School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

Yorbita has approximately 477 students. The student population consists of the following: 91% in the Hispanic subgroup, 1% in the Asian subgroup, 1.5% in the African-American subgroup, 4% in the Filipino subgroup; and 1.5% in the Caucasian subgroup. Of Yorbita's total enrollment, approximate 48% of the students are English Learners and 4% of students have been reclassified from limited English proficient to fluent English proficient. There are nineteen regular education classrooms. We also have a Resource Specialist Teacher, a Speech and Language Pathologist, primary Special Day Class and an upper grade Special Day Class. To work with our students who need further interventions, we have a Teacher on Special Assignment (TOSA). To care for our students, Yorbita is equipped with either a school nurse or nurse's aide 5 days per week. Yorbita School hosts other after school programs on our campus to provide either enrichment or childcare. They are Options Headstart for pre-school aged children, Options Surround Care for students in Kindergarten through sixth grade, and Options Enrichment for students in first through sixth grade.

We provide tier 2 interventions such as iRead, Compass Learning, and Read Naturally in Kindergarten to sixth grade to our students who require extra support. In addition, GATE after-school enrichment classes and Art classes are available for students in Yorbita's GATE program.

Yorbita has various programs and resources to offer our students. We have two fully-equipped Mac computer labs for students to learn how to research, develop computer skills, and take tests online. Yorbita has an Ambassador program for students in grades 4-6 who want to be leaders and role models for the school. We have 16 students identified in the GATE program and these students participate in GATE projects, enrichment classes, and field trips. Yorbita has a Show Choir who performs during the December holiday season and act in a Spring play. There are strings and instrumental music classes offered to our students in grades 4-6 and general music classes offered to all students in grades 1-6. Our after school sports program, which includes softball, basketball, and soccer is coached by Yorbita teachers. We provide a hip-hop dance class to students in grades 5 and 6. We are aware of our surrounding community and also provide Baile Folklorico classes to our students. Yorbita works with Rowland Unified School District's Family Resource Center to offer counseling services to our families if needed.

We believe in recognizing student achievement and celebrating our students. Students have various ways to earn recognition in the form of medals, celebrations, and/or certificates. We recognize our students monthly with the Cheetah Awards. Two students from each class are recognized for their academic achievement. At the end of each trimester, Yorbita acknowledges those students on Honor Roll and Principal's Honor Roll. Yorbita offers an Accelerated Reader incentive for students in grades 1-6 and a 100-word challenge for our students in Kindergarten. We also offer a monthly incentive pizza party to two classes with the best attendance. In addition, incentives are offered during the Winter and Spring for students in any class who have no tardies, absences, or early releases. We also celebrate the success of our English Language Learners as they become Fluent English Proficient. A ceremony and certificate are provided for students who were reclassified based on language development using the California English Language Development Test (CELDT) as the indicator.

At Yorbita, we believe...

- ...Diversity is important
- ...In equality and equity
- ...In respect for all members of our community: students, staff, and parents
- ...It is a collective responsibility to serve all students
- ...That how we do our work is as important as what we do
- ...We are powerful and can accomplish more as a community than as individuals
- ...In courageous conversations and holding each other accountable
- ...That a common focus on teaching and learning will improve student achievement
- ...If we bring passion to our work we can ignite a passion for learning in our students
- ...Although we may stumble, we will keep going, offering each other encouragement and support
- ...Open, honest reflection of our work as a school and individually will better serve ALL our students

...Every child deserves an opportunity to achieve his/her dreams

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district's core values of safety and excellence are manifested in our commitment to provide the best maintained and cleanest facilities possible.

School site inspections are conducted on a regular basis to assess cleanliness and safety at all district sites.

Work associated with the district's measure R 2006 bond program is near completion. During the 2014-2015 school year, extensive renovations took place at many of our district schools. These renovations included:

- New casework in classrooms
- Replacement of underground infrastructure
- Upgrades to landscaping
- Removal of unsafe concrete walks and installation of new ones
- Electrical upgrades
- New intercom systems
- New door hardware for enhanced security

Regular pest control operations including pesticide applications are ongoing. All such work is performed in strict accordance with applicable regulations.

