The school shall not be responsible or liable for any injury/accident via commercial transportation. This includes transportation via any non-school owned, leased, or operated vehicle and includes drivers who may not be employed or under control of the school.

Medical/Other Necessary Care and Conditions:

In the event of accident, injury, or emergency involving the student school staff shall seek medical and any other necessary assistance. The school staff will notify the parent/guardian as soon as possible. Any medical charges or other obligations are the parent/guardian's responsibility.

By allowing the student to participate in this field trip, the parent/guardian authorizes the school to secure any medical or other necessary personnel or services to perform x-rays, routine or other necessary tests and treatments, hospitalize the student, release records necessary for insurance or health purposes, and administer or arrange for any other necessary measures intended for the student's well-being.

Assumption of Risk/Waiver of Liability:

Field trips, like other comparable activities, involve inherent risks associated with the activities involved, including travel, persons not associated with the School, and other off-campus activity and exposure. Any unique or special risks associated with this particular field trip may be further noted in an accompanying notice with this form. The parent/guardian, therefore, voluntarily assumes all associated risks and responsibilities and releases the School and its agents of all liability for any resulting death, injury, damages, or loss not proximately caused by any willful or wanton act or omission by a school agent.

Student Conduct:

Each student must comply with all applicable school behavior guidelines and rules while participating in the field trip. School staff may separate any student failing to do so and may contact the parent/guardian as soon as feasible. Upon request by a school staff member, the parent/guardian must arrange to have the student picked up as directed by the staff member. If a pick up cannot be feasibly arranged, school staff may arrange for alternative transportation at the expense of the parent/guardian. Depending on the severity of the behavior, the student may also be subject to additional and subsequent disciplinary measures.
