I. OVERVIEW

LOUISIANA'S EFFORT TO UNIFY EARLY CHILDHOOD

Louisiana is in a multi-year effort to unify its early childhood system and improve kindergarten readiness. To address a fragmented early childhood system that prepares only 54% of children for kindergarten, Louisiana passed a law (Act 3, 2012) to unify preschool, Head Start and child care programs into a statewide early childhood network. Louisiana also seeks to bring early childhood programs together within communities to coordinate enrollment processes that are driven by family choices. By empowering families with choice and ensuring easy access to high-quality options, the state seeks to start every child on track for success.

COORDINATED FUNDING REQUEST

Section 709 of [Bulletin 140](#) requires that each Lead Agency submit a Coordinated Funding Request on behalf of their Community Network to the Louisiana Department of Education (LDE). The purpose of the Coordinated Funding Request is to request seats for **LA 4, NSECD, PreK Expansion Grant, and Allocated Child Care Assistance**

Seats for the 2016–2017 school year. The Coordinated Funding Request is limited to the funding sources for which the state Board of Elementary and Secondary Education (BESE) has oversight, and should reflect the choices of families within the community. These programs serve at-risk children only, and have eligibility requirements for children and families. To guide Lead Agencies and Community Networks through completing the Coordinated Funding Request Template, the LDE has created this guide, which describes each funding source and the opportunity to apply for seats.

Note that the Coordinated Funding Request does not guarantee funding for any program. Due to limited funding, all requests may not be granted. Although Lead Agencies submit the funding request, they do not serve as the fiscal agent for all funding sources. There are many ways to fund early childhood education outside of the funds allocated through BESE and the LDE. For more guidance, please consult Appendix B of this guide.

For a list of Lead Agencies, click here: <http://www.louisianabelieves.com/docs/default-source/early-childhood/early-childhood-community-network-lead-agency-list.pdf?sfvrsn=2>

Please review the entire guide and instructions before completing the Coordinated Funding Request.

INSTRUCTIONS FOR COMPLETING THE COORDINATED FUNDING REQUEST

Within the Coordinated Funding Request, Lead Agencies are able to request that current seats be continued and that new seats be added. Lead Agencies can also rank sites for each funding source in order of preference to receive funding, given that not all requests may be filled. Rankings are not required, but will be helpful for the state to understand the community's preferences for locating seats.

- Each Lead Agency will submit **ONE** Coordinated Funding Request per Community Network
- LA 4 must be requested at the Local Education Authority (LEA) level
- NSECD, PreK Expansion Grant, and Allocated CCAP Seats must be requested at the site level
- The Coordinated Funding Request should be used to request:
 - » Continued funding for current seats
 - » Additional funding for new seats
- Community Networks should consider the following when completing the Coordinated Funding Request:
 - » **Parent Choice:** Where do families want to enroll their children?
 - » **Demand:** Are families in particular geographic areas currently underserved?
 - » **Capacity:** Can the site serve the number of children for which it is requesting seats?
 - » **Existing Quality Measures:** Does the Community Network want to establish criteria for ranking requests (e.g., Quality Start ratings, licensing inspections, monitoring violation reports, satisfactory participation in the Community Network)?
- Lead Agencies are required to ensure that there is an opportunity for public comment on the Coordinated Funding Request before submission

Coordinated Funding Requests are due in Lead Agency FTP folders by January 18, 2016

Each site should only request the number of seats it can serve. Sites should NOT duplicate requests for seats through multiple funds (for example, requesting funding for the same 20 seats through NSECD and PreK Expansion Grant).

When completing the Coordinated Funding Request you will need to input the following:

1. LEA/Site Name and code:

- You will use LEA for LA 4, including ones offered through diverse delivery and charter schools
- You will use site for NSECD, PreK Expansion Grant, and Allocated CCAP Seats
 - » For PreK Expansion Grant, you will use the site/center where the classrooms will be offered

2. 2015–2016 Seats/October 1 2015 Served:

- For LA 4, NSECD, and PreK Expansion Grant, you will use the number of seats currently allocated to the LEA/site

- For Allocated CCAP Seats, you will use the number of CCAP seats occupied in that center on the October 1 count
3. 2016–2017 Request
- For all programs, you will enter the number of requested seats through the funding source. This can increase, stay the same, or decrease.
4. Optional: Ranking
- The ranking column is an optional place for Community Networks to indicate preferences within a funding stream. This is not required, but can be helpful to the decision process.

