

Texas A&M University Department of Mathematics  
***Sixth Annual Derivative Bee***

$$\frac{d}{du} \left[ \frac{u^{n+1}}{(n+1)^2} ((n+1) \ln u - 1) \right] = u^n \ln u$$

**Tuesday, October 17, 2017, 7 - 9pm**

**Blocker 149**

A contest to determine who can compute derivatives fastest.  
All derivatives are at the level of BC Calculus

(A great review for AP exams!)

**FREE FOOD! FREE PRIZES!**

Categories:

Division U (current 147/151/171 students)

Division G (completed 147/151/171)

Division H (current High School students)

(If turnout low: 1 or 2, then those HS students will compete in Division U)

Details and registration available at
