CULVER CITY UNIFIED SCHOOL DISTRICT VOLUNTEER HANDBOOK 2015/2016

A pessimist, they say, sees a glass of water as being half empty; an optimist sees the same glass as half full. But a giving person sees a glass of water and starts looking for someone who might be thirsty.

SECTION 1000 - INTRODUCTION TO VOLUNTEER HANDBOOK

INTRODUCTION

Whether you have just joined our school district as a volunteer or have been a volunteer for a while, we are confident that you will find Culver City Unified School District to be a professional and productive organization. Your unique talents and abilities are extremely valuable to us and we look forward to a rewarding and successful association. Culver City Unified School District is proud of the professional services we provide to our students, faculty and community members. We believe that our volunteers are a valuable asset and that each of you directly contributes to our continued success.

The handbook for volunteers was developed to establish a framework in which volunteers can advance both the District's objectives and the individual's interests. This book is intended as a summary of information for and responsibilities of volunteers who assist at the Culver City Unified School District. More detailed information is contained in other District documents which include the District Board Policies and Administrative Regulations and site based guides and handbooks.

These documents are issued to volunteers individually upon request, or are made available at each school site. A copy of the district policies and regulations can be found on our District website page: www.ccusd.org. In addition, each school has its own set of procedures unique to that school, but which fall within the parameters of District-wide documents. Volunteers are responsible for the contents of the various handbooks and are expected to follow district policies and regulations.

The Culver City Unified School District, an Equal Opportunity Employer, does not discriminate on the basis of race, color, ethnic group identification, national origin, ancestry, religion, age, marital or parental status, pregnancy, physical or mental disability, medical condition, veteran status, genetic information, gender, gender identity, gender expression, sex, sexual orientation, or the perception of one or more of such characteristics.

MESSAGE FROM THE SUPERINTENDENT

Volunteers provide many valuable services for our schools. Everyone is an expert at something. By volunteering in the Culver City Unified School District, you can share the things you know with people who will really benefit from your time and knowledge – our students.

We need all kinds of volunteers, from people who can speak two languages to those who simply wish to be a chaperone at a sporting event. If you would like to experience the joy of helping a student learn to read, we can arrange that too. The ability to volunteer is limited only by your imagination. If you can dream of it, we can use it.

Make a difference; feel good about yourself and your community by volunteering at a local school. Whether it is one hour or everyday of the school year, we need your help.

David LaRose, Superintendent

The District and Community

Culver City, with a population of 40,000, is a 4.98 square mile area of an incorporated city renowned for its movie studios, pleasant climate and convenient location.

Located eight miles west of downtown Los Angeles, five miles north of Los Angeles International Airport, and a few hours drive from California's mountains and deserts, Culver City is a great place to live, work and volunteer.

The Culver City Unified School District (CCUSD) has a long tradition of educational excellence and high standards. The community is involved, supportive, and proud of its schools.

The Culver City Unified School District offers a high-quality, comprehensive K-12 education program for approximately 6,600 students. A stable and diverse student population gives the District a rich international flavor.

The District is comprised of five (K-5) elementary schools, one middle (6-8), one high school (9-12), and one continuation high school. The District also has Adult Education and Child Development Programs as well as numerous other programs designed to meet individual student needs.

The District has approximately 700 full and part-time certificated and classified staff and many volunteers.

A Sense of Community

Since 1913 when Culver City was founded, the community has walked hand-in-hand with the motion picture industry. Currently, Culver City is the home of Sony Pictures Entertainment, which is the city's top employer. While being the Heart of Screenland, Culver City has maintained its small-town appeal while growing up alongside its larger neighbors. Culver City residents and businesses have developed a special relationship with CCUSD schools that provide CCUSD students with hands-on learning opportunities. In addition, the Culver City Education Foundation has generated thousands of dollars in donations to improve the classroom learning environment for Culver City students.

Award Winning Schools

The District is home to several California Distinguished schools, and one National Blue Ribbon School, and one Title I Academic Achievement Award winner. Students throughout the District score well on national scholastic exams. The District employs over 300 teachers, many of whom have advanced degrees. They are dedicated to effective and innovative teaching that produces real results.

