

## If diagnosed with cancer, how will you pay for what your health insurance won't?

**The risk of developing cancer, unfortunately, is very real.**

Nearly everyone has experienced or knows somebody who has experienced a cancer diagnosis in their family. The good news is that cancer screenings and cancer-fighting technologies have gotten a lot better in recent years. However, with advanced technology come high costs. Major medical health insurance is a great start, but even with this essential safety net, cancer sufferers can still be hit with unexpected medical and non-medical expenses.

**Cancer coverage from Colonial Life offers the protection you need to concentrate on what is most important — your care.**

### **Features of Colonial Life's Cancer Insurance:**

1. Pays benefits to help with the cost of cancer screening and cancer treatment.
2. Provides benefits to help pay for the indirect costs associated with cancer, such as:
  - Loss of wages or salary
  - Deductibles and coinsurance
  - Travel expenses to and from treatment centers
  - Lodging and meals
  - Child care
3. Pays regardless of any other insurance you have with other insurance companies.
4. Provides a cancer screening benefit that you can use even if you are never diagnosed with cancer.
5. Benefits paid directly to you unless you specify otherwise.
6. Flexible coverage options for employees and their families.