The remaining cells in the Coordinated Funding Request self-calculate. You will **NOT** need to complete these.

PUBLIC COMMENT

Chapter 709, Part B of Bulletin 140 states that “The lead agency shall provide an opportunity for each publicly-funded program in the community network and the general public in the coverage area of the community network to comment on the proposed funding request prior to submission to the department and shall include documentation of this process in the funding request.”

Providing opportunity for public comment can take several forms, including but not limited to:

- Conducting a public hearing, community town hall, or school board meeting that allows for public comment to be submitted
- Distributing the Coordinated Funding Request and allowing for written comment to be submitted, mailed, emailed, faxed, or delivered
- Posting the Coordinated Funding Request in a public location or on a website and allowing for written comment to be submitted, mailed, emailed, faxed, or delivered

Any publicly-funded program may request that the LDE review an enrollment decision or funding request of its Lead Agency. Programs must email the request to earlychildhood@la.gov no later than 10 calendar days after the due date for funding requests (requests for review must be received by January 28, 2016).

Any program or individual may submit a written complaint to the LDE regarding the action or inaction of the Lead Agency in its Community Network. Complaints must be submitted to earlychildhood@la.gov within 30 calendar days of the action or inaction of the Lead Agency upon which the complaint is based (complaints must be received by February 17, 2016).

II. LA 4 PROGRAM OVERVIEW (FOUR-YEAR-OLD SEATS)

CECIL J. PICARD LA 4 EARLY CHILDHOOD PROGRAM OVERVIEW

As Louisiana's largest preschool program, the Cecil J. Picard LA 4 Early Childhood Program provides more than 16,000 economically disadvantaged children with early childhood education during a six-hour-a-day program. This program is offered in most of Louisiana's parishes as well as several charter schools and in one tribal school. LA 4 can also be offered through [diverse delivery partnerships](#) with Type III child care centers. See Appendix A for Diverse Delivery Considerations.

Local education agencies (LEAs) apply for seats for LA 4 through the Coordinated Funding Request. Requests should reflect family demand for seats. Seats are awarded based on the number of children they anticipate serving during the school year and the availability of funds. Four-year-olds of families who are at or below 185% of the Federal Poverty Line are eligible to attend the program, although children from families with higher incomes are also eligible, using locally provided funds or paying tuition. Seats are funded in the amount of \$4,580 per child for the 6-hour instructional day for the school year.

LA 4 STAFF REQUIREMENTS: More information can be found in the [LA 4 Guidelines](#).

All lead teachers must meet at least one of the following requirements:

- A valid and current Louisiana teaching certificate in PK-3, Nursery School, Kindergarten, Early Interventionist Birth-5, or Noncategorical Preschool Handicapped.
- A Practitioner License in PreK-3;
- A valid and current Louisiana teaching certificate in Elementary Education and an Out-of-Field Authorization to Teach (OFAT) in PK-3, Nursery School, Kindergarten, Early Interventionist Birth-5, or Noncategorical Preschool Handicapped; or

All paraprofessionals/teacher assistants must meet LEA specific requirements for employment and one of the following requirements:

- Meet the definition of "highly qualified," which may include passing of the ParaPro test or attainment of the Early Childhood Ancillary Certificate, which can be earned with a Child Development Associate (CDA), technical diploma or certificate of technical studies in an early childhood related field, AA in an early childhood related field, or bachelor's degree or higher;
- Possess a high school diploma or equivalent; or
- Have extended experiences of assuming responsibility and care for a group of preschool age children (children younger than five years of age).

III. NSECD OVERVIEW (FOUR-YEAR-OLD SEATS)

NSECD OVERVIEW: MORE INFORMATION CAN BE FOUND IN THE NSECD GUIDELINES.

The Nonpublic Schools Early Childhood Development (NSECD) Program began in 2001, and was designed to foster interest in learning, increase literacy skills, prevent poverty and promote development of responsible behavior. During the 2012 legislative session, the NSECD programmatic and fiscal oversight was restructured under Act 3. The program continues to operate through the Louisiana Department of Education and is funded through state general funds.

