

California Law Requires Pertussis (Whooping Cough) Immunization for Students

All students entering the 7th grade will need proof of a Tdap booster shot before starting school.

This requirement:

- Will be met by the California Department of Public Health (CDPH) recommendation to receive one dose of Tdap vaccine on or after the 7th birthday.
- Applies to all public and private schools.

In order to insure a smooth transition into the 7th grade, please bring in your proof of a Tdap booster shot to the Health Office right away.

NOTE: Students entering 7th grade will not get their schedules unless they show proof of vaccination.
