School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Chautauqua High School is located in the eastern region of Big Bear Valley and provides instruction for students in grades 9-12 following a modified traditional calendar. During the 2016-2017 school year, a total of 53 students were enrolled. The school's enrollment for 2016-2017 was comprised of 96% students qualifying for free and reduced meals and 20.7% students qualifying for special education services. Currently, in the 2017-2018 school year, a total of 50 students are enrolled including 100% students qualifying for free and reduced meals, 20% students receiving special education services, and 10% English Learners.

Chautauqua High School provides individualized instruction, with frequent one-on-one student and teacher interaction. In any alternative educational environment, flexibility is key. Chautauqua High School's program offers several options to students regarding attendance and how assignments are completed and turned in. More flexibility is offered to those students who make adequate academic progress, and have a consistent record of earning credits.

Vision

All students graduate educated, inspired, and prepared to pursue their dreams

Mission

It is the mission of Chautauqua High School to educate, inspire, and prepare all students to live successful lives and to assist them in choosing and entering the career paths they desire: college, professional, vocational, military or other. We create individualized learning plans in an innovative and nurturing environment, founded on 21st Century educational principles and practices, putting our students' best interests first.

Chautauqua Student Learning Outcomes (SLO's)

All Chautauqua High School graduates will be 21st Century learners who:

- 1.- are critical thinkers in reading, writing, math, and science
 - 2.- make informed decisions regarding educational and career choices
- All Chautauqua High School graduates will be effective communicators and collaborators who:
- 3.- read, write, and speak in a clear and analytical manner, considering different points of view
 - 4.- partner successfully with others to solve problems and create new innovative ideas
- All Chautauqua High School graduates will be responsible citizens who:
- 5.- lead healthy, purposeful lives
 - 6.- treat themselves and others with dignity and respect
 - 7.- communicate, contribute and collaborate on a global level
 - 8.- are aware of positive choices with regard to the use of social media and technology

All Chautauqua High School graduates will be life-long learners who:

- 9.- embrace a growth mindset
- 10.- know high expectations, resilience, and perseverance are keys to success

BVUSD VISION

All students graduate educated, inspired, and prepared to pursue their dreams.

BVUSD MISSION

It is the mission of Bear Valley Unified School District to educate, inspire, and prepare all students by creating innovative learning environments where students can thrive academically, contribute to society, and lead healthy, purposeful lives.

BVUSD CORE VALUES

Students First

Students come first in everything we do.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Year and month in which data were collected: November 2017

All textbooks used in the core curriculum throughout Bear Valley Unified School District are being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials which were adopted by the State Board of Education. The District follows the State Board of Education's adoption cycle for core content materials (English/Language Arts, math, science, and social science).

On September 20, 2017, the Bear Valley Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 17-18-003 which certifies, as required by Education Code section 60119, that (1) textbooks and instructional materials were provided to all students, including English Learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English Learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/Language Arts, including the English Language Development component of an adopted program, 3) sufficient textbook or instructional materials were provided to each pupil enrolled in foreign language or health classes, and 4) sufficient laboratory science equipment was provided for science laboratory classes offered in grades 9-12, inclusive.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Chautauqua High School's original facilities were built in 1967. Ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff.

District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority.

Every morning before school begins, the site secretary/staff inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One part-time day custodian is responsible for general campus cleaning and maintenance.

The team is responsible for:

- General Grounds Maintenance
- Lunch Area Setup/Cleanup
- Restroom Cleaning
- Classroom Cleaning

Restrooms are checked frequently for cleanliness and subsequently cleaned as needed. The principal communicates with custodial staff daily concerning maintenance and school safety issues.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	38	14	40	41	48	48
Mathematics (grades 3-8 and 11)		0	25	28	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	23	21	91.3	14.29
Male	16	14	87.5	14.29
Female	--	--	--	--
Black or African American	--	--	--	--

Two or More Races	--	--	--	--
Socioeconomically Disadvantaged	22	20	90.91	15
English Learners	--	--	--	--
Students with Disabilities	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group
Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded

Two or More Races	--	--	--	--
Socioeconomically Disadvantaged	22	20	90.91	0
English Learners	--	--	--	--
Students with Disabilities	--	--	--	--

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students
Grades Five, Eight, and Ten**

Subject	Percent of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	--	8	57	54	60	56

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Career Technical Education Programs (School Year 2016-17)

The purpose of the CTE program is to provide students with the academic and technical skills needed to succeed in a knowledge and skills-based economy. BBHS provides twelve sections of CTE courses that are within four Industry Sectors (Arts, Media, Entertainment; Fashion and Interior Design; Health Science and Medical Technology; Marketing, Sales and Service) . The CTE teachers incorporate lessons in math, language arts, reading comprehension, along with course specifics. The Career Technician visits classrooms to inform students of the available sequences of courses and pathways. Students interested in military occupations are given the opportunity to take the ASVAB with their recruiters. The CTE staff and Career Technician look at the number of students in each class, the student success rate in the class, and the number of completers in a class. Teachers refer to industry and career standards and prepare lessons that meet those standards. At the completion of a CTE course the students can earn a “Certificate of Completion” if they complete enough competencies and earn the appropriate grade. This certificate can be used to gain employment and put into the student’s portfolio. The CTE Advisory Committee is composed of representatives from various

groups: Business Partners, Parents, staff, students, post-secondary institutions. The CTE advisory members have a strong interest in what is provided to the students. Currently, during the 2017-2018 school year, the School Site Council serves as the CTE Advisory Committee.

Career Technical Education Participation (School Year 2016-17)

Measure	CTE Program Participation

School Safety Plan (School Year 2017-18)

The Comprehensive School Site Safety Plan was developed for Chautauqua High in collaboration with local agencies and the District Office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in November 2017.

Professional Development (Most Recent Three Years)

The Chautauqua High School team is committed to continual professional growth. Chautauqua High School has seventeen Late Starts. This time is used for professional development, data analysis, discussion of best practices, discussion and analysis of assessments. Additionally, the Chautauqua team collaborates and communicates while analyzing data, modifying instruction, curriculum, and programs to improve student achievement. All training and curriculum development activities at Chautauqua High are aligned to the California Content Standards.

- California State Standards
- Expository Reading & Writing Course (ERWC)
- * The Leader's Guide to 21st Century Education, 7 Steps for Schools and Districts by Ken Kay & Valerie Greenhill
- * Site Collections Training from Comprehensive High School Chair

District Training:

- Next Generation Science Standards
- Digital Library
- Writing: Starting with the Basics
- Google Hangout
- Quarterly District Articulation
- Quarterly Grade Level Collaboration to create math and ELA units
- Target Solutions
- Common Core State Standards Strategies for Special Ed students
- * Collections (ELA adoption)
- * EADMS
- * Culture of Poverty training

Decisions concerning selection of staff development activities are made by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Chautauqua High supports ongoing professional growth throughout the year on minimum days. Teachers meet to conduct data analysis to help identify areas of need.

Chautauqua High offers support to new and veteran teachers through peer coaching and mentoring. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors, site administration, and district representatives.
