What is the Y2Y (Youth to Youth) Conference?

The Y2Y (Youth to Youth) Conference is a youth mentoring event where students in grades 6-12 identify commonalities, form new friendships and learn new skills. High School students will facilitate team building activities, games, workshops, a comedy show, healing circles, and a teen panel discussion. This program promotes self-worth, a deeper commitment to education, and a stronger connection to school and community.

If your child is interested in attending the conference, contact the School Support Counselor at your child's school [Ms. Veronica Sandoval- Elementary or Mr. David Tafolla- Middle & High School].

Transportation, lunch, and snacks will be provided.
