

Connect • Engage • Empower

Central Pennsylvania Digital Learning Foundation is focused on making connections and building strong relationships between our learners and learning guides as a foundation for success in a cyber environment.

At *Central Pennsylvania Digital Learning Foundation* we offer customizable and flexible cyber education for students throughout Pennsylvania. Our certified instructors and caring learning guides provide learning experiences that are personalized for each individual learner.

Central Pennsylvania Digital Learning Foundation has been providing students in Kindergarten through grade 12 access to personalized learning opportunities for over 10 years.

Opportunities • Relationships • Partnerships
