

# Waikoloa School Volunteer Sign-Up 2014-2015 School Year

Aloha and welcome to the new school year!

The teachers and students are getting organized and back into the swing of things, so it's time for parents, family, and community members to do the same.

Not only is it important that everyone gets involved and contributes to the quality of education our children receive, but many studies also relate family and parental involvement directly to a child's academic success.

Thank you for making a commitment towards being part of the quality education Waikoloa School is known for!

Lyn Campogan, PCNC (Parent Community Network Coordinator)
