General Guidelines

The District's dress code reflects high expectations for success for all students. It promotes school safety, teaches cooperation, grooming, hygiene, respect for authority, and instills self-discipline. The dress code prepares students for future settings, underscores the importance of dress and grooming in a manner that attire will not be a health or safety hazard nor an education distracter to themselves, others, and society. The student and parent may determine the student's personal dress and grooming standards provided they comply with these general guidelines and the District's dress standards.

The District prohibits any clothing or grooming that, in the principal's judgment, may reasonably be expected to cause disruption of or interference with normal school operations. The District prohibits pictures, emblems, or writings that are violent, lewd, offensive, vulgar, or obscene or that advertise or depict weapons, tobacco products, alcoholic beverages, drugs or any other substance prohibited under Policy FNCF (LOCAL).

Exemptions for religious or medical reasons may be addressed through campus administration.

When medically necessary and upon presentation of a recent statement from a medical doctor stating the medical necessity, the campus may waive certain provisions of the dress standards. The waiver must be medically related and when possible for a specified period of time. A campus may request an updated medical statement if it appears the medical condition no longer exists.

Dress Standards

The campus site-based decision making teams may recommend exceptions to the traditional dress code for approval by the principal and superintendent. Exceptions to the dress code due to unusual situations may be left to the discretion of the building principal on an individual basis in consultation with the superintendent or his designee. Exceptions to the dress code may be made at District Alternative Education Program (DAEP) locations. Dress standards for DAEP students will be determined by the campus administrator and clearly communicated.

Special Events or Activities

Administration shall have authority to waive the wearing of standardized dress for certain days due to special events or special activities. Students who choose not to participate in the special events or activities are expected to adhere to VISD dress code standards.

Extra-Curricular Dress Code

The principal, in cooperation with the sponsor, coach, or other person in charge of an extracurricular activity, may regulate the dress and grooming of students who participate in the activity. Students who violate dress and grooming standards established for such an activity may be removed or excluded from the activity for a period determined by the principal or sponsor, and may be subject to other disciplinary action as specified in the Student Code of Conduct.

Compliance

If a student attends school in violation of the dress code, disciplinary steps as outlined in the Student Code of Conduct and Student Handbook will be taken. If the principal determines that a student's grooming violates the dress code, the student shall be given an opportunity to correct the problem at school or may be directed to the appropriate resources to be in compliance. If not corrected, the student shall be assigned to in-school suspension for the remainder of the day or until the problem is corrected. Repeated offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct. Appropriate discipline procedures shall be followed in all cases.

Final Authority

School administrators will have complete and final judgment on all matters concerning interpretation of the student dress code. Principals at the secondary level will develop enforcement guidelines to assure consistency in implementing the district dress code.
