Recognitions and Reports

- ★ Congratulations to Seniors Makenze Jones and Michael Rivera, who were selected from the BHS math department as Students of the Month. Math department head Rich Wilson introduced Makenze and Michael, speaking of the many areas where they shine, both inside and outside of the classroom. Makenze plans on attending McMurry University majoring in Early Childhood Education. Michael is headed to Texas A&M University where he plans on being a Physician. - ★ 2016-17 Shady Grove Elementary Readers of the Year, Eliza Patterson and Meagan Bronough were recognized at Monday's Board meeting. This award is based on a matrix designed to assign points for quality as well as quantity. Their names will join the past Readers of the Year on a statue donated by former Burnet Elementary PE Teacher Susan Collier. Meagan was unable to attend the meeting but will be presented with her certificate at the campus.
- ★ Last May, athletes Ian Carter and Sterling Galban represented BHS at the State 4-A UIL Track and Field meet in Austin. Due to conflicts with summer 7 on 7 competitions, the Board recognized these two athletes at the September meeting. Ian earned the Silver medal in 110 Hurdles and Sterling was the Bronze medalist in the 100m Dash.
- ★ Marissa Camarillo, a 6th grader at Burnet Middle School, has been selected as a Student Voices Project Recipient by the US Department of Education. In May, Marissa submitted an essay to the Department of Education identifying challenges in her life and how ACE has helped her overcome those challenges. Her essay was among 5 that were chosen from numerous essays submitted from all over the United States. Marissa was recognized at the Board meeting in honor of her accomplishments.
