## PROGRAM DESCRIPTIONS:

<p><u>Homework Club</u>- is a relaxing and supportive environment where students can study with friends or get help with any work or test they might have from our staff. This club is offered daily, Monday-Friday.</p>	<p><u>Cooking Club</u>- is a fun experience for all students that enjoy baking. You'll get the opportunity to make a variety of desserts from ones you've had before, to new ones! Students can bring any leftover baked goods home to share with family!</p>
<p><u>Indoor-Outdoor</u>- If you have a lot of energy at the end of the school day, this club is for you!! Join in the fun playing a variety of active games from dodgeball to basketball! This club is offered daily, Monday-Friday.</p>	<p><u>Gymnastics</u>- This quarter students will focus on fundamental moment patterns and incorporate students of all ages and abilities. No prior instruction in gymnastics is necessary.</p>
<p><u>Creative Minds</u>- Students will design unique crafts using a multitude of supplies provided each week. They will be given the opportunity to use their minds to create a craft and bring home to their family.</p>	<p><u>Art Club</u>- gives students a chance to enjoy some relaxing time with Rebecca Bennett while making a variety of different projects they can take home. This club is always fun and exciting because you make something different every week!</p>
<p><u>Math Club</u> - This club will help foster a love for mathematics and problem solving. Join Mr. Heart every Friday for fun math games or get help with any math work you might have.</p>	<p><u>Fitness Club</u>- Students will be guided by Paul Ladd on the proper way to use the bikes, treadmill, and rowing machine. Students can follow a weekly exercise routine created by Paul while having access to our state-of-the-art equipment.</p>