Ongoing assessment of site cleanliness is performed by the district's facilities and custodial manager. This process includes evaluation of new cleaning products, equipment, and procedures.

Maintenance work is timely, with health, life, and safety issues taking the highest priority.

Accommodations made for new testing assessment centers for common core.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2015-16)

Grade Level	Percent of Students Meeting Fitness Standards

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Contact Person: Sylvia Cadena (626)964-3486

As their children's first and most important teachers, parents are involved and supported as participants in home-learning activities, including supervising assigned homework, daily reading, and family discussions that reinforce or enrich children's classroom learning. Parents are invited to support their children by attending parent conferences and workshops, student performances,

parent meetings or events, assemblies, and sports events. Programs and opportunities for parent involvement include:

- Morning Break Club meets weekly, giving parents a structured time to meet with our community liaison (Elizabeth Flores) to discuss school programs, services, and activities. Speakers are called upon to provide guidance and education on various topics.
- Yorbita PTA: Our Parent Teacher Association is dedicated to promoting our students' well-being and personal success through strong parent, family, and community involvement, sponsored activities and fundraising. Our PTA brings into closer relation of the home and the school as Yorbita parents and teachers cooperate to ensure a goal of a quality education and a nurturing environment for every Yorbita child.
- School Site Council, English Learner Advisory Committee, GATE Parent Advisory Committee: The school site council and advisory committees play an important role in decision-making, providing input on goals of the school and evaluating the school's progress toward those goals.
- FOR US Foundation: The FOR US Foundation is a non-profit educational foundation that raises fund for RUSD schools. Each year, funds are provided for teacher grants for innovative classroom projects, field trips and academic enrichment activities.
- Site-based Decision-making: Many schools use site-based decision-making to determine the best allocation of resources. To volunteer, contact your local school.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2016-17)

Once again, the California Department of Education's Safe Schools Assessment Program has designated Rowland Unified as among the safest school districts in the East San Gabriel Valley. As one of the district's core values, student and staff safety is kept in the forefront of all decision-making.

Yorbita's Safety Plan was reviewed, updated and discussed with school faculty, and school advisory boards and councils in the fall of 2015 and approved by the district governing board in February 2016.

In addition to maintaining closed campuses that are secured with fencing, schools are carefully monitored by campus police officers - before, during and after school. An up-to-date phone system, fire alarm, intercom and other communications systems have been installed at all schools.

The phone system gives teachers the ability to make outside calls to parents, and emergency support services when needed.

Check-in procedures, combined with one-way access through the school office, limit the number of visitors on campus. A parent sign-in and sign-out procedure assures student safety.

Our commitment to safety is further evidenced by:

- Strong partnerships with law enforcement agencies through Operation Safe Community.
- Ongoing training and practice drills keep staff attuned to crisis warning signs.
- Specially trained canine units - that can detect even the minutest traces of drugs, gunpowder, and other illegal substances - regularly inspect classrooms, desks and lockers to deter students from negative activity.
- Campus peace officers patrol schools and District facilities before, during and after school at all school and/or District-sponsored events.
- All campuses are closed; security fencing ensures students are safe and secure on school grounds. Check-in procedures, combined with one-way access through the school office, limit the number of visitors on campus.
- School site safety plans safeguard the well being of students and staff. All schools maintain safety plans and conduct routine safety drills and maintain emergency supplies for students and staff. In October of every school year, we conduct a mock disaster drill at the site level, as well as a mock disaster drill at the district level. Concurrent with this October drill is the update and discussion of safety plan with all staff, students, and stake-holders. A disaster preparedness guide is provided for each teacher and includes information on fire drills, earthquakes, and other emergencies, including school evacuations.
- New phone, fire alarm, intercom and other communications systems have been installed at all schools. The new phones allow teachers to call outside numbers - including 911 - in the event of an emergency.
- Strictly enforced dress code policies keep students focused on the business of learning.
- Thanks to the passage of Measure R, a \$70 million general obligation bond, the district will continue to invest in safety improvements on all campuses. Modernization efforts include the removal of asbestos, the addition of exterior safety lighting, the replacement of fencing, the installation of new communications systems, and the installation of security cameras.

