Why take Personal Communications?

PC is a great class because you learn how to work with a team in order to accomplish a goal and how communication actually works. Also, you get to help plan and run a charity event which is an amazing experience.

-Dan Schroeder

Take PC because you develop close relationships with your classmates; it's another family. 😊

-Cassidy Dawson

PC helps the way you work in groups and develops your teamwork skills- things that you will always use.

-Bryce Allain

PC gets you out of your comfort zone - you play communication games that Mrs. Clark unexpectedly ties to everyday life!

-Vanessa Selimagic

When I signed up for the class I just thought it would be easy-- by the end of the semester I wished I had more time. As the semester grew I got so close to classmates that I had never met before. This class taught me that school can be so much more than just learning from a textbook.

-Jack Kotas
