ALERT*ALERT***ALERT***ALERT***ALERT**

Beginning Monday, August 28, 2017, the traffic pattern for Parent Drop-off and Parent Pick-up will change at Wheat Middle School due to the construction of the new high school.

All traffic will flow in one direction. Vehicles will enter, and form two lanes, from Harlin Drive and exit onto Colonial Drive. The left lane of the two lanes is required to turn left. The right lane is required to turn right.

All scholars will exit through Doors 1,3, 4, and 5.

The back parking lot (by Door 12), currently utilized for 7th and 8th grade scholar drop-off and pick-up will be completely closed for parents. Only staff members, with approved passes, and busses are permitted to utilize this lot.

You may park in the parking lot by Door 4 for afternoon pick-up, however please realize that vehicles may also line up in the parking lot which may block you in.

Should you choose to wait on Woodard Avenue to pick up your scholar, you may do so. By doing so, you will not be held up in the two lanes of traffic nearer the school. **Please note: Park only on the school side of Woodard Avenue for scholar safety reasons.**

Bus service is offered to scholars living two or more miles from the campus they are required to attend. This may be an option you wish to consider, should you meet the mileage criteria. To register your scholar, or for more information, please contact call the CISD Transportation Department at 817-202-2190.

Thank you in advance for your patience as CISD prepares the high school for your scholars to attend the NEW campus for their high school career.