Providers apply for NSECD seats through the Coordinated Funding Request. Requests should reflect family demand for seats. Eligible providers for NSECD are non-public schools and Type III child care centers. Seat allocations are awarded based on several factors including the number of children they anticipate having the capacity to serve during the school year and community need. Four-year-olds of families who are at or below 185% of the Federal Poverty Line are eligible to attend the program. Seats are funded in the amount of \$4,580 per child for the 6-hour instructional day.

NSECD PROVIDER ELIGIBILITY CRITERIA

Prior to formal acceptance into the NSECD program, all applicants may be subject to a site visit to observe the environment and daily operations.

Provider eligibility is as follows:

1. **Nonpublic Schools:** For a nonpublic school to be eligible to participate as a provider of the NSECD Program, the nonpublic school shall meet all requirements below:
 - » Be BESE approved and in compliance with requirements set forth in BESE [Bulletin 741](#).

IV. PREK EXPANSION GRANT OVERVIEW (FOUR-YEAR-OLD SEATS)

PREK EXPANSION GRANT OVERVIEW

Using the Community Network pilot model as the centerpiece, Louisiana applied for \$32 million over 4 years to expand high-quality preschool programs in high-need communities through a unique parent choice model. Among a competitive field, Louisiana was selected to receive funding which not only validates the pilot model but will provide Louisiana children with:

- **New Quality PreK Seats through Choice:** Families of 4,600 at-risk children over 4 years will be able to choose a new, high-quality option in diverse settings; and
- **Improved Seats:** Families of 6,000 at-risk children over 4 years will benefit from quality improvements for existing seats. This means children will have 1) a credentialed teacher who is receiving coaching and professional development and 2) access to comprehensive services.

In 2015–16, the grant funded 340 new preschool seats in 6 Cohort 1 Community Networks (Caddo, City of Monroe (Ouachita), Iberville, Lincoln, Orleans, and Rapides) and improved over 400 seats.

PREK EXPANSION GRANT – OPPORTUNITY TO APPLY

For Year 2, Louisiana is funded to offer 1,000 seats (including 340 from year 1) and to improve 1,300 seats (including 442 from year 1). These seats will be funded primarily in child care settings through diverse delivery.

- In interested Community Networks, Lead Agencies must apply to be the subgrantee. They will apply in conjunction with the Type III center(s) or schools in which the seats will be placed.
- Applications are included as part of the Coordinated Funding Request
- Applications will be evaluated on the following:
 - » Success as a Community Network in meeting [Bulletin 140](#) expectations
 - » Family demand for seats
 - » At-Risk Status of the Community based on the [Early Childhood Risk and Reach in Louisiana Report](#) released by LSU/Tulane
- A minimum of one classroom (20 seats) must be requested for the Community Network to be considered for funding
- Classrooms must meet the quality requirements of LA 4 and NSECD, including:
 - » Certified Lead Teacher and qualified paraprofessional
 - » Use of an appropriate, standards-based curriculum aligned to [Louisiana Birth to Five Early Learning and Development Standards](#)
 - » A child to staff ratio of 10:1 and a maximum number of 20 children per class

PREK EXPANSION GRANT – FUNDING REQUIREMENTS

PreK Expansion Grant seats are funded at approximately \$5,185 per child. Seats are funded at the rate of \$4,580. Grantees receive an additional \$605 per child to improve 130% of their seats, including through job-embedded coaching and comprehensive services. The grant provides funding to do the following:

- Establish an agreement between the site and the Lead Agencies that includes funding for the classroom, teacher, paraprofessional, and space
- Provide comprehensive services to the children funded through the grant that include:
 - » Screenings for hearing, vision, dental, health, and development
 - » Services coordinated with LEAs and early intervention service providers under Part C and Section 619 of part B of IDEA
 - » Physical activity services
 - » Partnerships with and linkages to community services to enhance family well-being
 - » Provide job-embedded coaching and ensure access to professional development for the grant-funded teacher
 - » Provide job-embedded coaching for teachers of the improved seats, preferably in the site where the classroom is located
 - » Enroll grant-funded children meeting the same eligibility criteria as LA 4/NSECD programs through the local coordinated enrollment process
 - » Participate in the Early Childhood Accountability System, as established by Bulletin 140

PREK EXPANSION GRANT – APPLICATION QUESTIONS

These application questions must be responded to and submitted at the same time as the Coordinated Funding Request. Lead Agencies and site partners should respond to the following questions together. One response per Community Network is required. In addition to responding to the questions below, Lead Agencies and site partners must submit signed programmatic assurances indicating they understand and agree to the participation requirements. Questions are also included in Appendix B.

