## Frenship Independent School District Annual Financial Accountability Management Report

### Introduction

Passed during the 77<sup>th</sup> regular session of the Texas legislature (2001), Senate Bill 218 requires each school district to prepare an annual financial accountability report. Many business-related issues are covered in this report. The primary reporting tool, however, is the Financial Accountability Ratings Worksheet. This worksheet was developed by representatives of the Texas Education Agency (TEA), the Texas Business & Education Council (TBEC) and the Texas Association of School Business Officials (TASBO). It is administered by TEA and calculated on information submitted to the Agency via the annual PEIMS (Public Education Information Management System) submission. PEIMS data has always been critical on the student side of the submission, and this project will add a great degree of importance to the financial submission.

Known as the FIRST rating (Financial Integrity Rating System of Texas), the worksheet consists of 15 Indicators, each weighted equally with the exception of those dealing with fund balance and the audit report. A “No” response to Indicators 1, 2, 3, 4 or 5 results in an automatic rating of “Substandard Achievement”. These indicators deal with total fund balance, net asset balances, default on debt payments, and filing the annual financial report on time. Under the new point system, a score of 31-49 and a “Yes” response to all indicators 1-5 are required to receive a rating of “Meets Standard”.

For the 13 years in a row, Frenship ISD continued its financial excellence with a rating of “**Superior**” for the 2012-2013 fiscal year, scoring a total of 70 points out of a possible 70. Since the scoring has now changed, Frenship ISD maintains the highest level of achievement for the 14-15 fiscal year with a “A = Superior” rating with a score of 92 out of 100. This report briefly focuses on how this rating was achieved and what will be required to maintain it.

## Overview of Each Indicator

### **Indicator #1 and #2 – Annual Financial (Audit) Report Submission to TEA, Unmodified Opinion**

The District must have the annual audit report completed, approved by the Board, and submitted to TEA within one month of the January 28<sup>th</sup> statutory deadline. Failure to meet this one requirement will result in an automatic “substandard achievement” rating. Second, the District must receive an Unqualified Opinion from the auditor. This means the financial statements were auditable; the records were in reasonably good condition, and fairly present the District’s financial position.

**For the 2014-2015 Fiscal Year the annual Audit report was filed in a timely manner and an Unqualified Opinion was issued.**

### **Indicator #3 – Debt Service Payments**

Was the school district in compliance with the payment terms of all debt agreements at fiscal year end? (If the school district was in default in a prior fiscal year, an exemption applies in following years if the school district is current on its forbearance or payment plan with the lender and the payments are made on schedule for the fiscal year being rated. Also exempted are technical defaults that are not related to monetary defaults. A technical default is a failure to uphold the terms of a debt covenant, contract, or master promissory note even though payments to the lender, trust, or sinking fund are current. A debt agreement is a legal agreement between a debtor (person, company, etc. that owes money) and their creditors, which includes a plan for paying back the debt.)

The District must pay all Debt Service according to the terms set forth in the documents that the district agreed to when selling the Bonds approved by the voters. This indicator is to ensure that the District adheres to those terms and pays the debt payments on schedule.

This indicator seeks to make certain a district has paid its bills/obligations on bonds issued to pay for school facility construction. For Frenship ISD, debt payments of principal and interest are made every February 15 and every August 15. For 2014-15, these payments were timely made for \$5.74 Million on principal and \$9.87 Million on interest.

*No Disclosure of Default*      *PASS*

### **Indicator # 4 Did the school district make timely payments to the Teachers Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other government agencies?**

Frenship ISD made all payments to the before mentioned agencies in a timely manner during the 2014-15 fiscal year.

## Timely Payments to Government Agencies: True

### Indicator #5 Total Unrestricted Net Asset Balance

Was the total unrestricted net asset balance (Net of the accretion of interest for capital appreciation bonds) in the governmental activities column in the Statement of Net Assets greater than zero? (If the school district's change of students in membership over 5 years was 10 percent or more, then the school district passes this indicator.)

