Bibb County High School will provide opportunities for regular meetings to formulate suggestions and to participate, as appropriate in decisions relating to the education of their children, and to respond to any such suggestions as soon as practicably possible. Parents are also encouraged to visit their child's teachers on the two Statewide Parent Visitation days held each year.

4. Describe how parents, the school staff, and students share responsibility for improved student academic achievement for participating students (How the School-Parent Compact is jointly developed with Title I parents; how it is used, reviewed, and updated).

Parents are given the opportunity to jointly develop and annually review the school-parent compact. The compact outlines how parents, school faculty, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help students achieve the State's high standards.

5. Describe procedures to allow parents to submit comments of dissatisfaction with the Continuous Improvement Plan.

Each spring when the School Parent Involvement Plan is under revision all parents are invited to attend a planning meeting to provide input and suggestions for the plan. Parents may also express written/verbal comments on the plan when the school makes the plan available to the local educational agency.

6a. Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See NCLB Section 1118, requirements for building capacity in parental involvement.)

To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:

Shall provide training for parents of participating children in understanding such topics as the State's academic content standards and State student academic achievement standards, State and local academic assessments, the requirements of Title I, and how to monitor their child's progress and work with teachers to improve the achievement of their children. (Describe)

To ensure effective involvement for parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:

1. Shall provide training for parents of participating children in understanding such topics as the State's academic content standards and State student academic achievement standards, State and local academic assessments, the requirements of Title I, and how to monitor their child's progress and work with teachers to improve the achievement of their children.

- Hold an orientation session for parents before the school year begins and an annual meeting during the first few months of school to provide information on the Title I program as well as information about state and local assessments as well as the curriculum.

2. Shall provide materials and training to help parents to work with their children to improve their children's achievement, such as literacy

training and using technology, as appropriate to foster parental involvement.

- Provide newsletters on Parent Visitation Day with helpful hints on improving student academic achievement and provide workshops as requested and needed.

3. Shall educate teachers, office personnel, and other school staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school.

- Parental involvement professional development opportunities will be provided through system-wide in-service programs when available and monthly faculty meetings when needed.

4. Shall to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other federal program, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.

- This CIP ensures that all school programs work together to accomplish the same goals.

- Hold multiple parent involvement meetings, both morning and evening hours, and provide parents with a calendar of events listing school programs and activities.

5. Shall ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format and to the extent practicable, in a language the parents can understand.

- Utilize Home Language Surveys to determine the language of parents

- When feasible, attain translate copies of newsletters, forms, announcements, etc.

6b. Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See NCLB Section 1118, requirements for building capacity in parental involvement.)

To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:

Shall provide materials and training to help parents to work with their children to improve their children's achievement, such as literacy training and using technology, as appropriate, to foster parental involvement. (Describe)

The school administrators will work to educate teachers, office personnel, and other school staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school. This will take place during faculty meetings and professional development throughout the year.

6c. Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See NCLB Section 1118, requirements for building capacity in parental involvement.)

To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:

Shall educate teachers, office personnel, and other school staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school. (Describe)

Parental involvement professional development opportunities will be provided through system-wide in-service programs when available and in faculty or data meetings when needed. Teachers will be encouraged to call or email parents of their students to communicate academic progress. At the beginning of the school year, all parents will be sent written notification of the opportunity to access iNow at any time for free, to view their students' grades.

6d. Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See NCLB Section 1118, requirements for building capacity in parental involvement.)

To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:

Shall to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other federal programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.(Describe)

Over the course of the school year parent involvement meetings will be scheduled during both morning and evening hours. The school website displays a calendar of events listing school programs and activities, teacher email addresses and teacher websites, and information on a number of school programs. The school Facebook page also provides a means for communicating to parents and the community about activities, meetings, and events. Additionally, the district uses an automated calling service to contact all parents about important events and news.

6e. Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See NCLB Section 1118, requirements for building capacity in parental involvement.)

To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve student academic achievement, our school:

Shall ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand. (Describe)

The school will:

- Utilize Home Language Surveys to determine the language of parents
- When feasible, attain translated copies of newsletters, forms, announcements, etc.

6f. Describe how the school will build capacity for parental involvement including how parents will be encouraged to become equal partners in the education of their children? (See NCLB Section 1118, requirements for building capacity in parental involvement.)

To ensure effective involvement of parents and to support a partnership among the school, parents, and the community to improve

student academic achievement, our school:**Shall provide such other reasonable support for parental involvement activities as parents may request. (Describe)**

The school will work to provide written and/or verbal information on Parent Visitation Day about parental activities, with helpful hints on improving student academic achievement. The school will also promote related activities, information, and events on the school website and Facebook page, as well as utilizing the automated calling system to remind parents of scheduled events. The school and/or district will work to provide workshops as requested and needed.

7. Describe how the school will ensure the provision for participation of parents with limited English proficiency, parents with disabilities, and parents of migratory students; including providing information and school reports in a format and, to the extent practicable, in a language that parents can understand.

- Utilize Home Language Surveys to determine the language of parents
- When feasible, attain translate copies of newsletters, forms, announcements, etc.