1. What partnership(s) do you currently envision between the Lead Agency and the center(s)/site(s)? If the Lead Agency is not the LEA, will this partnership include schools/LEAs?
2. How will the requested number of seats be distributed among the site partners?
3. How does each partner plan to support the PreK Expansion Grant teacher and classroom?
4. How does the Lead Agency intend to offer comprehensive services to children served by the grant?
5. How does the Lead Agency intend to improve additional seats beyond the PreK Expansion Grant classroom(s)?
6. How does the Community Network plan to recruit and enroll children for these seats?
7. How do you plan to finalize a Memorandum of Understanding between the Lead Agency and the center(s)/site(s) that clearly articulates your relationship and represents each partner's understanding of their role?
8. What obstacles or challenges do you anticipate if you are awarded PreK Expansion Grant seats?

U. ALLOCATED CHILD CARE ASSISTANCE SEATS PILOT OVERVIEW (BIRTH TO THREE YEAR OLD SEATS)

CHILD CARE ASSISTANCE PROGRAM OVERVIEW

The Child Care Assistance Program (CCAP) provides low-income, working households with access to quality, affordable child care that allows them to continue working and contributes to the healthy, emotional and social development of the child. In addition to helping low-income, working households, the Child Care Assistance Program also serves households who are participating in the Strategies to Empower People (STEP) program that meet the education and training requirements, children receiving child welfare children, and families experiencing homelessness.

Support for quality child care centers is needed to achieve the goal of kindergarten readiness. In order to achieve this, LDE will increase CCAP subsidy rates for Type III child care centers. Infant/toddler rates will increase from \$18.50 to \$22.50 per day while Pre-K rates will increase from \$17.50 to \$21.50 per day. Increases are expected to begin January 2016.

LDE will also be changing the co-pay structure and eligibility period to help support families. The structure will change from the current sliding fee scale to a minimal flat fee per week based on household income. No family in poverty will have a co-pay (currently 80% on sliding fee scale). Providers will be able charge for the difference between the CCAP subsidy and the provider's rate. Families will also remain eligible for at least one year regardless of life changes. Certification periods may be extended to ensure that children are able to attend for a full school year.

OVERVIEW

- One-year competitive pilot with 4-8 communities beginning in Fall 2016
- Approximately 10% of the current CCAP seats (Up to 1200 seats)
- Only full time seats will be contracted, for the 12 month year, July 2016 – June 2017
- Each center will have to specify the age group they would like to serve (3-year-olds, toddlers, or infants) and must be able to serve at least half of a class (i.e., if using a 1:12 ratio for two-year-olds, center must request at least six seats). Centers may only apply for children ages 3 and under.
- Type III child care centers will apply with Lead Agencies.
- Children must meet the 74% attendance rate. Each child is allowed a maximum of 5 paid absence days. Excused absences are allowed and will be determined by the child care center (documentation must be submitted to the LDE upon request).
- Centers will be allowed to continuously accept CCAP vouchers in addition to the allocated seats.
- Centers will be responsible for filling seats. To assist centers, applications submitted for Allocated CCAP seats will be expedited. LDE will notify the center of a case decision within 10 business days upon receipt of a completed application to include all requested verification documents.

NEW OPPORTUNITY – ALLOCATED CCAP SEATS PILOT

Allocated CCAP seats are a set number of CCAP seats that are granted to a certain child care center. The center will determine the number of seats it can maintain. Once LDE grants a set number of seats to a center, the center will then fill the seats with CCAP eligible children. LDE will agree to continuously pay for the CCAP seats as long as the child care center meets the attendance requirements of CCAP. In the event that a family removes a child from a center and a seat becomes vacant, the center will be responsible for filling the seat with another CCAP eligible child. LDE will pay for these seats through a monthly allocation.