This indicator is to ensure that the District has a positive unrestricted net asset position in the A-1 Schedule in the annual audit. This indicator also includes the Accretion of Interest for Capital Appreciation Bonds if the district has any outstanding CABs.

For districts that are considered fast growth, which means their student enrollment has grown more than 10% in five years, there is an an pass on this indicator if the district doesn't pass on the first portion of the indicator.

*Frenship passes on both indicators.*

**DETERMINATION OF POINTS**

|                               |   |   |   |   |                               |

Due to the Principal Payment on Bonds due within a year, the Current Liabilities were increased by \$5,875,000. The cash received for this payment is collected as the Tax Revenues are received in the next fiscal year. This ratio will always behave in this manner as long as Frenship ISD has Debt Service Payments.

**Indicator #8 Long-Term Liabilities vs Total Assets**

Was the ratio of long-term liabilities to total assets for the school district sufficient to support long-term solvency? (If the school district’s change of students in membership over 5 years was 10 percent or more, then the school district passes this indicator.) (See ranges below.)

|   |  |
|---|--|
| <i>Long Term Liabilities- Net Pension Liability</i> | <i>\$262,546,153</i>                     |

**Indicator #9 Revenues vs Expenditures**

Did the school district’s general fund revenues equal or exceed expenditures (excluding facilities acquisition and construction)? If not, was the school district’s number of days of cash on hand greater than or equal to 60 days?

For 2014-15 fiscal year, FISD experienced a surplus of Revenues over Expenditures of \$1.5 million and the cash on hand equation equaled 121 days. Therefore, FISD was awarded ten (10) points for this indicator.

**Indicator #10 Debt Service Ratio**

Was the debt service coverage ratio sufficient to meet the required debt service? (See ranges below.)

This indicator is used to evaluate if districts are using M&O Funds to support their Debt payments or if the districts I&S rate and fund balance are sufficient to cover debt service payments.

**Indicator #11 – Administrative Cost Ratio**

Was the school district’s administrative cost ratio equal to or less than the threshold ratio? (See ranges below.)

To ensure instructional dollars are being spent on education, the state of Texas prescribes certain expenditure limits for administrative costs for districts according to their size. Frenship’s limit is 10% for the full 10 points. This is a reduction of previous years’ limits on this indicator.

*Frenship was awarded 8 points based on an Administrative Cost Ratio of 0.1088*

**Indicator #12 Student to Staff Ratio**

Did the school district not have a 15 percent decline in the students to staff ratio over 3 years (total enrollment to total staff)? (If the student enrollment did not decrease, the school district will automatically pass this indicator.)

Frenship ISD has had an increase of enrollment for the past decade so this indicator is an automatic pass for 10 points.

**Indicator #13 – Variance of less than 3% between PEIMS and Annual Financial Report**

Did the comparison of Public Education Information Management System (PEIMS) data to like information in the school district’s AFR result in a total variance of less than 3 percent of all expenditures by function?

This criterion focuses on data quality standards. The information submitted electronically via PEIMS should not vary by more than 3% from the same data submitted in paper form via the Annual Financial Report. Frenship’s data submission met this standard with a variance of 0.0 percent.

*Frenship scored 10 points with a variance of 0.00*

*0.0% < 3%*

*10 Points*

**Indicator #14 – Disclosure in the Audit Report of Material Noncompliance**

Did the external independent auditor indicate the AFR was free of any instance(s) of material noncompliance for grants, contracts, and laws related to local, state, or federal funds? (The AICPA defines material noncompliance.)

Again focusing on the annual financial report, this indicator asks if there were any disclosures of material noncompliance. There were no reports of material noncompliance in the annual financial report for Frenship for the 2014-15 fiscal year.

*No Disclosure*

*10 Points*

**Indicator #15 Financial Hardship**

Did the school district not receive an adjusted repayment schedule for more than one fiscal year for an over allocation of Foundation School Program (FSP) funds as a result of a financial hardship?

*No Adjusted Repayment Schedule 10 Points*
