Wellness Policy

The United States Department of Agriculture, under Public Law 108-265, Sec. 204, requires each school district participating in the National School Lunch Program to establish a local school "Wellness Policy." As a result of the Board of Education Policy 110-6 (Health, Wellness, and Safety Policy), **the Department of Education developed Wellness Guidelines for public schools**, which are based on the following principles:

- Healthy students are better able to learn;
- Eating habits and active lifestyles that are developed in childhood will affect health throughout life;
- All children deserve nutritious and safely prepared food;
- Standards based Health Education, including a focus on skills and knowledge relating to nutrition.
- Standards based Physical Education as well as daily physical activity.

Liholiho Elementary's School Community Council is the designated body that has developed and implemented a Wellness Plan for our school. The Council's plan includes the following: **Students to bring "healthy" snacks (fruits, nuts, popcorn, baked crackers etc.), instead of candies, cookies, or chips.**

- The importance of healthy eating will be promoted in classes.
- **Bring healthy treats for birthday and holiday celebrations. A reminder: No home baked or home cooked food items can be sent to school for safety reasons.**
- 20 minutes of daily recess.

School Attendance Policy

Department of Education

Policy-HRS 302A-1136

Consistent school attendance is a major factor in a child's school success.

Parents/Guardians are their child's first teacher and role model. They provide the foundation and values their child learns. Children model what their parent/guardian values. Giving children guidance and modeling positive attitudes towards attending school consistently, and being on time daily, help develop the importance of education within the child.

School Attendance Program - School attendance includes a combination of both absences and tardy days. When your child's attendance totals 7 absent and/or tardy days, a letter will be sent home from the teacher. A parent conference will be scheduled to discuss reasons affecting your child's attendance if 10 days of absences and/or tardies are documented.

Attendance records are monitored electronically by DOE and remain as part of a student's permanent record. Unfortunately, if chronic inconsistent school attendance continues, schools must submit an Educational Neglect Petition to Family Court.

Absences - When students are absent, parents/guardians should inform the school office at 733-4850 by 9:00 AM, for students' safety. If a call is not received, parents/guardians will receive an automated call informing them of the documented absence. **We encourage parents/guardians to schedule dental and medical appointments during after school hours and/or non-school days.** It is also important to schedule family vacation time during the Fall, Winter or Spring Breaks.

Tardies - A warning bell rings at 7:55 AM. **All students must be physically in the classroom when the 8:00 AM bell rings.** If a student enters the classroom after the 8:00 AM bell, he/she is considered tardy and must report to the school office for a tardy slip. If tardy more than two consecutive days without a valid reason, a call will be made to a parent/guardian.

***If a student arrives after 11:00 AM (10:45 AM on Wednesdays), he/she is considered absent.**

Release During School Hours - A student may be released during school hours only if a parent/guardian notifies the school office in writing or by phone. **For your child's safety, the authorized adult must report to the office, present a valid photo ID & sign for a student pass at the time of pick-up.** Students will not be allowed to leave school alone.

*** If a student leaves prior to 11:00 AM (10:45 AM on Wednesdays), he/she may be considered absent.**

Health Room Procedures

Illness and Injury

When a student is/becomes ill or injured, he/she should notify his/her teacher or another adult on campus. If he/she is unable to do so, another student should contact a teacher or supervisor.

Medication During School

When a student needs to take/use prescribed or over the counter medication during regular school hours, a request must be made using FORM SHS36, "Request for Administration/Storage of Medication in School" (available at some doctors' offices and in our health room).

The completed form must be signed, by both the parent and doctor making the request, and turned in to our Health Aide. The Public Health Nurse will contact you regarding the procedure.

Our policy states that all prescribed including authorized over the counter medication will be stored in the health room to prevent overdose and/or other problems.

No medication will be given on excursion days, unless prior arrangements have been made between the parent and the school.

If you have any questions please call our Health Aide at 733-4852, during the health room's hours (7:30 AM - 2:30 PM).
