Chapter 8 “The Ancient Egyptian Pharaohs” project

Creating a Social Media Page for a Historical Figure

Objective: Create an Instagram, Twitter, or Facebook Page for a Pharaoh we discussed in Chapter 8. The page should include a picture(s) of the pharaoh, 5 achievements of the pharaoh including monument(s) built, and time period in which the pharaoh was leader.

The achievements of the pharaoh, monument(s) built, and time period in which the pharaoh was leader should be shown on the page through 5 pictures and comments, statuses, or tweets through the pharaoh’s perspective.

Use the notes we completed in class to complete. Further Research on the pharaoh you chose should be completed at home while the project is completed in class over the next two days to provide more information on the pharaoh not discussed in class. Further research is mandatory for all projects.

The Rubric to show how you will be graded is located on the back of this direction sheet.
