

ROWLAND HIGH SCHOOL NEW CLASSROOM BUILDING FACT SHEET

The Rowland Unified School District Board of Education and Rowland High School are proud to celebrate with our community the Grand Opening of the new Classroom Building R on Thursday, October 19, 2017. This beautiful new classroom building is equipped with the latest technology and learning environment for students and teachers.

The \$55 million Rowland High School Revitalization Project is thanks to the community's support of Measure R. The classroom building is the first phase of modernization. Key features include:

- A two-story, 35,000 square footprint
- 22 Classrooms that are each 960 square feet
- Each classroom is equipped with interactive smart boards, speakers, student-designed modern furniture and storage
- Built-in internal power and data for electronic notebook docking and occupancy sensor controlled LED lighting
- Wall to ceiling windows in second story classrooms with natural lighting and panoramic views
- Two teacher workrooms with private restrooms
- Student restrooms/additional storage areas on each floor

The next phase of the Rowland High School Revitalization Project includes: a new Library with Career Center and Computer lab, a Multipurpose Room (the "Hideout"), a 615-seat Performing Arts Center for community use with instructional spaces for Theater Arts and Music (Band and Choral), and new offices with a beautiful landscaped campus quad, ASB building and cafeteria.

**Rowland High School is Proud to Be a
2017 California Gold Ribbon School
&
International Baccalaureate World School**

Rowland High School has a culture of excellence with a rich and challenging instructional program and a supportive environment in which all students can find success.
