## **UPCOMING LANE CLOSURES**

We've just been notified that eastbound Fm 3406 will be reduced to one lane for approximately a month and a half. The good news is that they are on schedule to open the new bridge this summer.

Here's the full status of construction from their Public Involvement Manager:

*I wanted to share an update with you regarding [the I-35 at FM 3406 construction project](#). The contractor has made great progress over the last several months, and the project is currently on schedule. We will set beams for the FM 3406 bridge as well as the new U-turn bridge at the end of the month, weather permitting.*

*In order to complete this work, **eastbound FM 3406 will be reduced to one lane between the northbound I-35 frontage road and Mays Street beginning at 8 p.m. on Thursday, Feb. 8** for approximately a month and a half, weather permitting. The city of Round Rock will be watching signal timing and will make adjustments as necessary.*

*Crews are still on schedule to open the FM 3406 bridge this summer.*

**Please be sure to allow enough time for your morning and afternoon commutes.**

---

## **DISMISSAL UPDATES**

**PRIMARY:**

**Please do not start lining up before 3pm (12:30 on Wednesdays.)**

Parents, visitors, and hourly staff members who need to arrive or depart school in the afternoons have difficulty doing so when drivers start lining up early for dismissal.

It is important that these folks can safely enter, park, and exit prior to the pickup line forming in the afternoons.

**Starting Monday, February 12, those who arrive early may be asked to continue through the lot until the appropriate time.**

**SECONDARY:**

**Please do not arrive before 3:55pm (1:25 on Wednesdays).**

Arriving earlier means you are likely to get mixed up in primary's dismissal. If this happens we will kindly ask you to loop back around until primary dismissal is over.

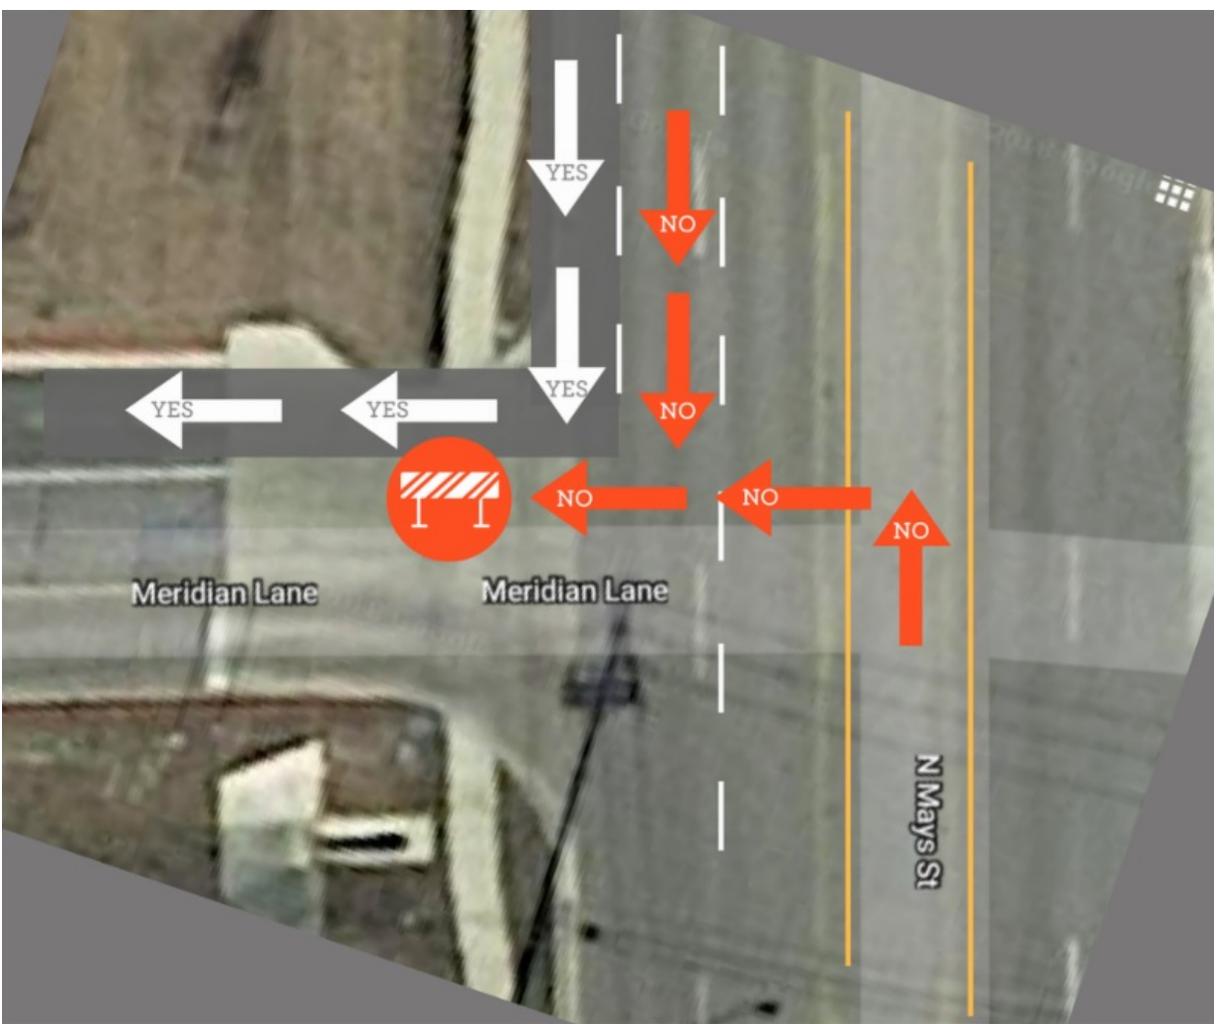

**Starting Monday, February 12, those who arrive early may be asked to continue through the lot until the appropriate time.**

**REMINDER FOR ALL:**

There is now an 8ft barricade placed in the entrance to the Blue Lane every afternoon (see image below).

This barricade is to help drivers follow these laws:

- 1.) NO LEFT TURN from Mays St. (city ordinance)
- 2.) NO RIGHT TURN from second lane heading southbound on Mays (this is NOT a turn lane)

**Thank you for your patience and understanding!**
