Wildomar Elementary Pick Up Procedural Playbook

Please plan on one of the following two routes to pick up your children.

Illinois Street Route

Please enter Illinois from Penrose so that all pick up traffic is facing in the direction of Central.

Pull into the pick up lane where it begins near the corner of Penrose and Illinois.

Once you have your children pull out of the pick up lane and exit Illinois toward Central.

When your car exits out of the pick up lane, pull forward and never leave your vehicle.

Watch for other children, be as safe as possible and, please, no U-turns in a school zone.

Main Entrance Pick up.

Enter the main parking lot from the Central Street entrance.

Do not try to enter the main parking lot if a line has formed out to Central. Please get in line.

Do not leave your car if you are in line and continue moving forward as the line moves.

If safe, once you have your child, feel free to pull out of the pick up lane.

Always exit right onto Palomar Street and, please, no U-turns in a school zone.

Remember that we are all role models for our children. Please set the best example by being pleasant, patient and courteous.