SECTION 3000 - VOLUNTEER PROGRAM

Program

The Volunteer Program is an organization of dedicated persons who work regularly at Culver City Unified School District. It is an extension of the community into our school. Students have the opportunity to see parents and other interested citizens involved in school activities in a helping relationship. The volunteer program makes it possible for schools to receive the benefits of the specialized skills possessed by the volunteers. This involvement helps the educational staff become more responsive to the needs and goals of parents and the community. It provides opportunities for citizens to see their schools in action and helps to develop better community school relations.

The work of the public school classroom teacher is much more complex than that of a few years ago, and is getting increasingly more demanding year by year. We believe that the volunteer, working under the direction of the professionally trained and certificated teacher, makes possible the improvement of the instructional program offered to students in Culver City Unified School District.

Goals

The goals of our volunteer program are to:

- Enrich the school experiences of individual students

The volunteer, through his or her special talents, and individual attention, can develop meaningful personal relationships with students and contribute to motivation for learning.

- Make better use of the human resources available in the community

Enriching experiences that would not otherwise be available in the regular classroom situation can be provided for children.

- Enable the professional school staff to devote fulltime and energy to the duties of classroom teaching

This is made possible by utilizing volunteers in activities of an auxiliary nature.

- Give citizens the opportunity to participate in the educational programs of Culver City Unified School District

- Help the community to better understand and appreciate the needs and contributions of public schools

Orientation

An effective orientation program can be extremely beneficial to both volunteers and to our school district. Through our orientation program we seek to warmly welcome new volunteers, complete necessary paperwork, and convey essential volunteer and District information. Our goal is to reduce the time required for volunteers to become comfortable and productive on their assignment. Therefore, all new volunteers should participate in an orientation program. Check with your site for details.

You will receive a volunteer handbook and an acknowledgement of receipt on your scheduled orientation date. The acknowledgement of receipt must be signed, dated and submitted to your volunteer site.

SECTION 4000 - VOLUNTEER PRACTICES

Guiding Principles

- The volunteer works under the direction and supervision of a certificated person or PTA appointed coordinator.
- The volunteer is not a substitute for a member of the school staff but one supplying supplemental and supportive services.
- A volunteer should not divulge confidential information to which he/she may have access in the classroom or in the school.
- A volunteer's reaction to particular staff members and children must be kept confidential.
- A volunteer should be given specific instructions and the necessary materials for any job he/she undertakes.
- The volunteer has the basic responsibility to be alert to the individual needs of students and to be responsive to the program of the teachers to whom he/she is assigned and the general direction of the principal.
- He/she must be able to work well and discreetly with both students and adults. He/she must be reliable and responsible for assignments which are accepted. He/she must receive all necessary help in becoming oriented to the work and seek such help and advice as may be necessary to carry it out successfully.
- The volunteer must be willing to accept a minor, but very important role in the school organization and must constantly keep in mind the distinctions between the responsibility and authority of the professional staff and those held by the volunteer.
- The volunteer should seek out, and expect all necessary help in clearly identifying the work to be done and the ways in which it should be accomplished. He/she need not hesitate to ask for all needed help. He/she should be willing to offer suggestions for ways in which his/her services may be more effective.

The principal shall take appropriate action as set forth in District policy.

Attendance and Dependability

Absenteeism and tardiness disrupt the instructional program. Therefore, good attendance, punctuality, and dependability are encouraged for all volunteers.

Performance

Volunteers are expected to perform their jobs, efficiently, effectively, and in accordance with established procedures. Examples of unacceptable performance include:

- Refusal to work volunteer assignments
- Insubordination or failing to follow teacher's directions
- Unprofessional conduct or rudeness to students, employees or community members
- Violation of safety rules

Honesty and Integrity

Volunteers are expected to demonstrate honesty and professionalism at all times.

Appearance and Grooming

The nature of our business demands that a volunteer's appearance reflect an appropriate professional image and be consistent with the volunteer's duties. Dress, grooming, and hygiene should be appropriate for a school setting. There is also a need to maintain safety. Volunteers with special needs or questions or concerns regarding dress and grooming standards should contact Human Resources.

Confidentiality

Maintaining confidentiality is a condition of volunteering. Volunteers are responsible for acting with complete professionalism when discussing school business or handling school information. Information, files, documents, records, plans, and other materials relating to Culver City Unified School District, its employees, and students are considered confidential. The School District's general business affairs should not be discussed with anyone outside the organization except as required in the normal course of business. Inappropriate release of confidential information, either internally or externally will result in corrective action including possible termination from volunteer status. All questions and requests for confidential information should be referred to the principal.

