Chamlian students performing at Ararat Home

MISSION HILLS, Calif—On Thursday, December 3, 2015, Chamlian's 7th and 8th grade Armenian Club students visited the residents at the Ararat Home in Mission Hills. During their visit, the students entertained the residents with their dancing, singing, instruments, and poem recitations. The students also passed out hand-made Christmas cards with wishes for a successful and healthy New Year. Much time was also spent conversing with the residents and listening to the stories many of them had to share.

This annual holiday tradition, organized by the Armenian Club students under the direction of club advisor, Ms. Ani Berberian, is an event that both students and the Ararat Home residents look forward to each year with great anticipation.
