

DHS Career and Technical Education

What is CTE?

Career & Technical Education (CTE) courses and pathways prepare our students to be career and college ready by providing core academic skills, employability skills, and technical, job-specific skills. These pathways educate students on a variety of career options and prepare students for a wide range of high-wage, high-skills and high demand careers. Our programs align with post-secondary options available in the community and may offer students opportunities for internships and work experience.

Current CTE Programs:

- ~ Agriculture
- ~ Culinary Arts
- ~ Engineering
- ~ Marketing
- ~ Studio Arts
- ~ Welding
- ~ Woodworking

New Programs for 2018-2019:

- ~ Athletic Training
- ~ Business
- ~ Computer Science
- ~ Early Childhood Education