Workplace Violence

Safety and security are important to us. No one may possess any weapon on school district property, including in any vehicle in the parking lot. Volunteers who violate this policy will be subject to dismissal from the volunteer program.

Safety

Safety is the responsibility of each volunteer. Observance of safety rules and use of safety devices are extremely important. Such safety rules include:

- Reporting to the teacher or principal:
 - Any work-related injuries and illnesses no matter how minor
 - Unsafe conditions or practices (reports may be made anonymously if necessary)
 - All suspicious persons, potentially violent situations, or persons possessing guns or other weapons
- Using only tools and equipment which the volunteer is fully qualified and authorized to use and using all safety equipment, prescribed adaptive devices, and procedures
- Providing safety suggestions
- Restricting and monitoring visitor access to District facilities
- Observing the District's ban on possession of deadly weapons on District premises or in any vehicle in the parking lot.

Volunteers who violate District's safety policies may be subject to dismissal from the volunteer program.

Smoking

We are committed to providing a work environment that supports employee and volunteer health and safety and District productivity. For the protection of all employees and volunteers and to ensure compliance with federal and state laws, smoking is prohibited on school district property.

Responsibilities for Student Welfare and Discipline

It is the responsibility of all administrators, teachers and classified staff to enforce all policies, regulations and procedures in regard to student discipline. It is the responsibility of the volunteer to adhere to the same. While the Culver City Unified School District publishes a Volunteer Handbook yearly, and individual schools have available handbooks relative to discipline, it is the responsibility of each classroom teacher to inform students and parents regarding standards for behavior, consequences for misbehavior and all other specific expectations the teacher has in the classroom.

Volunteers are never to discipline students, but may report the behavior to the teacher or principal.

Copyright Materials

It is the intent of the Culver City Unified School District to adhere to all provisions of the copyright laws. These laws refer to the reproduction of audio and video recordings, printed materials and computer software. Illegal copies may not be made on school equipment, nor shall these copies be used in the schools or on school equipment. The legal or insurance protection of the District will not be extended to volunteers who violate copyright laws.

Communication and Information Systems

The communication systems (including telephone, fax, photcopy machine, voice mail, e-mail, computer files, and Internet systems) are provided for business purposes and are district property. Volunteers should check with the teacher or office staff before using these systems.

All communications both inside and outside the District should be professional, business-like and courteous. Communications that are offensive, discriminatory, sexually explicit, disruptive, or harassing are strictly prohibited. Those used to solicit commercial, religious, political, charitable, union, or other non-business causes are also prohibited as allowed by law. Improper use of systems and equipment may subject a volunteer to corrective action.

The Culver City Unified School District has established as one of its goals, the advancement of technology throughout the District via the purchase of equipment, software, and training giving access to all students and staff of the District. The District has policies regarding access to, review or disclosure of electronic mail ("E-mail") messages sent or received by District employees or volunteers.

Cell Phone Use

The goal of this policy is to establish guidelines for use of cellular telephones by staff and Volunteers that will ensure that cellular telephone use will not infringe on either the instructional process or on the rights of others. The purpose is to ensure the continuation of a positive learning environment which is free from unnecessary disruptions.

The guidelines for possession and use of cellular telephones (including texting and e-mail messaging), accessories and other paging devices on school campuses shall be:

- Except in the case of an immediate emergency, volunteers shall not use cellular telephones, accessories and other paging devices in classrooms or in a setting which may interfere with any school program.
- All cellular telephone devices should be turned off or in a vibrate (non-auditory) mode when in a classroom or at a school activity where students are present.

SECTION 6000 - INSTRUCTIONS TO THE SUPERVISING TEACHER/COORDINATOR

Plans should be made prior to the volunteer's arrival as to the specific activities in which the volunteer will be involved.

Feedback

The supervising teacher should plan to have an informal discussion with the volunteer following the learning activity. This is the teacher's opportunity to comment favorably and express appreciation, as well as to suggest constructive ways in which volunteer may enhance the effectiveness of the service he/she is providing.

Three Keys To Effective Supervision:

1. Demonstrate the activity
2. Be available to guide
3. Discuss the activity, both before and after

Parents are a vital asset to the students of Culver City Unified School District. More and more parents are stepping into the classrooms as aides and/or resource people, rather than visitors. Volunteers can play a meaningful role in improving the quality of education available to many children.