The purpose of allocated CCAP seats is to help child care centers effectively plan for their expected enrollment, have more stable funding, and be better positioned to serve the most at-risk children in a quality setting.

BENEFITS

The purpose of allocated CCAP seats is to provide an incentive for CCAP child care centers by increasing stability and ensuring consistency of payment for CCAP seats. By knowing the number of allocated seats in advance, centers will be able to hire and retain high-quality teachers as well as decrease the amount of vacant seats, possibly eliminating waiting lists and reducing the risk of overstaffing. This provides support for improvements to quality and access as well as sustainable funding for high quality programs. **Allocated CCAP seats are also funded for the full, 12 month year.** These benefits to the center provide the additional benefit of stability and continuity for the children served.

PAYMENTS

- Centers will be paid a monthly allocation at the lowest CCAP rate of \$18.50/day (\$407/month) for three-year-olds and \$19.50/day (\$429/month) for infants and toddlers.
- Based on October 1 enrollment in allocated CCAP seats, allocated CCAP seats will be reevaluated and paid at the level that each family qualifies for. Since initial payments are based on the lowest rate, providers will only benefit from the reconciliation.
- Quality bonuses will continue to be paid for any eligible CCAP child enrolled in an allocated seat.

HOW TO APPLY

- The center must determine the number of seats it can maintain for each age group (3 year olds, toddler, and infant)
- The center must request the number of seats through the Coordinated Funding Request that is submitted by the Lead Agency.

HOW DO FAMILIES QUALIFY

Currently, households are required to pay a co-pay based on a sliding scale. The amount of assistance is based on:

- the total number of hours all household adults work, attend education or training program,
- family size
- gross income
- number of children in care
- the maximum rates paid by the state

More information about CCAP and program eligibility requirements can be found at: <http://www.louisianabelieves.com/early-childhood/child-care-assistance-program>

APPENDIX A: DIVERSE DELIVERY – QUESTIONS FOR CONSIDERATION WHEN ESTABLISHING A PARTNERSHIP

1. Who will provide compensation for the teacher and who will provide compensation for the paraprofessional?
2. Who is responsible for hiring for each position?
3. What if any transportation agreements will you establish?
4. What if any meal agreements will you establish?

Additional information can be found in the [Diverse Delivery Resource Guide](#).

APPENDIX B: PREK EXPANSION GRANT APPLICATION

These application questions must be responded to and submitted at the same time as the Coordinated Funding Request. Lead Agencies and site partners should respond to the following questions together. 6. How does the Community Network plan to recruit and enroll children for these seats?
7. How do you plan to finalize a Memorandum of Understanding between the Lead Agency and the center(s)/site(s) that clearly articulates your relationship and represents each partner's understanding of their role?
8. What obstacles or challenges do you anticipate if you are awarded PreK Expansion Grant seats?

APPENDIX C:

MAXIMIZING FUNDS FOR COORDINATED ENROLLMENT

Providing the most Louisiana children access to high-quality early childhood programs as possible requires each early childhood provider (e.g., child care, Head Start, and schools), to blend together multiple funding sources. No single funding source, and no single provider, can serve all children, so providers and communities have to maximize every available dollar to improve kindergarten readiness. The following steps will help in maximizing and blending early childhood funding.

1. **Know The Funding Options For Serving Children:** The first step is to know what funding sources can directly provide seats to at-risk children.

4. Leaders can use the short self-assessment below to evaluate whether additional steps are needed to maximize funding.

SELF-ASSESSMENT		YES (?)	NO (?)
1	Are you serving all ages of children you are eligible to serve? If not, do you need assistance expanding your offerings?		
2	Are you accessing all funding sources you can directly pull down? If not, do you need assistance learning more about how to blend multiple programs?		
3	Are you partnering with other providers to offer additional programs (e.g., child care offering LA 4 with a school)? If not, do you need assistance making contact?		
4	Are you accessing all of the support resources you can? If not, do you need assistance learning more?		

If the Community Network is not currently maximizing every program and funding source, Leaders should explore approaches such as **diverse delivery or shared services**. Leaders should also review the funding section of the **District Planning Guide**. For additional assistance, contact the Office of Early Childhood at the Louisiana Department of Education.
