

**Titan Athletic Booster Meeting**  
**October 12, 2016**  
**7 p.m.**  
**Career Center**

1. Birgit Castleman, President called our meeting to order at 7:02 p.m.

- Motion to approve the September 14, 2016 TAB Minutes

Katy Moffett second the motion, no discussion, minutes were approved.

4. Dr. Bergmann

- Titan Athletic Policies for participation of Groups: Brian Gelt stated that TAB was designed to be a voluntary group. However, the school board changed this now making it mandatory that each booster group be apart of TAB. This was done to insure that all groups were following the same procedures to insure all CIF guidelines were being followed properly. It also allowed for insurance, accounting, and the administration to have just one group to go to. As opposed to having to go to each booster group individually, the TAB brought all groups together in one meeting. At this time we need to get wrestling, girls/boys soccer involved with TAB. DR will get a hold of the coaches and ask who the booster rep is for both groups.
- Titan Athletic Policies for Booster Positions: We would like to add to the by-laws time lines to choose your booster board positions. What would be the best way to do this? Before your season is over, having your new board in place would be the best way to go.
- Corporate Sponsorship Policies: With the way things are written it is not clear where the school sits with regards to Corporate sponsoring. Dr. Bergmann will discuss this with with Chernis and get back to us (we are hoping by our next TAB meeting).

## 5. DR Moreland

- **Transportation Policies:** Many kids and their parents want to take their children home after the game. The school is ok with this as long as the coach is OK with this. However, ordering a bus to take only one or two kids back to school is not what they would like or can afford. With this being said, we ask that a ride for all kids be found so that the school is only charged one way and not two ways. This means everyone gets a ride home and if this can't be done, everyone must ride the bus home after your game. Please remember, if your coach wants everyone to ride to and from on the bus, then the Coach has the final say.

## 6. Patty Castreje

- **Titan Athletic Bylaws (including amendment to booster position terms):** Once we have an idea of how our booster positions will be handled, we will then make an amendment to our booster by-laws
- **TAB Budget Sheets:** Passed out

Birgit Castleman, announcements

Meeting adjourned 8:02 p.m.

Next Titan Athletic Meeting  
November 9, 2016  
7 p.m.
