

## Tooele High Pre-requisite List

A pre-requisite is a requirement, most often an entry level class but possibly a test or a tryout, that must be successfully completed prior to a student enrolling in the course. You must have **passing grades in all terms** of the pre-requisite course. Please review this list to determine what pre-requisite is required for your selected course. **Tryout courses** require that you participate in a competitive selection process. If you do not tryout you will be given an alternative course.
