

## Teacher Reports

There are several Teacher Reports available within the Teacher Gradebook.

- **GRD > Teacher Gradebook > Reports**

### **My Alpha Grade Distribution Report**

The My Alpha Grade Distribution Report displays the posted Alpha Grade Term Scores of students in a Teacher Gradebook. An option to use the Running Average instead of the Posted Grade is available.

### **My Assignment Compliance Report**

The My Assignment Compliance Report displays a section's assignments and/or sections with no assignments given.

### **My Assignment Type Averages Report**

The My Assignment Type Averages Report displays the Assignment Type averages of students in a Teacher Gradebook. It will also display any dropped grades within an Assignment Type.

### **My Collections Report**

The My Collections Report will generate a grid containing user defined columns with no data in them. This report can be printed and used to collect data manually.

### **My Conduct Grade Report**

The My Conduct Grade Report displays the Conduct Grades assigned by teachers in the Teacher Gradebook..

### **My Daily Grades Report**

The My Daily Grades Report displays the daily grades of students in a Teacher Gradebook. It can also display grades assigned as I, NG, X, XPE, XAW, and NM.

### **My Grade Verification Report**

The My Grade Verification Report displays a list of all student Term Averages. The report may display Term Exams. The report may be displayed in the form of a Grade Collection Report.

**My Gradebook Access Report**

The My Gradebook Access Report displays a list of names to which Gradebook Access rights have been granted. It also displays the Level(s) of right as well as the Gradebook to whom the rights are given.

**My Gradebook Monitor Report**

The My Gradebook Monitor Report displays Assignments that have not been updated in a Teacher Gradebook. It will also display Term Scores that have not been posted in a Teacher Gradebook.

**My Grading Template Assignments Report**

My Grading Templates Assignment Report displays the Grading Template assigned and/or defaulted to each Section and Course in a Teacher Gradebook.

**My Homework Report**

The My Homework Report displays Homework entered by teachers in the Teacher Gradebook. It will also display Sections with No Homework entered in the Teacher Gradebook.

**My Missing Term Score Report**

The My Missing Term Score Report displays students that are missing Term Scores. An option to display Missing Term Exams is also available.

**My No Eligible Grade Report**

The My No Eligible Grade Report displays students by section that have ineligible daily grades for a given Schedule Term or Date Range. Ineligible daily grades include X, XPE, XAW, or NM.

**My Numeric Grade Distribution Report**

The My Numeric Grade Distribution Report displays the posted Numeric Grade Term Scores of students in a Teacher Gradebook. An option to use the Running Average instead of the Posted Grade is available.

**My Progress Report**

The My Progress Report displays individual reports on student progress within a Schedule Term listing their Term Score. An option to use the Running Average instead of the Posted Grade is available. Utilities are available to display Course, Student, Term Score, Assignment, Attendance, and Discipline options.

**My Teacher Attendance Report**

The My Teacher Attendance Report displays student attendance entered in the Teacher Gradebook.

**My Term Score Detail Report**

The My Term Score Detail Report displays, both alphabetically and numerically, student Term Scores that are posted for courses. The report will also display Overridden Grades. An option to use the Running Average instead of the Posted Grade is available.

**My Term Score Failure Report**

The My Term Score Failure Report displays, both alphabetically and numerically, student failing Term Scores. An option to use the Running Average instead of the Posted Grade is available.

**My Transferred Students' Daily Grades Report**

The My Transferred Students' Daily Grades Report displays Assignments and Daily Grades for the newly assigned teacher of those students whose course(s) have been transferred either within a school or within the same school district. In order for the grades to display on this report for a student transferring to another class(es) within the school, the Student Schedule Maintenance utility must be used for the transfer of class(es) within the school. For students transferring within the same school district, the grades will automatically be displayed on this report for the newly enrolling school.

**Print My Gradebook**

The Print My Gradebook Report displays the Student page in the Teacher Gradebook. Displayed are Student Names, Grade Levels, Assignments, and Assignment Scores.
