Principal's Message

Oceano Elementary School is well known for having an excellent teaching staff who consistently demonstrate that they are dedicated to meeting the individual needs of all students. Grade level team collaboration and differentiated instructional approaches, ensure enrichment for students beyond grade level, and the creation of effective intervention programs (before, during and after school).

The Oceano Elementary School staff have high expectations for all students and guide them to become productive members of the community through weekly, school-wide character education lessons. Oceano Elementary School prides itself on welcoming new students and their parents. Oceano Elementary School has an Extended Day Kindergarten class to increase early learning opportunities to learn, and we have a school-wide focus on literacy that is supported by four additional teaching staff.

The School Accountability Report Card (SARC) was established by Proposition 98, an initiative passed by California voters in November 1988. The SARC is issued annually and provides parents and other interested people with a variety of information about the school, its resources, its successes, and the areas in which improvements are needed.

If you wish to participate in organized opportunities for parent involvement or wish to gain additional information regarding our SARC, please call or visit Oceano Elementary School.

School Mission Statement

The MISSION of Oceano Elementary is to engage, challenge and inspire our students to become self-directed, independent learners who communicate effectively, think critically, and possess the ability to work effectively in collaborative teams.

School Vision Statement

The VISION of Oceano Elementary School is to create a culture and an environment where all students learn at high levels.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Lucia Mar Unified School District held a public hearing Sept. 19, 2017, and determined each school within the District has sufficient and good-quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams v. the State of California. All students, including English Learners, are given their own individual Standard aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks and have been approved by the Board of Education. Lucia Mar Unified School District follows the State’s seven-year adoption cycle. Auxiliary materials, such as math manipulatives, trade books, and science kits, are also purchased to support the textbook adoption.

School Facility Conditions and Planned Improvements (Most Recent Year)

Oceano Elementary School provides a safe, clean environment for learning. Built in 1951 and modernized within the last 15 years, Oceano Elementary School is situated on 12.5 acres. The school buildings span 36,884 square feet and consist of 28 classrooms, a library, computer lab, administrative offices, a large multipurpose room and Special Education classes operated by the County Office of Education. A new library, the new Adult Education Office and two new preschool classrooms and playgrounds were all recently completed. The facility strongly supports teaching and learning through its ample classroom and playground space.

A complete Utilities Replacement was completed over the Summer of 2017. The addition of 12 new classrooms and a restroom module to replace 11 existing classrooms currently housed in portable buildings is planned for the Summer of 2018.

Oceano Elementary School is a closed campus. Many people visit the campus to volunteer in the classroom and participate in school events. Parents and visitors are welcomed and required to check-in at the school office upon arrival and obtain a visitor's badge; visitors are required to return to the school office upon departure. During lunch, recesses, and before and after school, adults supervise students and school grounds, such as the cafeteria and recreation area, to ensure a safe and orderly environment.

Safety concerns are the No. 1 priority of maintenance and operations. District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. Repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work-order process is used to ensure efficient service and that emergency repairs are given the highest priority. The District maintenance staff has indicated that 100 percent of all toilets on school grounds are in working order.

A team of custodians ensures classrooms, campus grounds, and restrooms are kept clean and safe. A scheduled maintenance program is administered by Lucia Mar Unified School District to ensure that all classrooms and facilities are well maintained and provide a suitable learning environment. A summary of these standards is available at the school office or at the District office.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Students with Disabilities	14	14	100.0	57.1

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Students Receiving Migrant Education Services	--	--	--	--
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parents and the community are very supportive of the educational program at Oceano Elementary School. The school encourages parents to become involved in their child's education by volunteering in the classroom and attending meetings of the Parent-Teacher Association (PTA), School Site Council (SSC), English Learner Advisory Committee (ELAC), and School Advisory Council (SAC). All school meetings take place in a bilingual forum, translated into Spanish.

Oceano Elementary School welcomes parents and the community to school-wide activities held throughout the year. These include Back to-School Night, Open House, various parent education events, Maker Night, Family Art Night, Family Math Night, Family Cooking Night, holiday boutiques, music programs, Talent Show, parent conferences, student recognition (academic) celebrations, and school performances. The school keeps parents apprised of school events through Facebook, school marquee, flyers (Peachjar), calendars, weekly class bulletins, automated mass messages sent through text and audio.

Fundraisers held by the PTA have greatly enhanced the educational program. They support monthly parent-student lunches, playground equipment, schoolwide events, field trips, graduation ceremonies and other student activities. Community organizations and businesses that have generously supported the school include The Lucia Mar Foundation for Innovation, the Oceano Community Center, Kiwanis, Oceano Improvement Association, Republican Women's Group, One Cool Earth, SLO County Ride-Share, The Optimist Club, and the Boys & Girls Club of SLO.

Parents who wish to volunteer or participate in Oceano Elementary School's committees and school activities may contact Principal Michelle Johnson at (805) 473-3800.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The Comprehensive Safe School Plan was developed by the District to comply with Senate Bill 187 (SB 187) of 1997. The Plan provides students and staff a means of ensuring a safe and orderly learning environment. Each school includes the following requirements of SB 187 within their Safe School Plans: current status of school crime; child abuse reporting procedures; disaster procedures, both routine and emergency; policies related to suspension and expulsion; notification to teachers; sexual harassment policy; provision of a schoolwide dress code; safe ingress and egress of pupils, parents, and school employees; safe and orderly school environment; and school rules and procedures.

The school evaluates the plan annually and updates it as needed. Safety procedures, including elements of the Safe School Plan, are reviewed with school and District staff in the fall, at the start of each school year. The Injury, Illness & Prevention Plan was last updated and reviewed with school staff in October 2017.

Professional Development provided for Teachers

Lucia Mar invests time and resources to ongoing, district-wide staff development in key initiative areas aligned to district goals to increase student achievement and support school improvement. During the 2014-15 school year, our professional development focused on California Common Core State Standards, 21st Century Skills, English Learners, Project-based Learning, and best practices in instruction/ assessment.

Professional development opportunities are provided in a variety of ways — one district-wide staff development day, weekly late-start Mondays, staff meetings, release time, Saturday trainings, and summer institutes. Over the last three years, teachers have received at least 24 days of professional development in each school.

In the 14-15 school year LMUSD created a research driven professional development model. Each school site has a Late Start Monday, an Instructional Leadership Team comprised of teachers and administrators, and a Teacher Support TOSA. The combination of these three has resulted in high quality, weekly professional development.

For the five years preceding 2015-2016, Oceano Elementary School was a TAP school. Teachers meet weekly for one hour of research based professional development provided by two Master Teachers trained by NIET and Lucia Mar personnel. The target of TAP professional development is two fold; the first focusing on solid instruction as defined by the TAP Instructional Rubric with the second target being student strategies developed to increase student achievement in a targeted academic area.

New teachers are additionally supported through a TIP (Teacher Induction Program) mentor on their same school site. Mentor advocate for additional support as needed, including, but not limited to, opportunities to observe colleagues, supplemental supplies/materials, and release time to collaborate.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