To meet the educational needs of children, Culver City Unified School District is committed to the idea that volunteers can make a significant difference in the quality of education. The roles of all who are involved are new ones and guidelines must be known to all concerned: the principal, the teacher, and the volunteer so that the potential of this program may be fulfilled.

The Board encourages parents/guardians and other members of the community to serve as mentors providing support and motivation to students.

(cf. 1000 - Concepts and Roles)

(cf. 1700 - Relations Between Private Industry and the Schools)

(cf. 4127/4227/4327 - Temporary Athletic Team Coaches)

(cf. 4222 - Teacher Aides/Paraprofessionals)

(cf. 5020 Parent Rights and Responsibilities)

(cf. 6020 - Parent Involvement)

The Superintendent or designee shall develop and implement a plan for recruiting, screening and placing volunteers, including strategies for reaching underrepresented groups of parents, guardians and community members. He/she may also recruit community members to serve as mentors and/or make appropriate referrals to community organizations.

(cf. 1020 - Youth Services)

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)

The Superintendent or designee shall establish procedures to protect the safety of students and adults. All volunteers, including those that accompany staff and students on field trips must follow the procedures. Volunteer aides shall not be used to assist certificated staff in performing teaching or administrative responsibilities in place of regularly authorized classified employees who have been laid off. (Education Code 35021).

Volunteers shall act in accordance with district policies, regulations and school rules. At their discretion, employees who supervise volunteers may ask any volunteer who violates school rules to leave the campus. Employees also may confer with the principal or designee regarding any such volunteers. The Superintendent or designee shall be responsible for investigating and resolving complaints regarding volunteers.

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 3515.2 - Disruptions)

The Board encourages principals to develop a means for recognizing the contributions of each school's volunteers.

(cf.1150-Commendations and Awards)

Drug and Alcohol Testing for Volunteer Drivers

Post-Accident Tests

Alcohol and controlled substance tests shall be conducted as soon after an accident as practicable on any volunteer driver:

Volunteer drivers shall make themselves readily available for testing, absent the need for immediate medical attention. (49 C.F.R. 382.303)

No such volunteer driver shall use alcohol for eight hours after the accident, or until after he/she undergoes a post-accident alcohol test, whichever occurs first. (49 C.F.R. 382.209)

If an alcohol test is not administered within two hours of the accident or if a drug test is not administered within 32 hours, the district shall prepare and maintain records explaining why the test was not conducted. Tests shall not be given if not administered within eight hours after the accident for alcohol or within 32 hours for drugs. (49 C.F.R. 382.303)

Tests conducted by authorized federal, state or local officials shall fulfill post-accident testing requirements provided they conform to applicable legal requirements and are obtained by the district. Breath tests will validate only the alcohol test and cannot be used to fulfill controlled substance testing obligations. (49 C.F.R. 382.303)

Reasonable Suspicion Tests

An alcohol or drug test shall be conducted if a supervisor or district official trained in accordance with law has reasonable suspicion that a volunteer driver has violated the district's alcohol or drug prohibitions. This reasonable suspicion must be based on specific, contemporaneous, articulable observations concerning the volunteer's driver's appearance, behavior, speech or body odors. The observations may include indications of the chronic and withdrawal effects of controlled substances. (49 C.F.R. 382.307)

Alcohol tests are authorized for reasonable suspicion only if the required observations are made during, just before or just after the period of the work day when the volunteer driver must comply with alcohol prohibitions. An alcohol test may not be conducted by the person who determines that reasonable suspicion exists to conduct such a test. If an alcohol test is not administered within two hours of a determination of reasonable suspicion, the district shall prepare and maintain a record explaining why this was not done. Attempts to conduct alcohol tests shall terminate after eight hours. (49 C.F.R. 382.307)

A supervisor or district official who makes observations leading to a controlled substance reasonable suspicion test shall make a written record of his/her observations within 24 hours of the observed behavior or before the results of the drug test are released, whichever is earlier. (49 C.F.R. 382.307)

The Superintendent or designee shall ensure that the volunteer under reasonable suspicion is transported to the designated collection or testing site.

Enforcement

Any volunteer driver who refuses to submit to a post-accident or reasonable suspicion test, or to a follow-up test as described below, shall not perform or continue to perform safety-sensitive functions. (49 C.F.R. 382.211) Therefore, any volunteer driver who so refuses shall be immediately dismissed from all volunteer duties.