Types of Services Funded (Fiscal Year 2015-16)

The Rowland Unified School District promotes, expects, and accepts nothing short of excellence. We have a collective commitment to be the best school district in California and provide comprehensive, well-rounded, and rigorous educational experiences to all students, which are supported by engaging teaching strategies.

These include but are not limited to the following:

Gifted and Talented Education - Students who are identified as gifted and talented are provided with academic enrichment activities and classroom work as well as differentiated instruction and leadership development. In addition, the district hosts special GATE parent education sessions and educational field trips.

Advanced Placement classes - a variety of arts-related activities, honor societies, after school clubs, academic competitions, and Certificate Programs are among the offerings available for high school students. International Baccalaureate - Rowland Unified School District now has over 500 students enrolled in the IB program.

Last year many students from Rowland and Nogales High Schools completed the requirements and had the honor of being RUSD IB diploma graduates.

Family Resource Center (FRC) - The FRC provides an array of social services such as parent education, provider education, and parent and child interactive programs, along with health and support services.

6th Grade Algebra - This program, which earned a California School Board Golden Bell Award, readies students for advanced math in intermediate and high school. Algebra is a graduation requirement. Students who take Algebra early have the flexibility in their schedule to take more Advanced Placement (AP) and/or International Baccalaureate (IB) courses when in high school.

Transitional Kindergarten - Transitional kindergarten allows for pre-kindergarten age students to receive instruction in a classroom that is commensurate with their age and ability level.

Technology - Access to technology is woven into the curriculum, and the graduation requirements. Most classrooms have computer stations, as well as other technology that supports classroom learning. Structured computer lab time ensures that students are well-versed and practiced in using today's technology for homework, classroom projects, and research.

M.I.N.D. Institute - A research-based K-4 math literacy program that integrates music (electronic keyboard instruction) and math video games to teach complex, abstract math concepts.

Advancement Via Individual Determination (AVID) - a college preparatory program that holds students accountable to the highest standards and provides academic and social support. AVID brings research-based curriculum and strategies to students each day that develop critical thinking, literacy, and math skills across all content areas.

Community Day School - Small class sizes enable teachers in RUSD's three Community Day School classrooms to provide personalized instruction to students, in grades 7 through 12, who have discipline/attendance problems. This class format enables students to improve their grades, make up credits, and improve their school attendance and return to their home school.

Summer School Programs for students at the Elementary and Secondary levels.

Supplemental educational services (SES) were provided under a school's federal accountability PI status. Additional academic instruction was provided outside of the regular school day and designed to increase the academic achievement of students attending these schools.

Professional Development (Most Recent Three Years)

The Rowland Unified School District’s major areas of focus for professional development are the District’s Essential Priorities for Teaching and Learning: Strengthen Best First Instruction and RTI 2, Implement Districtwide Agreements about Efficacious Instruction, Build Cultural Proficiency Across the System to Foster and Sustain Literacy Improvement for Whole Systems Change. The major professional development initiatives include focusing on 21st century skills as the overarching premise while developing the following:

- Unpacking the Next Generation Science Standards
- Defining First Best Instruction through the RUSD Framework for Efficacious Instruction and training on skills-based and inquiry-based models
- Integrating Technology into Instruction Reflecting on and Improving Practice through Instructional Rounds
- Providing New Teacher Support
- Implementing Literacy Interventions of iRead and System 44 Expanding Advancement Via Individual Determination Program training

The professional learning described includes processes and structures to promote organizational learning and connectedness. Instructional coaches support TK-12 teachers, site teams, and site leadership with modeling of lessons, supporting through the coaching cycle, planning lessons, reflecting on lessons after delivery, lesson design, and incorporating best practices and research based effective learning strategies.
