IMMUNIZATION REQUIREMENTS & TB RISK ASSESSMENT FORM **for GRADES 6-8 (MIDDLE SCHOOL) FORM #7**

(Required prior to starting school)

REQUIRED IMMUNIZATIONS – Must Submit Official Immunization Documentation

The following are the immunization requirements for students entering Fisher Middle School in grades 6-8:

- DPT** (4-5), **Polio** (3-4) and **MMR** (2) immunizations.
- Tdap Booster** required prior to entering 7th grade.
- Varicella** - immunization date or documentation from the physician or medical clinic indicating the date your child had the disease. Children aged 13 years and older who are not immunized, are required to have two doses of the vaccine.
- TB Risk Assessment** – If your child has been in public or private school within Santa Clara County, documentation of the child’s completed TB skin test or Risk Assessment is required prior to entering school.

If your child is coming from outside of Santa Clara County, the child must have had a TB Risk Assessment completed by a licensed health care professional within six months prior to entering Fisher Middle School.

If the required immunizations or the TB Risk Assessment are not current, your child will NOT be admitted to school.

Please have your doctor complete the attached TB Risk Assessment form and return it with updated required immunizations to the school office or District Office by August 6th prior to the new school year.

If you do not have a local health care provider, a list of health clinics and physicians is available from the district nurse, Maureen O’Hara, at (408) 335-2074.
